TRANSITION TO
Excellence

The Islamia University of Bahawalpur, Pakistan

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Message of the Chairperson, IUB Publication Committee

The Islamia University of Bahawalpur (IUB), founded in 1925 as Jamia Abbasia by His Highness Nawab Sir Sadiq Muhammad Khan Abbasi (V), has long been a pillar of academic excellence and intellectual development. It has played a key role in preserving Bahawalpur's cultural heritage while embracing modern higher education. The University's commitment to academic rigor is reflected in its diverse programs, which foster specialized expertise across multiple disciplines. IUB provides an intellectually dynamic environment that supports both learning and research, equipping students and scholars with the knowledge and skills needed to thrive in today's interconnected and rapidly changing world.

IUB is dedicated to delivering high-quality education and research opportunities, blending traditional teaching methods with innovative online platforms. This approach ensures that the University meets international academic standards while fostering the growth of globally-minded citizens capable of navigating the complexities of a rapidly evolving world. The University emphasizes not only academic success but also the cultivation of critical thinking, creativity, and innovation, empowering students to engage with diverse perspectives and tackle contemporary global challenges. Through its extensive range of academic programs, IUB promotes interdisciplinary collaboration, encouraging students, faculty, and external partners to address pressing societal issues. This cross-disciplinary approach enriches the academic experience, creating an environment where research intersects with real-world needs. The University's educational philosophy integrates theoretical knowledge with practical application, ensuring that its graduates are not only skilled professionals but also socially responsible individuals, ready to make meaningful contributions to their communities.

IUB's commitment to academic excellence is further demonstrated through its strategic partnerships with national and international institutions, which enrich its academic ecosystem. The University continually strives to enhance its offerings, fostering an environment that supports intellectual and personal growth. This overview reflects IUB's ongoing dedication to providing an education that is both academically rigorous and socially relevant. As a unique blend of tradition and innovation, IUB plays a key role in shaping the future of higher education in the region.

IUB's transformative educational approach inspires and prepares students for success in both their academic endeavors and professional careers. The University offers a wide range of opportunities for you to explore, innovate, and excel in today's rapidly changing world. Our curriculum is thoughtfully designed to provide the forward-thinking experiences necessary for you to thrive and make a lasting impact in your chosen field. I warmly invite you to join our vibrant and dynamic community in any capacity. Together, let us continue to uphold the values of excellence, integrity, and service that drive us toward a brighter future. I extend my sincere gratitude to everyone involved in the development of this publication, especially Prof. Dr. Muhammad Kamran, Vice Chancellor of IUB, for his support and guidance.

With best wishes for your success and bright future ahead,

Professor Dr. Rubina Bhatti

Words from the Founder of Pakistan

"My young friends, I look forward to you as the real makers of Pakistan, do not be exploited and do not be misled. Create amongst yourselves complete unity and solidarity. Set an example of what youth can do. Your main occupation should be in fairness to yourself, to your parents, in fairness to the State, to devote your attention to your studies. If you fritter away your energies now, you will always regret. Pakistan is proud of its youth, particularly the students, who are nation builders of tomorrow. They must fully equip themselves by discipline, education, and training for the arduous task lying ahead of them.

I particularly appeal to our intelligentsia and students to come forward and rise to the occasion. You have performed wonders in the past. You are still capable of repeating the history. You are not lacking in the great qualities and virtues in comparison with the other nations. Only you have to be fully conscious of that fact and to act with courage, faith and unity."

Quaid-e-Azam Muhammad Ali Jinnah
Delhi March 23, 1943

Message of the Chancellor

Bahawalpur has long been renowned for its captivating desert, majestic palaces, rich libraries, and prestigious educational institutions. It has consistently played a vital role in nation-building. The academic institutions of Bahawalpur have nurtured exceptional academicians, poets, writers, athletes, and scientists who have earned national and international acclaim. Chief among these institutions is The Islamia University of Bahawalpur (IUB), which has always made commendable contributions to the spread of education and knowledge across Pakistan, from the serene valleys of Baltistan to the vast plains of Sindh, and from the majestic peaks of Kashmir to the arid landscapes of Balochistan.

The new academic session of this esteemed institution in Southern Punjab has begun. The Islamia University of Bahawalpur is a remarkable gift to the region, illuminating generations with the light of education. Its unique location, bordered by the desert on one side and the river on the other, adds to its charm, reflecting the vibrant and jubilant culture of the local population. The Punjab Government remains committed to improving education and research standards across the province, with a special focus on development in this area.

The Islamia University of Bahawalpur is working tirelessly to provide quality education and foster a research-based economy in the region. Its ambitious progress promises to elevate it to international academic and research excellence standards. The university's faculties are becoming increasingly competitive, adapting to contemporary challenges, and focusing on strengthening human resources—the core mission of higher education institutions.

I pray that IUB, as one of the country's premier institutions, continues to uphold its legacy and soar to new heights, becoming a global center of knowledge and learning.

Sardar Saleem Haider Khan
Governor of the Punjab / Chancellor

Message of the Chief Minister Punjab

Universities are our prime instrument for understanding human problems and potentials, and therefore must play their due role in society. Both for our students and for the society we live in, universities must offer market-focused products with intellectual superiority and uplift capability. The fast-developing infrastructure in Pakistan is supporting academic prowess with research excellence, forming the basis of our academic activities. With globalization of higher education, fueled by burgeoning demand of economic wealth and cultural aspiration, our universities are poised to expand their operations to become truly standard universities.

The promotion of education is among the top-most priorities and the government is focusing on developing education sector, specially the higher education. The universities in the Punjab are benefiting from various students welfare schemes launched by both the federal and provincial governments.

I am extremely delighted at the progress made by the Islamia University of Bahawalpur during recent years. For a promising future, one certainly needs to develop a scholarly aptitude by participating in every intellectual bustle during the golden learning phase of his university life. The administration and academic staff are playing a vital role in streamlining the spirit of creativity and quality of communication among the students of the university. In this way, students are achieving excellence in their professional career. I am confident that the students of the Islamia University of Bahawalpur will develop their individual identity by setting glorious traditions of creativity, illumination and intellect in different walks of life.

I appreciate all endeavors of the Islamia University towards academic excellence as University has been ranked at 9th position for quality education by the Times Higher Education and the credit goes to the leadership and the entire teaching faculty. My continued good wishes for the IUB to attain hall mark of excellence in higher education.

Maryam Nawaz Sharif
Chief Minister Punjab

Message of the Federal Minister for Education

Education is a potent force for social, economic, and cultural transformation, essential for achieving national goals. Our education system must enhance national productivity, foster social and national integration, drive modernization, and instill social, moral, and spiritual values. I am deeply committed to these values and support educational development in line with contemporary needs. I closely observe and aspire for overall educational progress in the country without any disparities.

Improving grassroots education will strengthen our higher education system and associated science and technologies. Our goal is to create linkages and synergy between academia and the corporate world, feeding into the global knowledge industry.

I am pleased to note that the Islamia University of Bahawalpur has recently advanced from 16th to 9th place in national quality education rankings, according to the Times Higher Education in just three years. I am confident that the university will continue its rich tradition of providing higher education in various disciplines. We remain committed to supporting this historic institution on its journey of academic excellence and research achievements.

Dr. Khalid Maqbool Siddiqui
Federal Minister for Education

Message of the Minister Higher Education Punjab/Pro Chancellor

History shows that nations and societies that focused on education and knowledge achieved glory and excellence. The first divine revelation to our Holy Prophet (PBUH) highlights the magnificence of knowledge and pen. However, Muslims strayed from these radiant teachings, and others adopted our path, leaving us behind in learning. To reclaim past glory and progress, we must follow the path of righteousness ordained by Allah in the Holy Quran.

The Government of Punjab is striving for academic development across all fields. I sincerely wish for universities to join me in this educational mission. Educational activities must be transparent, and universities should be hubs of research to address our indigenous issues.

The Islamia University of Bahawalpur, situated at the crossroads of ancient and modern knowledge, must play its significant role in national development, addressing both general and specific national issues and resources. It is promising that, with Allah's blessings, IUB is steadily advancing in academic and research development.

Rana Sikandar Hayat
Minister Higher Education/Pro Chancellor

Message of the Vice Chancellor

Education not only imparts knowledge and skills but also inspires young minds to be creative and innovative, contributing to the country's future development. The rapidly changing world and international competition urge academicians to encourage lifelong learning. Educational institutions guarantee multi-dimensional development and advancement of any nation, catering to socio-economic needs and promoting culture and civilization.

At the Islamia University of Bahawalpur, we combine academic excellence with national goals. We shape both the minds and characters of students to become successful professionals, leaders, and service providers. Our strategy focuses on human capital quality and productive research across four priorities: academic excellence, financial discipline, infrastructural development, and research benefiting people and the country. The University has significantly improved its national and international rankings, moving from 16th to 9th in the recent Times Higher Education impact ranking.

Our serene and secure campuses feature modern infrastructure, state-of-the-art laboratories, a high-speed computer network, an electronic library, and well-connected hostels with a large transport fleet. As the new academic year begins, I welcome all who choose to associate their future with IUB. The university offers excellent faculty, a flexible and up-to-date curriculum, and a unified academic calendar ensuring a congenial learning environment. In the past three years, we have recruited hundreds of faculty members and made several professional appointments. Government funding for development projects, scholarships, and student incentives positively endorses our continued progress towards being one of Pakistan's top academic institutions. We are aware of the immediate and long-term challenges ahead. Our immediate goal is to remain competitive in education quality, attracting students, staff, and resources. Together, we will continue striving to achieve these strategic goals.

Prof. Dr. Muhammad Kamran
Vice Chancellor

VISION

To become a world-class university with a global outlook and be a catalyst for socioeconomic transformation of the region

MISSION

To produce human and intellectual capital of high socioeconomic value through conduct of top quality academic and research programs and establishing as well as sustaining, an environment conducive to teaching, research, innovation, service and community engagement activities.

Syed Tabish Alwari Building, Baghdad ul Jadeed Campus

THE IUB

The Islamia University of Bahawalpur (IUB), a public sector institution in Bahawalpur, Pakistan, traces its origins to 1925 when His Highness Nawab Sir Sadiq Muhammad Khan Abbasi- V established Jamia Abbasia. It was upgraded to Jamia Islamia in 1963, and in 1975, it became a chartered university named “The Islamia University of Bahawalpur” through the Provincial Assembly of Punjab under “The Islamia University of Bahawalpur Act 1975”.

IUB operates seven campuses; Abbasia Campus, Baghdad-ul-Jadeed Campus, and Khawaja Fareed Campus in Bahawalpur, with sub-campuses in Ahmed Pur East, Bahawalnagar, Liaquat Pur, and Rahim Yar Khan. Recently, the number of faculties increased from 7 to 15, and the departments from 48 to 142, offering over 300 disciplines to approximately 65,000 students. Around 1,400 teachers, including 830 PhDs, provide high-quality education across various fields such as Allied Health Sciences, Agriculture, Aviation, Business Administration, Computing, Education, Engineering, Fine Arts, Information Technology, Law, Nursing, Pharmacy, Sports, and Veterinary Sciences. The university’s leadership is committed to academic excellence, engaging dedicated faculty members to achieve this goal.

Gulzar Palace

BAHAWALPUR-CITY OF PALACES

Bahawalpur, situated in Punjab, is the twelfth largest city in Pakistan. Once the capital of the former princely state of Bahawalpur, it now serves as the District and Divisional Headquarters of Bahawalpur Division. Founded by Nawab Bahawal Khan in 1748 and incorporated as a municipality in 1874, Bahawalpur lies in the ancient Hakra Valley civilization area, bordered by the River Sutluj, Indus, and the Cholistan Desert. The region features expansive dunes and is known for its famous palaces, ancient forts, and one of Pakistan's few natural safari parks, Lal Suhanra National Park. Bahawalpur's strong sense of community fosters a friendly and safe living environment, known for its educational institutions, majestic palaces, grand forts, and vibrant festivals. The city's warm hospitality and unique landscape quickly make new students feel at home, blending lush greenery with desert biodiversity.

A View of Main Cafeteria

The background is a vibrant green color filled with a dense pattern of small, light-green icons. These icons represent various fields of study and professional activities, including science (microscope, atom, gear), education (graduation cap, book, pencil), business (briefcase, bar chart, pie chart), and general productivity (clock, magnifying glass, lightbulb). A thick white border with a stepped, geometric design frames the central text area.

Faculty of Agriculture and Environment

DEAN'S MESSAGE

On behalf of my faculty, staff and students, I am honored to welcome you to one of the best Agricultural Institutions of Pakistan i.e. Faculty of Agriculture and Environment, The Islamia University of Bahawalpur, where you can have the opportunity to learn about agriculture in state-of-the-art laboratories in the guidance of highly trained and experienced mentors in a congenial and friendly environment.

We have excellent, exquisite and market-oriented programs at all levels, a continually growing issue-based research reputation, a wonderful, energetic and charismatic faculty that continues to build proficient human resource in the field of Agriculture. The Faculty has the resolute and tenacity to fulfill the food requirements of our nation on sustained basis, protecting human and environmental health from degradation, stewarding our agricultural resources and enriching the lives of youth and families. As the future is built through assurance and contribution of young people, therefore commitment of our faculty and staff has contributed immensely to the faculty's enviable reputation.

Faculty of Agriculture and Environment has several notable alumni who are serving in national/international corporations, government institutions and academia. Strong focus is laid on academic excellence by ensuring outcome-based education coupled with the co-curricular activities which help in grooming young graduates into adept professionals.

I look forward to welcome you to our faculty.

Tanveer Hussain Turrabi
Dean

Imran Khalid, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Agriculture Extension

Department of Agriculture Extension

Department of Agriculture Extension is recently approved department of the Faculty of Agriculture and Environment (UA&E). At present department is offering BSc (Hons) Agriculture Science Major Agriculture Extension. The goal of the Department of Agriculture Extension is to educate the farming community about the new agricultural technologies and their adoption, indicate the bottlenecks in the adoption process and finding their solutions. Moreover, Agriculture Extension act as a bridge for technology transfer between research institutions and the farming community. The objectives of the Department of Agriculture Extension may include the leadership development, application of extension methods in agriculture, uplift the living standards of the farming community, elevate poverty through sustainable development, conserving biodiversity, agricultural technology transfer, advisory services for respondents, human resource development in agriculture through educational and awareness programs.

Department of Agronomy

Department of Agronomy is one of the most thriving and flourishing departments of the faculty of Agriculture and Environment, the Islamia University of Bahawalpur. The department is focusing on a wide range of research areas such as irrigation management, physiological aspects of crops, drought related studies, plant nutrition, evaluating the performance of exotic food species in South Punjab, microbial studies for enrichment of soils and weed management to name a few. All agricultural studies revolve around agronomy. Agronomy, like agriculture, is an integrated and applied element of several pure scientific fields. It offers advice to farmers, NGOs and the relevant agro-based businesses as well as short-term training to farmers and in-service agri-personnel on the newest innovations in the area for improved resource management and crop yield sustainability in a changing environment. We empower students in the department of Agronomy to foster ideas, explore new possibilities and get the skills needed to feed and enhance the living standard of a rising global population.

Muhammad Aown Sammar Raza, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Agronomy
- ✦ MSc (Hons) Agriculture-Agronomy
- ✦ PhD Agronomy

Muhammad Anjum Aqueel, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Entomology
- ✦ MSc (Hons) Agriculture-Entomology
- ✦ PhD Entomology

Department of Entomology

Department of Entomology focuses on wide range of research areas such as integrated Pest Management, Insect Molecular Biology, Insect Behavior, Systematic and Biodiversity, Apiculture, Toxicology, Biological Control, Urban Insect Pests Control and Stored Grain Insect Pest Management under the highly qualified PhD Faculty. Faculty is prolific regarding publication of their research findings in highly cited journals of Entomology. Department enjoys several important research projects funded by HEC, PARC and ORIC. The main emphasis is given to the farmer-oriented problems regarding insect pests infestation of different crops through strong external linkages with agricultural research and extension institutes. We aim to produce graduates with entomological skills who are capable to contribute in the development of agriculture of the South Punjab. Graduates of this department are serving in the leading government institutes as well as in private sector.

Department of Food Science and Technology

We provide a workforce capable of ensuring food security, food safety, and nutrition. The faculty members teach through industry-oriented approach and is offering degree programs approved by HEC. The focus of research is on nutrition, microbiology, biotechnology, and safety. Our graduate and postgraduate students work in Pakistan and abroad in Government Departments, Research Organizations, Teaching Institution, Airlines, Armed Forces, TEVTA, Nutrition Departments/Hospitals, Food Industry, Punjab Food Authority, Atomic Energy Commission, NIAB, NIBGI, NIFA, AARI, Food Certification Organizations and in many other agencies.

Zulfiqar Ahmad, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Food Science and Technology
- ✦ BSc (Hons) Agriculture-Food Science and Technology
- ✦ MSc (Hons) Food Science and Technology
- ✦ PhD Food Science and Technology

Tanveer Hussain Turrabi, PhD
Professor & Director

PROGRAMMES

- ✦ BS Forestry
- ✦ BSc (Hons) Agriculture Major Forestry
- ✦ MSc (Hons) Forestry
- ✦ MPhil Forestry
- ✦ MPhil Wildlife
- ✦ PhD Forestry
- ✦ PhD Wildlife

Institute of Forest Sciences

The major focus of Forestry, Range and Wildlife Management is to ensure sustainable flow of wood and non-wood forest products and service while at the same time ensuring protection and maintenance of biodiversity for the benefit of the present and future generations through active participation of all stake holders. We aim to enhance the quantitative and qualitative contributions of the sector towards the nation's socio-economic development in a sustainable manner. We undertake significant, innovative research, and promote an interdisciplinary environment that attracts world-class scholars and graduate students. The mission of the Institute of Forestry Science is to provide science-based research, instruction, and extension that supports forest, range and wildlife conservation and management in an ecologically, economically, and socially sustainable fashion. Graduates got job opportunity in Ministry of Climate Change, Provincial Forest and Wildlife Departments as well as in different national and international NGOs working on conservation of flora and fauna in Pakistan. The Department has a mandate to carry out both teaching and research to address the problems of land degradation, habitat destruction with special emphasis on problems of rangeland degradation, deforestation and proper management of natural resources of arid and semi-arid regions of the country.

Department of Horticultural Sciences

Department of Horticultural Sciences (DHS) was emanated under the umbrella of Faculty of Agriculture & Environment. The department is focusing on a wide range of research areas such as high and ultra-high density orchard management (small tree system,) drip irrigation system, hydroponic horticulture, fruit and ornamental plant nurseries operation, essential oil extraction, high tech green-house production of ornamental crops and vegetable seed production under field and protected environment; conservation of pomegranate, citrus, date palm, grapes and rose germ plasm. The main emphasis is given to the farmer-oriented problems regarding orchard management and post-harvest technology. Plantation and Landscaping of Baghdad-Ul-Jadeed campus is also being done by the department. Under water scarcity scenario, the department has decided to move irrigation of whole campus plantation to sprinklers for fresh water saving. DHS has well established laboratories including. Plant Tissue Culture Lab, General Horticulture Lab, Horticulture Biotechnology Lab, Landscape Studio, Mushroom Production House and vegetable screening and packaging unit.

Muhammad Nafees, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Horticulture
- ✦ BSc (Hons) Agriculture / BS Seed Science & Technology
- ✦ MSc (Hons) Agriculture-Horticulture
- ✦ MSc (Hons) Agriculture / MS Postharvest Science and Technology
- ✦ PhD Horticulture

Muhammad Naeem, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Plant Breeding and Genetics
- ✦ MSc (Hons) Agriculture-Plant Breeding and Genetics
- ✦ PhD Plant Breeding and Genetics

Department of Plant Breeding and Genetics

Department of Plant Breeding and Genetics was established in 2012. The purpose of this department is to produce graduates who are capable to contribute in the development of agricultural sector of Pakistan by improving and developing different crop cultivars. Department has developed three approved cotton varieties IUB-222, MM-58 and IUB-13. Our goal is to develop strategies to promote plant breeding education opportunities and experiences, fostering future workforce development for public and private global plant breeding. In future, we aim to strengthen the productivity of field crops in Pakistan by improving their genetic constitution.

Department of Plant Pathology

Department of Plant Pathology is working under the umbrella of Faculty of Agriculture & Environment. Department of Plant Pathology offers the most comprehensive plant pathology programs in the country. The department of Plant Pathology has highly equipped laboratories for advance research. Our faculty is involved in a wide range of research activities including Conventional, Molecular, Biological, Epidemiological, and Biotechnological research on diverse groups of microbes that threatens the sustainability and profitability of numerous economically important horticultural, field crops, range and forest. The protection of plants from destructive diseases and ensuring plant health by using environmental friendly and sustainable strategies are some of the core strengths of our department. The faculty of Department of Plant Pathology is committed to achieve excellence in teaching, research, extension, and student mentoring.

M. Naveed Aslam Malghani, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Plant Pathology
- ✦ MSc (Hons) Agriculture-Plant Pathology
- ✦ PhD Plant Pathology

DEPARTMENTS

- ✦ Department of Soil Science
- ✦ Department of Water Management

Institute of Soil and Water Resources

Institute of Soil and Water Resources is a newly established institute under the umbrella of the Faculty of Agriculture & Environment. The institute aims to fulfil the sustainable development goals (SDGs) of the United Nations with special emphasis on SDG-1 (No Poverty), SDG-2 (Zero Hunger), SDG-6 (Clean Water and Sanitation), SDG-13 (Climate Action) and SDG-15 (Life on Land). Moreover, the institute consists of two departments:

1. Department of Soil Science
2. Department of Water Management

Department of Soil Science was established in 2013. The goal of the department is to produce graduates who are capable of contributing to the development of agriculture in Southern Punjab. The department is focusing on a wide range of research areas such as Soil Fertility & Plant Nutrition, Soil Microbiology & Biotechnology, Soil Physics, Soil Salinity and Soil Chemistry.

On the other hand, the Department of Water Management is a recently established department which started its first academic session in BS Water Management in Fall 2023. The department aims to provide the appropriate science and technology background required to manage water effectively and efficiently for agriculture. Moreover, the themes for BS Water Management degree programs are the scientific assessment of plant water requirements and water resources, as well as the management of efficient irrigation systems. After launching BS Water Management, the department will soon start MS and PhD programs after getting NOC from the Higher Education Commission (HEC), Pakistan.

Department of Soil Science

The Department of Soil Science is working under the umbrella of the Faculty of Agriculture & Environment. The Department of Soil Science was established in 2013 and aims to provide quality education in wake to contribute to the development of agriculture in Southern Punjab. The department has also established laboratories through external funding equipped with state-of-the-art instruments for analytical work at undergraduate and postgraduate levels. The research team specialized in advanced analytical techniques related to Soil Microbiology and Biotechnology, Soil Chemistry, Environmental Microbiology, Soil and Plant Tissue Analysis, Heavy Metal Analysis in Soil, Plants and Wastewater, and Water Quality Analysis for Irrigation and Drinking purposes. The Department also provides analytical facilities to undergraduate and postgraduate students and researchers of different departments at the Islamia University of Bahawalpur, in addition to advisory services to farmers and the local community.

We empower students in the Department of Soil Science to foster ideas for sustainable production, explore new possibilities to cope with climate change and train them to serve the humanity. Moreover, our graduates can choose their livelihood in public sector universities, research organization (AARI, NIAB, NIBGE, NARC etc.) and private sector industries (fertilizer and pesticide).

Maqshoof Ahmad, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc (Hons) Agriculture-Soil Science
- ✦ MSc (Hons) Agriculture-Soil Science
- ✦ PhD Soil Science

PROGRAMMES

- ✦ BS Water Management

Department of Water Management

Department of Water management is an allied department of the Institute of Soil & Water Resources in the Faculty of Agriculture & Environment. It is recently developed department which aims to produce graduates who are capable to contribute in the development of agriculture of the Southern Punjab where farmers are facing problem of acute shortage of rain and irrigation water. The programme focuses on scientific analysis of the physical, technical and socio-economic aspects of water management and on the ability to design sustainable and efficient technical solutions to water management problems. Students in the programme develop comparative insight into the development of water management, take a scientific approach to various research paradigms and acquire a problem-oriented, interdisciplinary attitude towards land and water management and rural development issues. At present BS Water Management Degree is being offered in Fall semester 2024 as approved from the syndicate.

Institute of Agro-Industry & Environment

Finding a sustainable way of life is one of the greatest socio-economic and environmental challenges faced by humanity today. Education is critical for promoting such values and improving people's capacities to address issues related to environment and agro-based industry on sustainable basis. The Institute of Agro-Industry & Environment was established with the objective of imparting education on decision support science for sustainability of global system by recognizing environmental issues due to changes at local, regional and global levels and responding to such changes in economically feasible, socially acceptable and ecologically viable manners. Currently, the Institute offers BS and MS programs in Environmental Science and BS Agri-Business. The curriculum for these programs focuses on all important natural, social and economic aspects, covering contemporary problems of nature conservation, environmental quality, management and governance. These degree programs are designed to deal with the issues of changing climate and environmental extremes and also to provide skilled graduates that serve for the betterment and up gradation of agri-based industry and entrepreneurship. These programs are open to the students with diverse educational backgrounds including science, agriculture, computer and commerce.

Ghulam Hassan Abbasi, PhD
Professor & Director

PROGRAMMES

- ✦ BS Environmental Science
- ✦ BS Agri Business
- ✦ MS Environmental Science
- ✦ PhD Environmental Science

Usman Aziz, PhD
Director

National Cotton Breeding Institute

Bahawalpur Division has historically been known for high quality cotton production in the country. Cotton crop is major contributor to our economy as it not only feeds our industrial sector but also generates income for our people. Bahawalpur division has an outstanding position in cotton production as more than half of cotton produced in Punjab is obtained from the division. The Islamia University of Bahawalpur has contributed significantly by developing new cotton varieties (IUB-222, MM-58 and IUB-13)) which covered more than 50% area in this region making farmers satisfied with the yield. Considering the importance of cotton in this region, worthy Vice Chancellor, Engr. Prof. Dr. Athar Mahboob (T.I.) has approved National Cotton Breeding Institute (NCBI) purely for developing new techniques and varieties of cotton. The NCBI was inaugurated by former Prime Minister of Pakistan, Mr. Imran Khan. The objectives of NCBI are to improve cotton production and address the problems of cotton growers through breeding, integrated pest management, biofertilizer production and nutrition management in South Punjab. To achieve these objectives, four well equipped laboratories, i.e. Molecular Breeding, Plant nutrition, Fiber Technology and Integrated Pest Management will be established. Last Year four varieties were submitted for NCVT, This Year two new genotypes IUB-313 and IUB-325 having complete resistance against bollworm with Glyphosate resistance are developed and submitted for testing in NCVT, DUS and adaptability trials in Bahawalpur region. Main focus of our Research is to develop CLCUV free and salinity tolerant genotypes.

National Research Center of Inter Cropping

The Islamia University of Bahawalpur is the pioneer in developing the maize- soybean intercropping technology. With the development of the National Research Center of Intercropping at the Islamia University of Bahawalpur, it will also be the initiator in developing intercropping technologies for various crops, i.e. wheat/chickpea, sugarcane/ soybean, cotton/peanut, and cotton/soybean, in Pakistan. The mission of this Center is to develop state-of-art intercropping technology infrastructure with the capability to conduct leading-edge research for increasing crop yields, value-addition and bridging the academic and industry linkage by scaling the innovations to pilot scale studies transforming into a knowledge-based economy. Additionally, one of the main advantages of this Center would be the prospect of the large-level production of legumes, which offers great potential for high proteinous products for humans, and the advantage of Nitrogen fixation that will improve the overall productivity of our soils. The vision of this Center is to enhance sustainable productivity, ensure food security, reduce poverty and promote competitiveness in the agriculture sector through output-oriented research and support, efficient development and demonstration of intercropping technologies for the prosperity of the agricultural stakeholders.

Muhammad Ali Raza, PhD
Director

Tanveer Husaasin Turrabi, PhD
Director

Cholistan Fruit Research Institute

Cholistan Fruit Research Institute, with the slogan Turning Sand Dunes To Orchards, is dedicated to the cultivation and advancement of diverse fruits on the undulated barren sand dunes. Its primary focus lies in the production of a wide array of fruits, including, but not limited to, Date palm, an assortment of Citrus fruits, Fig, Ber, Peach, Pear, Persimmon, Guava, Banana, Spineless cactus and Dragon fruit. The institute operates with a self-sustainability approach by generating revenue and aims to foster development in the field of fruit production in Cholistan region.

Objectives:

- ✦ Turning Sand Dunes to Orchard.
- ✦ Capacity Building of Students and Farming Community
- ✦ Water conservation studies
- ✦ Research and Development

Cut-Flower and Vegetable Research and Training Cell

Cut-Flower and Vegetable Research and Training Cell, the Islamia University of Bahawalpur is University's own source research & development institute built to produce cut flowers and vegetables for research, capacity building and revenue generation.

Objectives:

- ✦ Capacity building of students and farming community
- ✦ Research and development
- ✦ Revenue

We at C&V-RTC facilitate students to conduct their researches and experimentation here. We have students from BS program, MPhil and PhD working tirelessly on their respective topics. Our research is not only based on production enhancement but also on seeds, quality of the vegetable, shelf life and stresses.

Muhammad Nafees, PhD
Director

Muhammad Abdullah, PhD
Director

IUB Biodiversity Park

The Islamia University of Bahawalpur is playing a key role in the conservation of Desert Biodiversity at the Cholistan Institute of Desert Studies (CIDS) and at IUB Biodiversity Park. IUB Biodiversity Park is located near Derawer Fort covering a fenced area of almost 70 acres. It is totally a protected area with the least interference to conserve the fauna and flora of the Cholistan desert. Desert plants which are becoming endangered are protected in Biodiversity Park and almost 100 plant species have been conserved in it. Every year seed broadcast activity is conducted to enrich its diversity. Due to protection, several species of Birds, Mammals and Reptiles have become residents of Biodiversity Park. Now it is the best Natural laboratory for students, researchers, and faculty members from IUB as well as from other Institutes to conduct and carry out research in biodiversity studies. This Biodiversity Park is fulfilling the research demands of multiple departments i.e. Forestry, Pharmacy, Botany, Zoology, Veterinary and others.

Specific Goals of IUB Biodiversity Park

- Conservation of plant species in park that are threatened in Cholistan desert
- Collection and conservation of seed bank of indigenous flora
- Conservation and propagation of medicinally important flora of desert
- Collection of plant species for herbarium establishment
- Monitoring of short term and long-term changes in ecology of desert ecosystem
- Protection and propagation of desert germplasm for various research avenues
- Promotion of education on biodiversity awareness and desert conservation
- Conservation & restoration of threatened flora and fauna in the Cholistan desert
- To organize the events for the promotion of biodiversity of Cholistan desert

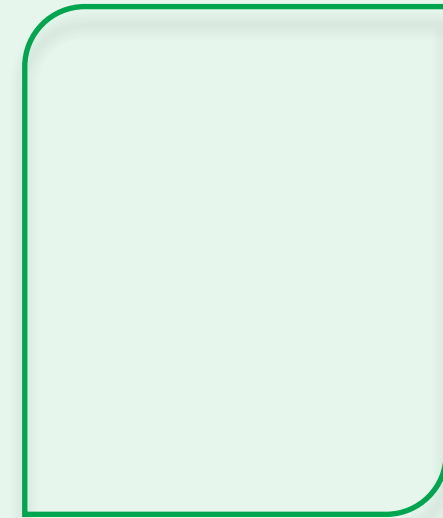

Cholistan Institute of Desert Studies

The Cholistan desert, being a very unique Eco-Zone of Pakistan, enjoys a very special status of its own kind. Its natural resources are confronted with multiple stresses of long droughts, high temperature, a very low rainfalls and enhanced grazing pressure. Therefore, its biodiversity have developed very typical xeric genetic adaptation to cope with these highly stressed environments. To explore and conserve dwindling natural resources and to alleviate the sufferings of inhabitants of Cholistan desert, the Islamia University of Bahawalpur has established the Cholistan Institute of Desert Studies (CIDS) in 1982-83. Cholistan Institute of Desert Studies is the place where researchers are equipped with an ability to understand the linkages between various disciplines of physical, biological and socio-economic sciences, and develop their faith in synergism. We are lacking the absence of meaningful research on deserts ecosystems and their resources in Pakistan, CIDS is capable enough to play important and modular role for this region. The scholars with sufficient depth and breadth of knowledge are trying to do some innovative researches focusing the exploration of the desert natural resources for sustainable development. The Institute initiated many useful projects pertaining to the exploration and utilization of desert's inherent genetic resources, as no credible benchmark of this type was available. Our emphasis is to address fundamental scientific questions and societal challenges closer to home, such as

climate change, arid land agriculture, biodiversity conservation, and natural hazards with an impact on legislation, economics, and social welfare around the world. The institute has developed national and international research collaborations that are expected to provide excellent professional exposure through visits and exchange programs.

Muhammad Abdullah, PhD
Director

Malik Amir Manzoor, PhD
Farm Manager

Farm Management

Agriculture Farm of the Islamia University of Bahawalpur is the hub of agriculture research and development. Farm machinery and all other supporting facilities for Faculty of Agriculture & Environment (FA&E), Faculty of Veterinary and Animal Sciences (FV&AS), Cholistan Institute of Desert Studies (CIDS), National Research Center for Intercropping (NRCI) and National Cotton Breeding Institute (NCBI).

Besides the research and services activities, millions of rupees are generated every year from the farm land activities. Presence of green belts, lush green grounds, beautiful lakes and a rose garden not only added the charm to the IUB but also provides an excellent soothing environment to the students and staff of this grand university.

Objectives

- ✦ To facilitate research at Faculty of Agriculture & Environment (FA&E), Faculty of Veterinary and Animal Sciences (FV&AS), Cholistan Institute of Desert Studies (CIDS), National Research Center for Intercropping (NRCI) and National Cotton Breeding Institute (NCBI).
- ✦ To generate income for the university.
- ✦ Establishment of plant nursery at the Baghdad-ul-Jadeed Campus of IUB.
- ✦ To provide recreational facilities for faculty and students of IUB at Fish Pond and Green Belt.

DEAN'S MESSAGE

In this rapidly changing world of ideas and technology, we are committed to provide you not just with an excellent academic education, but also with an enjoyable educational experience that combines intellectual stimulation with social interaction and engagement with the wider world. As Dean of the Faculty, I believe that the time you spend in the Faculty of Arts & Languages will surely prove to be an asset for you throughout your life. You will develop your knowledge, understanding and skills which will transform you into an informed and influential global citizen. We will engage you in thinking process and develop your skills of critical inquiry which will enable you to successfully negotiate and cope with the complex and challenging world. I hope you will surely find your study rewarding and inspiring. I invite you to the Faculty of Arts & Languages. Come and take your place in our diverse community.

Syed Amir Sohail
Dean

Khalil Ahmad, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Archaeology
- ✦ MPhil Archaeology

Department of Archaeology

The heritage of Pakistan is untapped source of tourism and employment. The Islamia University of Bahawalpur has established the Department of Archaeology in 2021 to explore the rich Archaeological heritage of Pakistan with special emphasis on Bahawalpur region. The department is well equipped to conduct research in the field of Archaeology. Highly qualified and trained faculty provides the guidance to the students in their research activities. The department of Archaeology has developed educational and professional excellence through the courses offered, collaborative research projects and professional interaction with universities around the globe. The recently established Culture and Heritage Research Center is also working in close collaboration with the Department of Archaeology. Therefore, a research journal on “Culture and Heritage Studies” and magazine “Hakra” has been developed to promote the research culture at national and international level.

Department of English Linguistics

Department of English Linguistics at the Islamia University of Bahawalpur offers dynamic programs to fulfill language learning needs of the learners in Pakistan. Dovetailing the time-tested traditions of the English Language Teaching with the changing needs of the Pakistani multilingual society, the department is working to revolutionize language teaching in Pakistan. The faculty of the department organized international conferences, seminars, webinars, colloquies and workshops on Linguistics in 2013, 2015, 2017, 2019, 2020, 2021 and 2022. The faculty of the department publishes Journal of Linguistics and Literature. Our faculty has research specializations in Applied Linguistics, ELT, TESOL, Discourse Analysis, Computer-Assisted Language Learning, Psycholinguistics, Sociolinguistics, Language Acquisition, Multiple Intelligences and Role of Emotional Intelligence in teaching and learning a language. Our students show brilliant performance and our alumni are serving in civil services, contributing as journalists in English dailies, imparting training as master trainers, teaching at the prestigious colleges and universities of the country and working as freelancers.

- ✦ PhD English Literature

Department of English Literature

The Department of English Literature has been serving as the leading center of learning since its inception in The Islamia University of Bahawalpur. The Department, with its strong research background, is facilitating an excellent learning environment for the students. Its well-structured curriculum equips the students with the necessary language skills. It imparts a comprehensive understanding of literary history and theory encompassing old and modern trends, Postmodern Studies, South Asian Literature, Women's Writing, American Literature, African Literature and Contemporary Critical Theory. The Department is committed to quality education with an objective to make its graduates cultured, responsible and enlightened.

The curriculum of different programs is designed to produce critical thinkers, good academicians and scholars in the discipline with an up-to-date knowledge and latest trends in the discipline. The Department provides a diverse research exposure to the students by organizing international seminars, webinars and workshops in collaboration with globally recognized academic scholars. Research papers and literary reviews have been consistently published over the years by the faculty members and scholars in both national and international journals.

Department of History

The foremost objective of the Department is to produce such historians that would be equipped with practical skills and have ability to meet the demands of increasingly digitized and globalized world. With the purpose of extending the historical understanding, the department organizes different sort of academic and literary activities. These include the holding of seminars, research tutorials, symposiums, presentations, group discussions and particularly conducting the national and international conferences and workshops. A series of international workshop is an annual feature of History Department that aims at providing academic consultancy and enhancing the research standards. The commencement of a monthly based webinar series by engaging the international historians and experts is a recent development of history department.

PROGRAMMES

- ✦ BS Iqbal Studies
- ✦ MPhil Iqbal Studies
- ✦ PhD Iqbal Studies

Department of Iqbal Studies

The main focus of the Department of Iqbal Studies is to teach and research Sir Dr. Allama Muhammad Iqbal, the great poet, philosopher and thinker of the past century. The main objective of the Department is to make its graduates civilized, cultured, true Pakistani and enlightened individuals. To meet the said objective, the Department has signed MoUs with the great Islamic University Al-Azhar Cairo Egypt and Al-Farabi National University Almaty Kazakhstan. To spread the teachings, Philosophy and thoughts of Dr. Allama Muhammad Iqbal, the Department is going to establish Iqbal Study Center in various international universities. It also organizes an international conference annually. The Department of Iqbal studies believes in cooperation between institutions and civil society, so it engages civil society in different activities of the Department. Recently with the cooperation of civil society it has arranged two scholarships namely SADIQ OCEAN SCHOLARSHIP for the students of BS and MPhil programs worth Rs.1.2 lac.

Department of Pakistan Studies

The primary purpose of the discipline is to provide an in-depth understanding of Pakistan. The Department therefore offers courses consisting of History, Politics, Geography, Economics, Foreign Relations, Sociology and Literature of Pakistan. The department is keen to develop a well-equipped Multi Media and Computer Laboratory with latest equipment to provide better facilities of learning to the students and the faculty. The Department of Pakistan Studies holds different seminars, webinars, workshops and symposiums on current issues and on historical days like Pakistan Day, Lahore Resolution, Quaid and Iqbal Day, Kashmir Solidarity Day as well as death anniversary of Late Nawab of Bahawalpur, Sir Sadiq Muhammad Khan Abbasi-V to highlight the great services and contributions of our Great Leaders.

- ✦ PhD Pakistan Studies

Ismat Durrani, PhD
Professor & Chairperson

PROGRAMMES

- ✦ BS Persian Language and Literature
- ✦ MPhil Persian Language and Literature
- ✦ PhD Persian Language and Literature

Department of Persian

Department of Persian was established in 1985, and is playing a vital role in promoting and spreading Persian language and literature, which was the Court Language in the sub-continent before 1857. Our mission is to revive the glory of the Persian language & literature, which is one of the best philosophical literatures. It has rich linguistics as well as cultural background dating back to thousands of years in this part of the world.

Persian is necessary to improve learning and teaching of Urdu and other local languages, and even in order to understand their Urdu poetry one must know Persian. There are also world class poets in Persian e.g. Saadi, Hafiz, Rumi etc. So the preservation and projection of our literary, linguistic and historical and cultural heritage requires learning of the language. Dearth of scholars in Persian is alarming and it is high time to learn Persian in order to make up for the loss already done. The department is offering BS, MPhil, PhD and different Certificate, Diploma and short courses about Rumi, Saadi, Attar, Hafiz, Ghalib and Iqbal. Large number of our graduates have been selected through PPSC and are serving at different colleges, universities, journalism and media, Pakistan Cultural & Studies Center, research organizations, NGOs, and in various private organizations at Pakistan and Iran.

Department of Philosophy

The focus of the department is to counter the challenges of life's most exciting and essential questions like the nature of the world, human nature, and human flourishing. Philosophy also improves the abilities of students to make and evaluate arguments and evidence and develops an integrative vision for life. At Philosophy Department, students are equipped with critical thinking skills and intellectual independence that will serve society in a better way. Philosophy has been a popular major for those pursuing education, law, and administration, but it is equally helpful for individuals wanting to go into business, entertainment, and public service. A degree in philosophy from IUB will help the students to understand and evaluate complex and controversial ideas and develop skills in argument analysis, construction and evaluation. It also enhances the ability to think independently and creatively.

PROGRAMMES

- ✦ BS Siraiki
- ✦ MPhil Siraiki
- ✦ PhD Siraiki

Department of Siraiki

Siraiki Department, the Islamia University of Bahawalpur has won fame for pioneering higher education programs in Siraiki Language. Presently, the department is offering BS, MPhil and PhD in Siraiki.

BS, MPhil and PhD Siraiki Syllabi reflects contemporary literary and social thoughts including the study of a millennium time-honored mystic tradition of the language and literature with Special Studies of Khawaja Farids' everlasting blissful poetry. In addition to the core courses of Siraiki Literature, the Department offers optional courses like Radio, TV Journalism, Cholistan Culture & Civilization, Art & Performing Arts, Method & Art of Translation and study of Siraiki Literature in Sindh. These unique Courses in the syllabus have enhanced the professional and social value of our degrees.

Department of Urdu

The department of Urdu offers BS, BS (ADP), MPhil and PhD programs. So far this department has produced 86 PhDs and 430 MPhils. Currently, 46 PhD and 100 MPhil students are working on their research projects. A departmental library is also available for the research work of scholars. The department of Urdu encourages co-curricular activities like fortnightly literary program where various renowned poets and authors are invited. The department is making full use of its facility of audio visual aids by showing students different plays and novels in accordance with the curriculum. Sports days and short informative trips are among the significant events of the department. The passed-out students of the department are serving on various prominent position in the country.

DEAN'S MESSAGE

I welcome you with utmost pleasure and vanity to the Faculty of Chemical & Biological Sciences. Bearing a huge number of students the faculty was divided into Faculty of Chemical & Biological Sciences and Faculty of Physical and Mathematical Sciences in 2021. The breadth of our newly established FCBS disciplines will introduce you to the wondrous world of science covering its chemical and biological perspectives. It comprises infinitely small subatomic particles and eventually to take you to the infinitely large universe – and everything else in between. The intrinsic relationship of Biology with Chemistry transcends the formal division of contemporary scientific disciplines such as Biochemistry, Biotechnology and Bioinformatics. You will be able to learn new skills, sharpen your intelligence, and grow your inherent curiosity. Our teaching system is based on both practical and theoretical knowledge; exciting and conducive environment is provided to inculcate creativity, innovative and collaborative aptitude. FCBS is committed to see all its graduates professionally trained and well equipped to tackle local and as well as global challenges. Students will have opportunities to enhance their learning experiences in an interactive atmosphere. Our hardworking and dedicated faculty aims to provide an excellence in contemporary academic programs through up-to-date teaching and training. It is absolutely important to be in FCBS. Our graduates get quick induction in job markets (such as Colleges/universities, Agro-industry, Pharmaceutical Industry, Textile Industry, Food Industry, Forensic Science, Nanotechnology, Clinical Research, Climate Change, Environmental Sciences, Wildlife Management, Zoologists, Biostatisticians, Park Naturalists, Florists, Plant Breeders, Environmentalists, Aquarists, Veterinarians, Zoo Educators, Marine Biologists, Sustainability Officers and Conservation Scientists) very easily based on their learning and knowledge skills.

Abdul Rauf
Dean

Nargis Naz, PhD
Associate Professor & Chairperson

PROGRAMMES

- ✦ BS Botany
- ✦ BS (ADP) Botany
- ✦ MS Botany
- ✦ PhD Botany

Department of Botany

Department of Botany is known for quality education in Southern Punjab, with an excellent academic reputation. The department is well equipped with research laboratories. Faculty members are working in many specialized fields of plant sciences and are endeavoring to enhance their knowledge of the plant world. Currently several research projects are in progress. Department offers specialization in different branches of plant sciences that helps our graduates to seek promising careers such as getting jobs at teaching positions at schools, colleges and universities, in environmental NGOs like WWF and IUCN and in agriculture-based organizations. Our proud alumni are now working in the field of education, research, pharmaceuticals, business management and administration.

Department of Zoology

Department of Zoology was established in the year 2007. The mission of the Department is to promote excellence in undergraduate and graduate education and research. We value communication, analytical skills and fieldwork. The department of Zoology offers BS, MS, MPhil & PhD degrees for students interested in the scientific study of animals. The faculty members are specialized in various fields, such as Vertebrates and Invertebrates, Ecology Entomology, Genetics, Comparative Physiology, Endocrinology, Fisheries, Taxonomy, Evolution, Wildlife, Parasitology, Animal Behavior and many other related subjects. It is committed to prepare a generation of highly-qualified graduates who are capable of actively participating in the development of society through the study of biological organisms and to maximize the benefits of such organisms for the betterment our community. The department intends to excel in research, teaching, wildlife, zoo, natural history museums in Pakistan, fisheries & aquaculture and other careers to meet the expectations of their potential employers.

Abdul Ghaffar, PhD
Professor & Chairman

- ✦ BS Zoology
- ✦ BS (ADP) Zoology
- ✦ MS Zoology
- ✦ PhD Zoology

Muhammad Iqbal, PhD
Professor & Director

Departments

- ✦ Biochemistry
- ✦ Biotechnology
- ✦ Bioinformatics

Institute of Biochemistry, Biotechnology & Bioinformatics (IBBB)

We at the Institute of Biochemistry, Biotechnology & Bioinformatics are committed in education and training of human resource. The courses offered at graduate and post graduate levels in three different programs of Biochemistry, Biotechnology & Bioinformatics are designed to develop thoughtful understanding, communication skills, independent thinking and ability to work in a team.

Recent advances in the fields of Biochemistry, Biotechnology and Bioinformatics have provided new hopes to the human race for a better future. To benefit from these advances, our nation needs to build human resource in these fields. Realizing this important national obligation, the Islamia University of Bahawalpur launched BS (4 year) integrated Life Sciences Program in 2007. In 2009, the university established an independent department of Biochemistry and Biotechnology offering BS degree programs in the fields of Biochemistry and Biotechnology. The department started MS and PhD programs in the fields of Biochemistry and Biotechnology in 2011 and 2014, respectively. The department was upgraded to the Institute of Biochemistry, Biotechnology & Bioinformatics (IBBB) in 2020 with the addition of BS program in Bioinformatics.

The vision to establish the Institute of Biochemistry, Biotechnology and Bioinformatics (IBBB) was to cope with the new challenges in life sciences particularly in agriculture, industries, environment and health system. Primary goal of the institute is to improve human living conditions and promote economic development through research in the field of Biochemistry, Biotechnology and Bioinformatics. The mission of the institute is to produce high quality professionals who are equipped to provide their services in teaching, research organization and industries and cater the needs of the nation. The institute has highly qualified faculty members and most of them are foreign trained. They are fully committed to their goal of producing the best graduates in these fields. Our research interests are diverse and include drug discovery and development, synthesis, characterization and bioactivities of nanoparticles, isolation and characterization of industrially important microbes, Molecular characterization of human disorders and development of vaccines. We expect our graduates to be able to apply biotechnology principles to solve issues of the society and develop alternative technologies. We aim to introduce innovation and produce ultrapractical graduates and postgraduates having new ideologies and commanding skills using

well-equipped and fully furnished laboratories to excel in their majors and research domains.

The programs being offered at the institute are semester based and are successfully being as per the University Academic Calendar. The institute has well-designed curricula according to HEC guidelines at BS, MS and PhD levels. Because of the relevancy of our research programs, interaction and collaboration with other institutions has been achieved at national and international level. National and international conferences and workshops have been organized by the institute. Beside extensive academic and research activities, the institute also arranges co-curricular activities like sports days, study tours, visits to research organizations and industries to develop and enhance the potential of students regarding leadership qualities, and literary and research oriented skills.

Our graduates compete equally with the graduates from national and internationally renowned institutes for higher education scholarships and jobs and a number of them are serving in different educational and research institutes like Kings College London, Harvard University, USA etc.

Mirza Imran Shahzad, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Biochemistry
- ✦ BS (ADP) Biochemistry
- ✦ MS Biochemistry
- ✦ PhD Biochemistry

Department of Biochemistry

Department of Biochemistry is providing professional education and training at undergraduate and post-graduate levels, with modern biochemistry infrastructure, including resources, expertise, innovative research, and knowledge. The programs will train students in a healthy collaborative environment to develop computational methods for innovative interdisciplinary research in the field of life sciences. The Department is committed to train the next generation professionals to gain advanced knowledge in Biochemistry that is require to design and implement novel methods to solve problems with an emphasis on acquisition, representation, retrieval, visualization, and analysis of biological data. The curriculum involves individual courses that integrate mathematical modeling, wet labs, and computer sciences. Research areas in bioinformatics are numerous and include biological chemistry management (Databases), Gene mining, drug designing and targeting, protein/nucleic acid structure and function, and cell signaling and regulatory networks.

Department of Bio-informatics

Bio-informatics is “the science of managing and analyzing biological data using advanced computing techniques”. The vision of the Department of Bio-informatics is to establish world-class academic and research programs at the Islamia University of Bahawalpur. Our goal is to deliver a benchmark international platform in bio-informatics which will nurture excellence in data science to support progress in biological research and its application. Department of Bio-informatics is offering BS Bio-informatics (4 years) program as per HEC criteria. Students will acquire advanced computer skills to handle and analyze diverse biological data. They will be able to understand diversified areas and applications like genomics, drug designing, agriculture and health informatics, biotechnology, and systems biology. Pharmaceutical, biotech and software companies hire professionals with experience in bio-informatics

M. Mahmood Ahmed, PhD
Assistant Professor & Incharge

PROGRAMMES

- ✦ BS Bioinformatics
- ✦ MS Bioinformatics

Muhammad Iqbal, PhD
Professor & Chairman

PROGRAMMES

- ✦ BS Biotechnology
- ✦ BS (ADP) Biotechnology
- ✦ MS Biotechnology
- ✦ PhD Biotechnology

Department of Biotechnology

Department of Biotechnology offers a broad, interlinked, multidisciplinary research and teaching environment that provides new avenues to be explored for the betterment of human beings. The department deals with the practical applications of biotechnology including the brewing of food, synthesizing medicinal products like antibiotics, interferons and vaccines, developing genetically modified organisms to improve the quality and yield of nutrients, health preservation, environmental applications, agricultural development, maintenance of biodiversity, and exploitation of marine resources and treatment of pollutants. The students specializing in Biotechnology learn how to solve complex problems in our daily life using multidisciplinary approaches.

The research interests of the Department of Biotechnology are diverse. They include drug discovery and development, synthesis, characterization and bioactivities of nanoparticles, isolation and characterization of industrially essential microbes from Cholistan desert plant rhizospheres, cancer genetics and molecular characterization of hereditary disorders. The laboratories at the department are equipped with all the basic analytical facilities required to accomplish various biotechnological tasks. The university has plans to develop more labs in the department to enhance practical and research facilities. Our graduates have job opportunities in educational institutes, food and pharmaceutical industries and research organizations.

Institute of Chemistry

Institute of Chemistry warmly welcomes all the under and postgraduate students. We are committed to provide quality education to all our students at Bachelor, MPhil and PhD levels. Established in 1975 as Department of Chemistry, the first admissions were offered MSc Chemistry, MPhil Chemistry and PhD Chemistry programs under annual system.

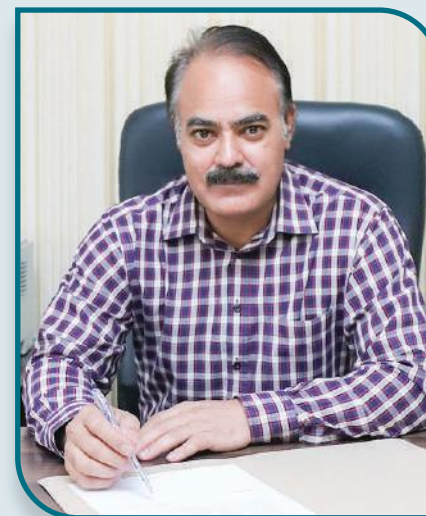

Admissions under semester system were started in 2007 in three programs (MSc, MPhil, PhD) in the following branches:

Analytical Chemistry
 Biochemistry
 Inorganic Chemistry
 Organic Chemistry
 Physical Chemistry

Admissions in the BS (4 years) program were started in 2013 where 40 students were initially enrolled. After launching of BS program the number of students increased every year. Currently, 1800 students are studying in different programs. In 2021, Department of Chemistry was elevated to the Institute of Chemistry (IoC).

Chemistry is crossing the boundaries to play a key role in this age of technology. It is assuming an interdisciplinary role in the scientific world. The faculty is aware of this transition and is providing excellent teaching to cope with all the needs of the time. The areas for study available in the department include Organic Synthesis, Natural Product Chemistry, Regulation of Production of Biomolecules in Biological Systems, Organometallics, Metals and Transition Metals Chemistry including Bioinorganic Compounds, Nanotechnology Biophysical Chemistry, X-rays Crystallographic studies, Environmental studies, Surface Chemistry, Renewable and Alternate energy resources in addition to the classical fields of Chemistry.

IoC has adequate research facilities including laboratories equipped with appropriate number of instruments including FTIR spectrophotometer, NIR spectrophotometer, UV Visible spectrophotometers, PCR, Gel Electrophoresis, Potentio Galvanostat, HPLC, Atomic Absorption Spectrometer, CHN analyzer etc. HEC has recently approved a mega research project for the establishment of a X-rays Crystallography laboratory equipped with Single Crystal X-rays-, Powder X-rays diffractometer and computing cluster. The graduates of the IoC are serving not only within the country but also working abroad and reinforcing the name and fame of the IoC as well as the university.

Faculty of Computing

DEAN'S MESSAGE

The Faculty of Computing is among one of the most popular faculty of the university that has the ability to produce skillful and practical professionals who can meet the challenges of emerging international trends in Computer Science, Information Technology, Artificial Intelligence, Internet of Things (IoT), Software Engineering, Information Security, Data Science and Statistics. The Faculty members under the Faculty of Computing exhibit their expertise in diverse fields of computing and have ability to impart knowledge of computing to the students in an effective and practical manner. The current research interests of the faculty members include developing smart systems, image analysis, text and data mining, big data analytics, cloud, fog and edge computing, blockchain, cyber security, machine learning algorithms, AI tools, digital forensic investigations distribution theory, designing of experiment, applied statistics, randomized response sampling etc., among others. The faculty members have strong interaction with different organizations and industry.

In recent past, the alumni of this faculty were being hired by the country's top academic institutions, organizations, industries and software houses that show the skills and problem-solving ability of the graduates. At the moment, the Faculty of Computing comprises of seven departments, namely, Department of Artificial Intelligence, Department of Computer Science, Department of Information Technology, Department of Software Engineering, Department of Data Science, Department of Information Security and Department of Statistics, which can be extended with the addition of a few more departments in future. The Faculty of Computing offers BS, MS and PhD programs in almost all the Departments based on their field of expertise.

Dost Muhammad Khan
Dean

Najia Saher, PhD
Professor & Chairperson

PROGRAMMES

- ✦ BS Artificial Intelligence
- ✦ MS Artificial Intelligence
- ✦ PhD Artificial Intelligence

Department of Artificial Intelligence

Department of Artificial Intelligence has been established under the umbrella of Faculty of Computing, the Islamia University of Bahawalpur, in Spring 2020 by keeping in view the increasing demand of this field of study around the globe. The department strives to produce manpower of international repute and to contribute significantly to the national goals. Artificial intelligence (AI) refers to the simulation of human intelligence in machines that are programmed to think like humans and mimic their actions. The term may also be applied to any machine that exhibits traits associated with a human mind such as learning and problem solving. Department of Artificial Intelligence has emerged with exponential growth in the number of students. The university has identified a need to expand to its academic, technological and operational services. BS, MS and PhD programs are therefore required to develop academic experts and researchers in Artificial Intelligence and related inter-disciplinary field of specializations. The undergraduate and postgraduate programs are designed to meet the growing needs for experts in the rapidly evolving century by delivering quality education based on the state-of-the-art technologies. The curriculum of all the mentioned programs was upgraded according to the international level and built as per the HEC & NCEAC guidelines, IEEE and ACM guidelines for international recognition.

Department of Computer Science

Department of Computer Science (DCS) offers graduate and postgraduate programs in Computer Science. The department aims to provide students with a supportive environment for their studies, thus providing them with the opportunity to achieve their full potential in the field of computer programming. The degree in computer science prepares for jobs in the tech field, they often appeal to different types of people based on the slightly varied skill sets. The computer science degree involves more independent work creating computer programs and applications, using algorithms and writing code.

Department of Data Science

Department of Data Science is among one of the most popular programs of the university that has the ability to produce skillful and practical professionals who can meet the challenges of emerging international trends in Data Science, The Department members under the Faculty of Computing exhibit their expertise in field of Data Science and have ability to convert knowledge of computing to the students in an effective and practical manner. The current research interests of the department members include developing smart systems, image analysis, text and data mining, big data analytics, cloud, fog, machine learning algorithms, AI tools, digital forensic investigations etc., among others. The department members have strong interaction with different organizations and industry. The main objective of the Data Science Department is to meet the technological challenges posed by the recent advancements in the emerging fields of Big Data and Data Analytics and to meet the future needs of the country.

Department of Information Security

Department of Information Security offers undergraduate and postgraduate programmes in the highly demanding knowledge areas of Cyber Security, Internet of Things (IoT) and Information Security, each one of which requires specialized skills. All of our students are motivated with exciting real world cyber security and IoT scenarios. To speed up the learning process of our students and for their enhanced acceptability into national and international job markets, webinars and fast-track workshops/ trainings by experts from world leading companies are frequently arranged. As the world is moving optimistically towards the Fifth Industrial Revolution, the job market demand for highly skilled Cyber Security & IoT professionals is increasing unprecedentedly. Our graduates are expected to play active roles by developing and supporting billions of devices and applications in 5IR. The department focuses on all emerging specializations including, Cyber Security, Information Security, Cryptography, Digital Surveillance, Ethical Hacking, Information Security Management, Information Security Architecture, Information Security Engineering, Digital Forensics, Information System Audit, Healthcare & Medical Information Security, Blockchain Technology, Software Defined Networking, Wireless Networks, IoT Security, Smart Life, Smart Home, Smart Cities, Smart Health, Smart Agriculture, Smart Industry, Smart Transport and many other futuristic challenges.

Department of Information Technology

Department of Information Technology (DIT) was established in September 2020, bearing the vision of worthy Vice Chancellor to extend the horizon of learning and to provide a compatible contemporary education to the people of the region. The Department of Information Technology is committed to achieve the highest national and international standards and encourages students to optimize their skills and potentials to solve contemporary problems using Information Technology. Thus, seeking and disseminating knowledge has been our priority since the time of inception. DIT provides a tremendous learning and research environment through its highly qualified faculty and research groups working in the various areas under the umbrella of Information Technology such as Networking and Security, Databases, Data Mining, Data Visualization, Machine Learning, Parallel Computing, Software Engineering, Computer Vision, Graphics, Image Processing and many more. BS, MS and PhD programs at DIT provide solid theoretical foundations by offering the latest courses designed by leading experts in the field of IT. The students are also exposed to the latest research ideas through innovative technologies and theoretical knowledge of the subject. The objective of MS and PhD programs is to produce researchers as well as well-equipped research scholars with necessary body of knowledge and techniques that will enable them to successfully solve a broad set of scientific computing problems while serving in IT industry.

Department of Software Engineering

Department of Software Engineering provides excellent computing facilities and ensures the enhancement of practical knowledge of students. The department provides a comprehensive range of facilities necessary for computer use and library of programs and packages for solving scientific, engineering, commercial and social problems. The department is equipped with computer labs. The department now exists and excels in the Faculty of Computing. The advancement in the field of software engineering by producing research contributions of international standards to develop solutions to the real-world problems concerning software and automation. One of the objective is to teach students how to design and develop high quality software for Web application development, stand-alone application development, and mobile application development.

Malik M. Saad Missen, PhD

Department of Statistics

Statistics is the science of making decisions in the presence of variability and uncertainty. Statistical methodologies are used over a broad spectrum of industrial, agricultural, medical, educational, business research and government policy decisions. The graduates of Statistics can find jobs in different fields such as lecturer (college and university level), subject specialist, statistical officer and statistical assistant (agriculture, health, Bureau of Statistics, State Bank of Pakistan, insurance companies, and other research organizations), research assistant, quality control officer and research officer. In general, where there is data, statistical tools are necessary to extract useful information from it. The subject statistics is useful in almost all disciplines and every field of life. The Department of Statistics in Islamia University of Bahawalpur was established in 1976, and is offering BS (4-years), MPhil and PhD degrees. The MPhil & PhD in Statistics are being offered in applied and theoretical statistics providing modern statistical thinking and applications of statistical methodologies. The research is being conducted in the fields of distribution theory, designing of experiments, reliability and survival analysis, quality control methods, regression modeling, social and applied statistics, and randomized response sampling.

DEAN'S MESSAGE

On the behalf of our faculty, staff and students, welcome to the Faculty of Education. I am proud of the teaching, research and outreach that we perform every day. Our prospective teachers are future ambassadors of the Islamia University of Bahawalpur who will go on to share their knowledge and skills with the communities and organizations in which they grow professionally and personally. We are profoundly committed to be the agent of change in the social fiber. As part of Pakistan's top Research University, faculty of education is helping schools and colleges in the region to improve their educational policies and practices since 1987. We are providing our expertise in the school reforms, education policy envisage, Pre service and in service teacher's capacity development, counseling, digital age learning and more. Our research and initiatives seemed to improvise educational trajectories of millions of students in hundreds of educational institutes. Together, we are working to build a culture that is inclusive, where everyone feels they belong and where outstanding academic programs are delivered to meet the demands of the job market. We prepare our prospective teachers to excel in the changing world. With the support of our faculty, staff, students, alumni and community partners, we are able to make our faculty a place of training and learning. At the Faculty of Education, we understand the power of education. We know that our Educators have the ability to bring change in the society. We are sensitized to our responsibilities to train qualified, compassionate, and culturally competent teachers at every level of academia. Teaching is a complex endeavor that requires dedication and lifelong training. The Faculty of Education selects gifted and talented students who are well suited for the profession, and in the Teacher Education Program, they gain the skills that they need to hit the ground running on their first day of work. Scaling the exemplary teacher preparation and support we take it as a challenge. The Teacher Educators (TEs) success demonstrates the value of investing in teaching, and programs given in the faculty of Education are developing and testing effective strategies and offering templates that others could implement. Seeing what we have been able to do here gives me hope for change in the educational landscape throughout the nation in the years to come. I hope you will consider becoming a part of our family and participate in an academic experience that is transformative and prepares you, have the courage and passion to make a difference wherever your career may take you. The Faculty of Education is committed to lead the way,

Irshad Hussain
Dean

Muhammad Ramzan, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Early Childhood Education
- ✦ MA Early Childhood Education
- ✦ PGD Montessori

Department of Early Childhood Education

Department of Early Childhood Education was established in September 2020, to extend the horizon of learning and to provide a compatible contemporary education to the people of this region. The first basic goal behind this course is to save the future of the nation and to provide healthy & positive mind citizens to society. Keeping in view the importance and vitality of this program all over the globe, an initiative was taken to provide modern mode of education to the people of South Punjab.

Department of Education

Department of Education has set its pace to produce qualified teachers, administrators, planners, curriculum developers and educational researchers to bring about change in the society through education. Currently, the department of Education offers different Teacher Education Programs including BS Education, BS Secondary Education, and MPhil and PhD. These programmes are accredited by the National Accreditation Council for Teacher Education (NACTE). These programs have been designed to enhance confidence among prospective teachers by grooming their personalities. The department has its state-of-the-art building having facilities of class rooms, equipped with multimedia, multipurpose hall and postgraduate computer labs. It is pertinent to mention that department has so far produced more than 50 PhDs and 400 MPhil graduates along with hundreds of graduates.

Irshad Hussain, PhD
Professor & Chairman

PROGRAMMES

- ✦ BS Education
- ✦ BS Secondary Education
- ✦ BS Elementary Education
- ✦ BS (ADP) Education
- ✦ MPhil Education (Weekend)
- ✦ PhD Education

Abid Shahzad, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Educational Leadership and Management
- ✦ BS Educational Planning and Management
- ✦ MPhil Educational Leadership and Management
- ✦ PhD Educational Leadership and Management

Department of Educational Leadership and Management (ELM)

Department of Educational Leadership and Management (ELM) is offering BS, and MPhil Programs in the field of ELM and Educational Planning and Management (EPM). The major aim of these programs is to develop the students' intellectual capacity, executive personality, leadership and managerial skills in a way that enables them to assume from entry-level leadership and managerial positions to skilled. Educational leadership and management is generally understood to be the identification, development, and implementation of strategies designed to attain educational needs and goals of students and society. In future, the department intends to offer PhD in Educational Leadership and Management.

Department of Educational Research and Evaluation

Department of Educational Research and Evaluation was established to provide opportunity for specializations in various areas of academic disciplines that could satisfy the diversified needs of the students and emerging trends of growth in society.

The department of Educational Research and Evaluation intently focuses to prepare highly qualified, determined, and effective educators and educationists to meet the needs field of Science students in varied contexts and settings. The programs are designed that emphasize equity, academic excellence, reflective practices in Science Education, research and evaluation expertise and leadership qualities. The programs involve meaningful and extensive fieldwork and practical activities in which prospective and in-service teachers will engage with students and other educators. The syllabi are so developed that indoctrinate the student-teachers with an extensive culture to conduct research, understand educational policies and practices of Science educational assessment and evaluation and develop pursuits of learning the pedagogical skills.

Syeda Lubna Shoukat, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ ADP Science Education
- ✦ BEd Science (4 Year)
- ✦ BEd Science (2 Year)
- ✦ BEd Science (1.5 Year)
- ✦ MPhil Research & Evaluation
- ✦ Certificate Programmes in Data Analysis

Muhammad Shakir, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BEd 4 Year
- ✦ BEd 2.5 Year
- ✦ BEd 1.5 Year
- ✦ MEd 1 Year after BEd 1 Year
- ✦ MPhil Educational Training
- ✦ PhD Educational Training

Department of Educational Training

Department of Educational Training is a leading department for pre service teachers' training in Southern Punjab. The department continues to grow rapidly pursuing the vision of being an internationally recognized institution. This is being achieved through improvement in the academic and research policies and facilities. The department was established in 1992 and has a long standing of hard work, quality education and dedication. It has produced thousands of graduates who are serving as high performers in their respective departments at various positions like, Professors, CEOs, DEOs, Principals, Headmasters/Headmistress, SSS and SSTs. Department holds the honor of having all PhD faculty members. We are proud of our highly qualified and dedicated faculty who incorporate professional knowledge, skills, proficiency, and humanity in our students. We facilitate you to become leaders in your class with dignity and honor.

Department of Language Education

Department of Language Education was established under the Faculty of Education in 2020. The main focus of the Department is to enhance the learners' language skills and competencies for teaching the English language at various levels.

All the programs equip the participants with pedagogic knowledge needed for teaching the English language. The programs aim to provide the participants with the tools and resources needed to develop knowledge of various areas of English language teaching. They develop participants' knowledge about language how it works and how it contributes to real life issues. The programs help participants develop an insight into current issues and key trends in second language learning and teaching in a range of contexts.

Muhammad Javed, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS English Language Teaching
- ✦ MPhil English Language Teaching
- ✦ PhD English Language Teaching

Muhammad Zia-ul-Haq, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Physical Education
- ✦ MPhil Physical Education

Department of Physical Education & Sports Sciences

The Department of Physical Education and Sports Sciences was established in 2005 to encourage the educational beliefs linked to maintaining a physically active and healthy lifestyle. The department offers high-quality courses led by experienced certified teachers who educate the fundamental concepts, methods, and tactics of sports science. The department provides the opportunity to learn the basics of general health, physical fitness, recreational organizations, athletics skills, and games skills in a friendly atmosphere. Students who are enthusiastic about wellness and physical activities, and eager to assist others in sports and health issues, must decide to get admission to BS, MPhil, and PhD in physical education from the Islamia University of Bahawalpur. It also develops students' confidence and generic skills such as collaboration, communication, creativity, and critical thinking.

Department of Special Education

Allah has created human beings with multiple abilities. Role of education is to polish the God gifted abilities of human beings evaluating learners' abilities and disabilities.

According to World Health Organization (WHO) report a remarkable number of children are born with defined deficiencies. In the modern era, the special persons are categorized in a number of groups with variety of abilities. Education process of the special children require special training to make special students a useful member of the society.

The department of special education aims to train teachers for special education to improve educational opportunities and services for the persons with special needs and students facing significant life challenges. Department of Special Education has qualified staff having distinct research records. Since its inception, it has celebrated significant celebrations regarding differently-abled persons.

DEAN'S MESSAGE

The University College of Engineering & Technology (UCET) was established in 1999 as a constituent college of the Islamia University of Bahawalpur that acquired the status of Faculty of Engineering and Technology in 2019. The objective of the faculty is to provide cutting edge engineering education for the aspiring young students of the country in general and for the students of South Punjab in particular. The Faculty provides excellent technical and engineering education while keeping in view the overall growth and development of the students in mind. The faculty is offering undergraduate degree in Electronic, Computer Systems, Electrical (Power), Telecommunication, Civil, BS Electrical Engineering Technology, BS Biomedical Engineering Technology, BS Aviation Sciences and Bachelor of Architecture (05 Years) disciplines. The faculty is also offering master's degree in electronics, computer systems and electrical engineering. However, Faculty of Engineering & Technology is also offering PhD programs in Electrical and civil Engineering disciplines. Recently, PC-1 for establishment of Mechanical Engineering department has been approved by HEC. All undergraduate engineering programs are accredited by the Pakistan Engineering Council (PEC). There are 67 faculty members (majority of them are PhDs) engaged in teaching around 1000 students in both undergraduate and graduate engineering programs. The faculty members are well trained, highly motivated and committed to the provision of quality education and excellence to the students. The faculty has excellent infrastructure comprising of well-equipped state of the art laboratories, spacious air-conditioned classrooms, well stocked library with more than 40,000 engineering books and latest computing labs equipped with more than 400 modern computers and multimedia facilities in all labs and classrooms. Engineers, after getting their degree from this institution are playing pivotal role in leading the nation in the 21st century.

Muhammad Amjad
Dean

Ar. Ayaz Mahmood
Associate Professor & Chairman

PROGRAMMES

- ✦ Bachelor of Architecture (B.Arch 5 Years)
- ✦ BS Interior Architecture (BS. I.Arch 4 Years)
- ✦ BS Landscape Architecture (BS. L.Arch 4 Years)

Department of Architecture

Architecture defines the region, in present Bahawalpur have aesthetically beautiful and royal architecture. The Islamia University of Bahawalpur is the pioneer in establishing the Department of Architecture in the region, which will explore the existing features and also define the new dimension with sustainable approach. We expect our graduates to envelop their responses to complex philosophical question in well articulate buildings that are thoughtful in their relationship with urban context. We have highly qualified and diverse faculty who can help students to avail maximum opportunities to understand art and architecture. The main objective of the department is to understand how to collaboratively lead teams of stakeholders in the process of conceiving, developing and implementing solutions to problems in the built and natural environments, utilizing knowledge of the diverse forms and the dimensions of professional practice along with associated ethical, legal, financial and social responsibilities. To demonstrate critical thinking through a self-reflective process of conceptualization and design thinking that is open to consideration of alternative perspectives by analyzing, evaluating, and synthesizing ideas and information gathered through applied research grounded in information literacy.

Department of Aviation Sciences & Technology

Department of Aviation Sciences & Technology, established in 2021, offers undergraduate degree in diverse fields of Aviation. BS Aviation Sciences and BS Aviation Management are HEC Approved degree programs designed exclusively for individuals who want to excel and develop a career as a knowledgeable and competent aviation engineer and manager. The first intake of both the programs was taken in Fall 2021. These multidisciplinary programs have been designed to meet the demands of the dynamic aviation industry. With these degrees the students will be equipped with in-depth knowledge and essential professional skills for aviation management and hands-on aircraft maintenance practices on operational aircraft. The scheme of study for BS Aviation Sciences is focused on aircraft maintenance engineering, aerodynamics, aircraft systems and related management practices. This scheme also includes 03 years industrial training facility in aviation industry for aircraft maintenance engineering practices, which may help students to acquire jobs related to Aircraft Maintenance Engineer Industry after completion of this degree. The scheme of study for BS Aviation Management is focused on various aviation services like flight operations, ground operations, airport management, planning, regulatory and safety management.

Abdul Aziz, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Aviation Sciences
- ✦ BS Aviation Management

M. Akbar Malik, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ BSc Civil Engineering
- ✦ MS Civil Engineering Technology
- ✦ PhD Civil Engineering

Department of Civil Engineering

Department of Civil Engineering is committed to provide quality education for professional excellence and skills development to the future civil engineers. Basically, we cater for the national and international needs of developing infrastructure consisting of building highways, dams, bridges, irrigation networks and water supply schemes. Our department is leading in providing Civil Engineering education to South Punjab and significantly benefitting the current needs of the region. Its matter of great pleasure to announce that the department has laboratories of international standard, well equipped with latest and Hi-Tech equipment, related to all the domains of Civil Engineering. The Department is strictly following Outcome Based Education (OBE) procedures as per requirement of Pakistan Engineering Council for accreditation of our undergraduate degree program in Civil Engineering. Our goal is to develop sustainable solutions to civil engineering and prepare civil engineers who can provide solution regarding the current issues related to eco-friendly designing of civil engineering structures leading to sustainable infrastructure. We are focused on providing technical solutions to community and producing civil engineers to serve humanity and contribute to socioeconomic development through knowledge and skills. The future students will have an excellent learning experience in education as well as career building, as this civil engineering department at IUB will provide them a platform to excel in their career and explore all the opportunities for professional growth and personal advancement, while contributing to the community by providing services.

Department of Computer Systems Engineering

Department of Computer Systems Engineering is the second oldest program of Faculty of Engineering, the Islamia University of Bahawalpur established in 2005. Computer Engineering is one of the rapidly growing fields that plays a crucial role in almost every area of today's world, providing hardware and software solutions. The department provides the excellent software and hardware design knowledge & skills to its graduates. The department has graduated 15 batches up till now, all batches are accredited from Pakistan Engineering Council (PEC). The Department has 12 dedicated faculty members with 07 full-time PhDs and 04 faculty members who are currently pursuing their PhD from national and international universities. The Department of Computer Systems Engineering comprises of excellent infrastructure, air-conditioned classrooms equipped with multimedia tools, 10 well equipped labs with high trained lab staff and well stocked library with more than 40,000 engineering books.

Nadia Rasheed, PhD
Associate Professor & Chairperson

PROGRAMMES

- ✦ BSc Computer Systems Engineering
- ✦ MSc Computer Engineering

Abdur Raheem, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ BSc Electrical Power Engineering
- ✦ MSc Electrical Power Engineering
- ✦ PhD Electrical Engineering

Department of Electrical Engineering

Electrical Engineering is the largest and most diverse technological field in the world. We are proud to offer one of the prominent engineering programs in the Islamia University, leading to BSc. Electrical (Power) Engineering and competitive postgraduate programs. Our undergraduate Electrical Engineering program is unique nationally due to the availability of well-stocked, state-of-the-art laboratories, a thriving high-quality research and qualified faculty (the vast majority of whom have PhD degrees from globally top-ranked universities). The Electrical Engineering program provides a broad-based education in the domains of electrical engineering encompassing fields such as Electrical machines, renewable energy, power generation and transmission, illumination, power distribution, high voltage engineering and power system stability and control.

We are committed to educating future global leaders in Electrical Engineering, dedicated to pursuing knowledge and state-of-the-art technologies and devoted to maintaining the highest standards in the graduate work or higher studies.

Department of Electronic Engineering

Department of Electronic Engineering is the pioneer department of the Faculty of Engineering established in 1999. The objective of the department is to provide cutting edge engineering education for the aspiring young students of the country in general and for the students of Southern Punjab in particular. There are 16 faculty members (9 of whom are foreign qualified PhDs while the remaining faculty members are pursuing their PhDs) engaged in teaching both undergraduate and graduate engineering programs. The faculty members are well-trained, highly motivated and committed to provide quality education and excellence to the students. The Department has an excellent infrastructure comprising well-equipped state of the art laboratories, spacious air-conditioned classrooms, a well-stocked library with more than 50,000 engineering books and the latest computing labs equipped with more than 100 modern computers and multimedia facilities in all labs and classrooms. To date, 20 batches have graduated from the department, all of them are accredited by the Pakistan Engineering Council (PEC).

https://www.iub.edu.pk/departement-of-electronics-engineering?f_id=MQ==

Shahab Ahmad Niazi, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BSc Electronic Engineering
- ✦ MSc Advanced Electronics & Control Systems

Muhammad Ali Qureshi, PhD
Professor & Chairman

PROGRAMMES

- ✦ BSc Telecommunication Engineering
- ✦ BS Cyber Security and Digital Forensics
- ✦ BS Intelligent Systems and Robotics
- ✦ BS Information Engineering Technology
- ✦ MSc Electrical Engineering (Communication and Signal Processing)
- ✦ MS Biomedical Engineering

Department of Information and Communication Engineering

Department of Information and Communication Engineering, established in 2008, offers graduate and postgraduate programs in diverse fields of information and communication engineering. The department has 9 dedicated faculty members with 7 PhD and 2 faculty members currently pursuing their PhD from national and international universities. The department has graduated 13 batches of BSc Telecommunication Engineering up till now, all accredited by Pakistan Engineering Council. The Pakistan Engineering Council, in their last visit in 2021, accredited the BSc Telecommunication Engineering program under level II for 4 batches. The Department has 10 dedicated and well-equipped labs and trained lab staff. The Department of Information and Communication Engineering has taken measures to actively involve industrial personnel to play a role in the academic grooming of our students. Experts from industry, department alumni, and others are taking part to strengthen our graduate and post-graduate programs. We encourage our students to visit industries and identify problems pertaining to them, which could be undertaken as projects. Such liaisons have remained fruitful in developing industrial linkages with industries and organizations situated in the vicinity.

Sir Sadiq Institute of Technology

The Sir Sadiq Institute of Technology (SSIT), established in 2022, is playing a vital role in this endeavor by providing Outcome-Based Education and Assessment (OBE&A). As an integral part of the university, SSIT offers excellent opportunities for learning through both education and hands-on training. The institute offers graduate programs in diverse fields of technology. SSIT offers the following two Bachelor of Technology programs:

Bachelor of Engineering Technology (Electrical)

Bachelor of Engineering Technology (Biomedical)

In addition, the following technology programs have been approved by the statutory bodies of IUB.

Bachelor of Engineering Technology (Civil)

Bachelor of Engineering Technology (Information Engineering)

The Sir Sadiq Institute of Technology aims to offer degree programs in modern technologies aligned with national economic policies, the China-Pakistan Economic Corridor (CPEC), and local industry needs. The institute focuses on producing graduates who can contribute to Pakistan's socio-economic development and address local industry challenges. Emphasizing skill-based technical education, the institute prepares technologists to meet global industrial demands. It has received NOC from the National Technology Council (NTC) and follows OBE and OBA models in line with the Sydney Accord. Prospective students are invited to join the institute for high-quality, skill-oriented education

**Faculty of
Islamic and
Arabic Studies**

DEAN'S MESSAGE

The Faculty of Islamic and Arabic Studies is the custodian of the great and glorious history and traditions of the Jamia Abbasia (now The Islamia University of Bahawalpur). The faculty of Islamic and Arabic Studies is playing its constructive and effective role in the promotion and dissemination of Islamic and Arabic sciences.

The faculty has endeavored to provide distinguished education according to a developed and approved educational and research system that contributes to the revival of society.

The faculty also aims to prepare an educated generation with a broad Quranic culture that enables it to defend Islam and counter suspicions and to link the faculty through the university to the local community by participating in various activities that fall within the jurisdiction of Islamic Studies. This goal is translated through lectures, conferences, seminars, courses, lessons, and religious speeches on various celebrations and occasions to bridge the relationship between this intellectual society and local community groups with its various fields.

The faculty includes qualified staff having extended research and teaching experience. Since its establishment, the faculty strives to be a center of excellence in its specialized fields. It focuses on programs that meet the evolving needs of society. The faculty offers undergraduate, graduate, and doctorate programs in the Arabic language, Quranic studies, Translation studies, Hadith, Fiqh and World Religions & Interfaith Harmony.

Sheikh Shafiq ur Rehman
Dean

Sheikh Shafiq ur Rehman, PhD
Professor & Chairman

PROGRAMMES

- ✦ BS Arabic
- ✦ BS (ADP) Arabic
- ✦ MPhil Arabic
- ✦ PhD Arabic
- ✦ Arabic Language Course

Department of Arabic

Department of Arabic is one of the pioneer departments of the Islamia University of Bahawalpur. Currently, several programs are running which include BS, ADP, MPhil (Arabic literature and Arabic linguistics), PhD, and Diploma. However, BS (Shift-B) and distant learning programs have also been planned. It is worth mentioning that the Department of Arabic is one of the esteemed departments at the University. It has produced a remarkable number of PhD and MPhil Scholars. The department is endeavoring its best to serve the student community in Pakistan and abroad. The outstanding feature of this department is to promote the language of Qur'an and Hadith and also to introduce it as a functional language which represents a complete culture of Arab world. The Department also offers a three month Arabic Language Certificate course for community.

Department of Fiqh and Shariah

The Department has been conducting its academic activities under the faculty of Islamic and Arabic Studies with a view to research and disseminate knowledge in Fiqh and Shariah. The Department initiates its policy to integrate Fiqh and Shariah in order to achieve the goals through its syllabus, curriculum, and teaching strategies.

It also prepares a generation of university students who improve the Islamic reality by calling for and following the legal content and its evidence from the Holy Quran and Sunnah including the sayings of the Prophet's Progeny (Peace be upon them) and the statement of the truth of the legal text and Islamic thought.

The Department of Fiqh and Shariah has prepared various courses/projects/schemes of studies for students of BS, MS/MPhil, and PhD relating to Fiqh and Shariah. The scope of the department is to play leading role in interpretation of Shariah according to the needs of contemporary Pakistani society.

Muhammad Saeed Sheikh, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ **BS** Islamic Studies with Specialization in Fiqh and Shariah
- ✦ **BS (ADP)** Islamic Studies with Specialization in Fiqh and Shariah
- ✦ **MPhil** Islamic Studies with Specialization in Fiqh and Shariah
- ✦ **PhD** Islamic Studies with Specialization in Fiqh and Shariah

Ghulam Haider, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ **BS** Islamic Studies with Specialization in Hadith
- ✦ **BS (ADP)** Islamic Studies with Specialization in Hadith
- ✦ **MPhil** Islamic Studies with Specialization in Hadith and Sirah
- ✦ **PhD** Islamic Studies with Specialization in Hadith and Sirah

Department of Hadith

The Department focuses on the study of Hadith and Sunnah of the Prophet (PBUH), its collections, preservation, authentication, and their interpretation as a source of knowledge and guidance for man's spiritual and moral need as an individual in society. It intends to enable students to work diligently and function benevolently in all avenues of life. The department is committed to restore the full meaning of education by offering an opportunity to study comprehensively and critically train students to develop the strong relation with Islamic values and ethics. The department is preparing and offering BS, MPhil and PhD programs for specialization in Hadith and Sirah Studies to its students. The scope of the department is to equip students with understanding of the origins and development of Islamic thought and its relevance to modern issues. Students will be able to develop linkage among different highly reputed national and international institutions at higher level.

Department of Islamic Studies

The Department of Islamic Studies is one of the pioneer departments of the university. Eminent scholars of the sub-continent have served this department for a long time. The faculty members of the Department of Islamic Studies, the Islamia University of Bahawalpur have truly epitomized their attributes at national and international Islamic aspects. The faculty members have obtained highest degrees from leading Islamic universities in the Muslim world. All courses are taught from their original sources and original language so that the students can get first hand knowledge of his/her area of study. The faculty members not only deliver lectures in the department but also serve the entire university by conducting graduate and postgraduate courses related to Islamic Studies.

Muhammad Imran, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ BS Islamic Studies
- ✦ BS (ADP) Islamic Studies
- ✦ MPhil Islamic Studies
- ✦ PhD Islamic Studies

Zia ur Rehman, PhD
Professor & Chairman

PROGRAMMES

- ✦ **BS** Islamic Studies with Specialization in Qur'an and Tafseer
- ✦ **BS (ADP)** Islamic Studies with Specialization in Qur'an and Tafseer
- ✦ **MPhil** Islamic Studies with Specialization in Qur'an and Tafseer
- ✦ **PhD** Islamic Studies with Specialization in Qur'an and Tafseer

Department of Qur'anic Studies

The Department of Qur'anic Studies aims to promote the academic study of the Qur'anic Sciences. Muslims believe that the Holy Qur'an is the final book of Allah which was revealed on the Holy Prophet Muhammad (PBUH). Therefore, the study of the Qur'an along with its various sciences is not only considered as a religious duty among Muslims but is also considered as the most important source to understand entire Islamic culture and civilization. The scope of this department is to expand, advance, enrich the Qur'anic and Islamic Studies for universal harmony and humanity through research activities, teaching, publication, and consultation that are of international standard and quality. It is endeavoring to be an excellent Higher Learning Centre in Traditional and Contemporary Qur'anic Studies both nationally and regionally research, teaching, and consultation.

Department of Translation Studies

As globalization continues to bring the cultures and languages of the world closer, the related fields of translation and interpreting are becoming increasingly important today. The objective of this department is to provide students with proficiency in Arabic, English, and other foreign languages. It will equip them with the skills necessary to compete in the growing translation business sector. One of the main objectives of the establishment of this department is the teaching of compulsory translation of the Qur'an in the university. The department provides innovative methods of translating and understanding the Quran. The department also provides a platform for madrasa students to pursue their career in disciplines other than Arabic and Islamic Studies. Scope of this department is to develop linkages between different highly reputed local and foreign universities of language studies and to produce freelance translators who can build their careers in the massive market of translation and interpretation.

Hafiz Aziz ur Rehman, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ BS Translation and Interpretation
- ✦ BS (ADP) Translation and Interpretation
- ✦ Diploma Arabic for Understanding Qur'an

Sagila Kousar, PhD
Associate Professor & Chairperson

PROGRAMMES

- ✦ **BS** Islamic Studies with Specialization in World Religions and Interfaith Harmony
- ✦ **BS (ADP)** Islamic Studies with Specialization in World Religions and Interfaith Harmony
- ✦ **MS** Islamic Studies with Specialization in World Religions and Interfaith Harmony

Department of World Religions and Interfaith Harmony

The Department of World Religions and Interfaith Harmony was founded as a part of the Faculty of Islamic and Arabic Studies in 2020. It aims to promote interreligious peace and harmony through the analytical yet empathetic study of religions. It prepares students for the Quranic call of interfaith dialogue and peacebuilding.

Courses offered in the department enable students to have insight into contemporary religious issues with objectivity and open-mindedness. Increasing cultural awareness, this sort of study helps to examine the beliefs, institutions, and customs of major religions of the world to impart deep intercultural literacy. As an interdisciplinary field, it can play an influential role in almost every region of the world. Beyond developing the basic but essential skills in the students, their training in religious studies prepare them to work excellently in culturally diverse social settings. Hence, their employment chances increase tremendously not only in academia but also in the public and private institutions, organizations, and research centers.

DEAN'S MESSAGE

Keeping in mind the Islamic heritage of Bahawalpur State and to preserve the legacy of the renowned institution Jamia Islamia Bahawalpur, the Islamia University of Bahawalpur Act provided the establishment of Faculty of Law. A virtuous infrastructure was in focus to establish the faculty to be designed fulfilling the Constitutional requirements of transforming legal system of the state as envisioned in 1947. Inauguration of the subjects of Law and Shariah has been the prime objectives. The introduction of this faculty, indeed, was due since creation of the University itself. This long-awaited pride attracted the attention of the worthy Vice Chancellor, Engr. Prof. Dr. Athar Mahboob (Tamgha-e-Imtiaz), and the enthusiasm has lead to accomplish the need of protracted legal education for law students and legal fraternity including jurists, lawyers and judges. Though this faculty currently comprises of three departments, i.e., Department of Criminology, Department of Law and Department of Shariah and Law, it has the capacity to comprehend the legal education of different branches of law covering the national and international legal insights focusing the eventual coverage of related socio-economic disciplines. This Faculty has the future plans versioned with the Law related projects developing the society featured with the peace security and justice. Faculty is expected to expand further to become an established center of research in contemporary legal education and illuminate profound assets of Classical Islamic legal system.

Rao Imran Habib
Dean

Malik Zia-ud-Din, PhD
Assistant Professor & In charge

PROGRAMMES

- ✦ BS Criminology

Department of Criminology

Department of Criminology has been recently established under the umbrella of Faculty of Law, the Islamia University of Bahawalpur to contribute towards imparting education in Criminology. The study of criminology as a formal academic field is a recent development in Pakistan. However, it is a widely studied and well regarded academic discipline in institutions all over the globe. It sheds light on the decision-making process behind criminal justice policy. In particular, students of criminology learn how various parts of the criminal justice system function and administer punishment. Many academic fields, including law, sociology, psychology, economics, history, politics, and social work, contribute to and inform the study of criminology. It differs from these fields of study, however, in that it employs them in service of the state and society at large, ensuring public safety, rehabilitating criminals into productive members of society, and so on. Professional opportunities await criminology majors in law enforcement, prosecution, corrections, parole, probation, and juvenile justice, among other fields.

Department of Law

Legal education has become one of the guardians of human rights. It guarantees the basic human rights by establishing boundaries of rights and duties of the citizens. It aims at developing peaceful society by empowering individuals to live and letting the other live. Department of Law, IUB, is one of the prestigious departments of the country which aspires to promote the quality of education. Currently the department is offering 5-Years Bachelor of Law (LL.B) program under semester system, 2-Year Master of Law (LL.M) program under semester system and PhD in Law.

Jibraan Jamasid, LLM
Associate Professor & Chairman

- ✦ LLM (2 Year Program under Semester System)
- ✦ PhD Law

Amjad Hussain, LLM
Assistant Professor & In charge

PROGRAMMES

- ✦ LLB Shari'ah and Law (5 Year Program under Semester System)

Department of Shari'ah and Law

The Department of Shari'ah & Law (DOSL) has been established with a fundamental mission: to cultivate leaders and scholars proficient in Shari'ah and Law, capable of guiding the global human society. The aim of its 5-Years LL.B (Hons.) Shari'ah & Law Program is, thus, to nurture law graduates equipped to comprehend and address the contemporary challenges and aspirations of the Muslim Ummah. Through a rigorous academic curriculum, grounded in the principles of Shari'ah, it endeavors to empower its law graduates to excel in the world with their intellectual prowess and scholarly acumen. The said program aims to equip students with the necessary knowledge, skills and ethical framework to shine in the legal profession while also fostering a deep understanding of Islamic law and its relevance in the modern world with special reference to Pakistan.

The Shariah & Law graduates would be eligible to serve as practicing lawyers, judges, lecturers in Law Departments/Colleges, legal advisors, etc. They would also be eligible to serve against all the other Law and Shari'ah related vacancies.

DEAN'S MESSAGE

Faculty of Management Sciences and Commerce aspires to provide incisive learning and innovative research opportunities for undergraduate and postgraduate students. In doing so, we believe in building wide-ranging possibilities of knowledge acquisition and transfer for the students, enabling them to reach their full potential. Our Departments of Commerce, Accounting and Finance, and Institute of Business, Management and Administrative Sciences (IBMAS) are providing high-quality research and education opportunities. Our vision and mission are inspired by a duty to offer opportunities to students for further education and entering businesses for economic and societal development. This is a great time, where the departments are thriving in terms of its highly qualified faculty, excellent students and research oriented studies. The Faculty of Management Sciences & Commerce is on the rise upon all indicators such as number of enrollments, research output, national/international collaborations, ranking and excellence through awards to the faculty and students. I am sure that with dedication and hard work, many of you will be able to successfully complete the degree program for which you have enrolled. During your study at faculty, you will be provided every possible support and guidance required for the completion of your degree program. I wish you a happy stay at the campus during entire period of your study at this institution. Feel free to contact me, if you have any problems relating to your stay, studies or personal nature. God bless you all.

Associate Professor & Chairperson

PROGRAMMES

- ✦ BS Accounting & Finance

Department of Accounting and Finance

Department of Accounting and Finance, (DAF) was established at Baghdad-ul-Jadeed Campus on 1st July 2020. DAF is currently offering Bachelor of Science in Accounting and Finance (BSAF). This 4 year degree program consists of eight semesters. A candidate must have completed FSc/FA/ICS/ICOM/A level or equivalent. Students from ADP program (Commerce and Business) can also get admission in BSAF degree program from 5th semester. It prepares graduates for promising career opportunities in different positions such as auditor, accountant, taxation officer, consultants and finance manager.

Department of Commerce

Department of Commerce is one of the finest and leading departments of the University, where students are enrolled to develop their skills, revitalize their prior knowledge, stretch their financial and entrepreneurial competencies through practical application of various subjects, i.e. accountancy, finance, management and marketing. The Department is one that has an eminent history of widening the horizons of its student and helping them to gain practical knowledge required to compete at both national and international levels. The major goal of the department is to equip students with such skills to make them compatible through increased practical exposure and divulging them to various curricular activities.

Institute of Business, Management & Administrative Sciences

The Islamia University of Bahawalpur is one of the largest and leading institutions in Pakistan. The university is playing a vital role in educational sector through providing quality and practice oriented education and the Institute of Business, Management & Administrative Sciences (IBMAS) is leading the way in this expedition. As an integral part of university, Institute of Business Management & Administrative Sciences offers excellent opportunities for learning through education and research and lead in numerous fields of business studies & administration to maximize success prospects. The Institute of Business, Management & Administrative Sciences (IBMAS) is further divided into nine departments namely, Leadership and Business Management, Tourism and Hospitality Management, Entrepreneurship and Innovation, Project and Operations Management, Marketing & International Business, Business Finance, Islamic and Conventional Banking, Technology Management, Administrative Sciences and Management Sciences that aim at catering to the contemporary business needs. We believe in providing quality education to our students, according to the market needs, focusing on refining both their intellectual growth and character development. The diverse knowledge base, quality teaching frameworks, experience, expertise, and research of our faculty help us in achieving our goals. Recently, the BBA degree program has been accredited by National Business Education Accreditation Council (NBEAC) making IBMAS amongst Top 30 Business Schools in Pakistan, proving high standards of education. IBMAS is offering various diplomas, bachelor, masters and PhD programs in various subjects ranging from conventional business management programs to emerging fields such as Tourism and Entrepreneurship. The necessary information about all our programs is mentioned here to guide prospective students in choosing the right program. If you are looking for high class & practice oriented education and want to prosper in today's competitive business environment, I urge you to be a part of the Institute of Business, Management & Administrative Sciences. I invite all the prospective students to join us in this journey of excellence.

PROGRAMMES

- ✦ BS Administrative & Management Sciences
- ✦ MS Administrative & Management Sciences

Department of Administrative Sciences

Department of Administrative Sciences (DAS) offers an applied, problem-based approach, blending new theoretical developments and practice, to manage both public & private sectors challenges domestically and overseas. The DAS aims to develop leading-edge thinkers and professionals who will have a positive impact on the different orders of government, nonprofit organizations, communities in Pakistan, and around the world. DAS hosts undergraduate and postgraduate programs in Administrative & Management Sciences. Together with the coursework, the programs offer advanced seminars in which students need to discuss their own public management-based ideas under close supervision by full-time PhD faculty members.

<https://www.iub.edu.pk/departments-administrative-sciences>

Department of Finance

Established recently at the Institute of Business Management and Administrative Sciences (IBMAS), Department of Finance (DOF) aims to develop global professionals in Finance and Investment which have detailed understanding of financial markets and products used to construct optimal investment portfolios. Through our specialized academic programs, customized executive education and applied industrial research, DOF's vision is to lead the way in the realm of studies on finance and investment. Collaborating with international partners from multiple verticals in Pakistan and around the world, DOF aspired to support programs that embody the core principles of socioeconomic empowerment, financial inclusion and an equitable financial system. In alignment with this shared mission, DOF has contributed to socially beneficial policy changes by participating in initiatives that rely on Responsible and Sustainable Finance and Investment in the context of UN Sustainable Development Goals (SDGs) and Central Banks Value Intermediation Framework.

Department of Leadership and Business Management

Our students are coached on a broad range of undergraduate and postgraduate courses comprised of Management, Leadership and Human Resource Management theories and practices. Our aim is to prepare the undergraduate and postgraduate students for creating an impact in the job markets with their refined knowledge base, intellectual activities, efficient communication skills, expertise in problem solving, research and community building. Our globally qualified distinct teaching faculty not only guides the students on their subject specific matters but also channels them for the immense possibilities which will be available to them after the completion of their degrees

Department of Management Sciences

Rapid economic growth, the hypercompetitive business world, large-scale expansion of the private sector, and globalization have combined pressure on the development of visionary, creative, efficient, and dedicated human resources with competitive managerial skills and knowledge. Management education serves this purpose and has become the most esteemed qualification for current and future managers, executives, and corporate leaders to acquire desired managerial and leadership skills and knowledge. A degree in management education will equip the students with the knowledge, skills, and attitudes required by successful managers, leaders, and entrepreneurs to contribute to local, national, and international organizations in a socially responsible global manner. Management education consists of theories and practices of management, focusing on areas such as human resources, operations, marketing, and finance as well as managerial ethics. Management Studies graduates can find a career in a variety of organizations including banks, businesses, NGOs, and government departments. They also developed the potential to start entrepreneurial careers by establishing their own business or consultancy services. The Department of Management Sciences (DMS) was established in 1994 to fulfill the demand for quality business professionals by organizations. Since then, the department has won accolades of success in the business world by producing scintillating results year after year. The students of the department have won various awards in national and international contests. Up to now, several hundred students have graduated and enjoyed managerial positions in the hierarchy of various national and multinational organizations.

Jawad Iqbal, PhD
Professor & Chairperson

PROGRAMMES

- ✦ **BBA**
- ✦ **MBA 1.5 Year (Weekend & Weekdays)**
- ✦ **MBA 1.5 Year for Non-Business Graduate with deficiency courses of 30 credit hours**
- ✦ **MS Management Sciences**
- ✦ **PhD Management Sciences**

Sulaman Hafeez Siddiqui, PhD
Associate Professor & Chairperson

PROGRAMMES

- ✦ BS Digital Marketing
- ✦ BS Marketing & International Business
- ✦ BS (ADP) Digital Marketing
- ✦ PG Diploma in Digital Marketing (1 Year)
- ✦ Diploma in Digital Marketing (6 Month)

Department of Marketing and International Business

Department of Marketing and International Business (DMIB) is a part of Institute of Business, Management and Administrative Sciences. We offer a wide spectrum of courses including BS and MS Digital Marketing and Marketing major of the Bachelor of Business Administration (BBA), Masters (MBA/MS) and PhD degree programs in addition to training programs offered to the business community. Sharing our knowledge with a wider audience is also a priority, the DMIB engages with industry and government and holds regular seminars, workshops, and training programs contributing to public discourse through experts' critical analysis.

Department of Project & Operation Management

Department of Project and Operations Management (DPOM) is working under the Institute of Business, Management and Administrative Sciences, the Islamia University of Bahawalpur. DPOM's vision is to promote quality education and attract students who allow them to study alongside aspiring individuals. Our dedicated teaching and research team assists candidates in choosing a dynamic career for each graduate and undergraduate program. The DPOM is trying to contribute to BRI (belt and road initiative) by producing compatible manpower for China Pakistan Economic Corridor (CPEC) and our graduates may capitalize on the CPEC opportunities and contribute in meeting the challenges of the global economy. Our department also plays a vital role in the national initiative of reviving the construction and IT industry by producing successful project managers and leaders. To extend international exposure for students and faculty the DPOM has established collaborations with international institutions including Faculty of Logistics and Digital Supply Chain, Naresuan University, Thailand, where the students and faculty of DPOM exchange one to two semesters every year.

Muhammad Nazim, PhD
Associate Professor & Chairperson

PROGRAMMES

- ✦ BS Supply Chain Management
- ✦ BS Aviation Management
- ✦ MS Operation & Supply Chain Management
- ✦ MBA 1.5 Supply Chain Management
- ✦ MS Project Management

Muhammad Suhail Sharif , PhD
Associate professor & Chairperson

PROGRAMMES

- ✦ BBA Technology Management

Department of Technology Management

The BBA Technology Management degree program is designed to allow the students to take their professional and technical skills to new heights. The Department has constructed this program to provide the students with hands on business, administrative, and technological coursework necessary to advance into management and supervisory positions in their field. The Technology Management degree is designed to allow a student who has earned associate degrees in a technical or professional area to complete a bachelor's degree through this upper division program. Graduates of this program are eligible for employment in many industries that require both a technical and business background.

Department of Tourism and Hospitality Management

Tourism and Hospitality industry is the world's second largest industry after manufacturing. Pakistan too has always been world most popular and visited tourist destination. Unfortunately, despite being one of the busiest tourist destinations, Pakistan is deprived of having skilled workforce for hospitality and tourism sector. Department of Tourism and Hospitality Management of the Islamia University of Bahawalpur is, therefore, working to prepare skilled graduates for the hospitality industry as well as to conduct research to further explore the potential of this sector in Pakistan. We are also promoting tourism and hospitality industry in Pakistan and specifically in the region of Bahawalpur through organizing and participating several tourism-oriented activities. The trained hospitality graduates will be actively placed in the Hotels & Tours Operators of the region for experiential learning. The proposed programs will generate large-scale employment opportunities for the younger lot at their doorstep & the department will be able to produce the market demand skills to emerging young trained graduates in the hospitality & tourism market focusing on various tourism products and services..

Shakeel Sarwar, PhD
Associate Professor & Chairperson

- ✦ Refresher Training Courses

Trainings

- ✦ Corporate Trainings
- ✦ Training of Trainers (ToT)
- ✦ Study Skills Capacity Building Trainings (SSCBT)
- ✦ Online Trainings

Capacity Building Workshops

Business Incubation Center

Business Incubation Center (BIC) is a specialized facility that provides comprehensive support and resources to startups and early-stage businesses. Its primary goal is to nurture and accelerate the growth of these enterprises, helping them overcome challenges and increase their chances of success. The center typically offers a range of services, including physical infrastructure, mentorship, access to networks and funding opportunities, business development support, and educational programs. The ultimate aim is to promote innovation entrepreneurship and economic development within a specific region.

Vision

Our vision is to become the premier destination for aspiring entrepreneurs in the region, renowned for our exceptional track record in cultivating successful businesses. We aim to create a vibrant community where entrepreneurs thrive, ideas flourish, and groundbreaking solutions emerge, ultimately transforming our region into a hub of innovation and economic prosperity.

Mission

Our mission is to empower and accelerate the growth of entrepreneurs and startups in our region by providing them with comprehensive support, resources, and mentorship. We strive to create a dynamic ecosystem that fosters innovation, drives economic development, and positions Business Incubation Center as a leading catalyst for regional entrepreneurship.

Objectives

- ✦ Nurture startup growth
- ✦ Foster innovation
- ✦ Enhance entrepreneurial skills
- ✦ Provide access to resources
- ✦ Facilitate networking and collaboration
- ✦ Support market entry and growth
- ✦ Foster a supportive ecosystem
- ✦ Access to funding

Center of Excellence in Corporate Governance

The changing times in business arena have brought Corporate Governance at the helm of business profession and it is imperative to strengthen this area. Furthermore, with the potential available it is also important to provide opportunity to already working professionals in the Corporate Sector in order to equip them with latest knowledge and development. This step will provide the university an opportunity to be pioneer in the practical field of corporate Governance and business in the area of its jurisdiction. A model for such step is available with London Business School where Center for Corporate Governance is established and is working in the field of Corporate Governance.

Functions of the Center

- ✓ To do research in the field of corporate governance and corporate law
- ✓ To work as a platform for the students to train them in the field of corporate governance through teaching/trainings. It will also develop curricula and courses for the subjects related to Corporate Governance.
- ✓ Offer training programs, certifications, and work as consultant for Corporate Sectors including Directors, Company Officers, Company Secretaries, C-Suit and Action Leaders Offering Postgraduate Programs in the field related to Corporate Law, Corporate Governance, International Commercial Law, and Corporate Finance etc.
- ✓ Offer Diplomas in related fields of Corporate Law, Corporate Governance, International Commercial Law, Corporate Finance and Corporate Social Responsibility.
- ✓ Conduct Workshops, Seminars and Conferences
- ✓ Issue Guidelines and working papers in related fields
- ✓ Issue reports on Corporate and Legal workings in the country

Case Research Center

The core objective of IBMAS-CRC is to make the Islamia University of Bahawalpur as one of the market leader in Pakistan for creating exceptional learning experience with respect to case study research, learning and teaching. The Case Research Center (CRC) will play a coordinating and editorial role in the development of well-researched case studies written by the members/researchers. It will also promote applied research and problem-solving skills among the faculty and students.

Objective:

- ✦ To promote case-based teaching at IUB
- ✦ To promote case-based learning and problem-solving
- ✦ To assist faculty to write & teach local case studies
- ✦ To promote co-operation and Collaboration with corporate sector by making Industry-Academia thought leader Forum
- ✦ To initiate a Case Research Journal and conduct Case Based Conferences.

Center for Business Research and Consulting

Vision

To seek and explore knowledge through industry-driven and policy-inducing scientific research along with action oriented entrepreneurship for sustainable business and society at local, national and international level.

Mission

To become a top institute of graduate business studies, research and business incubation that would enhance the University's status as a research and entrepreneurship university.

The Center for Business Research and Consulting is the flagship research center of IBM&AS with the aim to facilitate research and consultancy activities of its faculty members and PhD/MS research scholars. The Center is key element of vision and mission of IBM&AS to impart high quality industry-driven business education and research. The Center will function under quadruple helix model integrating academia-govt-industry-civil to carry out various research and consultancy activities for maximum social and policy impact.

Objectives:

- ✦ To establish a research center with research clusters in various areas of business management and administrative sciences to formalize and structure research activities and capacity building of faculty members and PhD/MS scholars to undertake globally appreciated and locally relevant research.
- ✦ To establish international research labs at IBM&AS in the areas marketing, finance and management.
- ✦ To establish a business consultancy services office to provide consultancy services to industry and enable industry-driven and policy-inducing research projects. The office will be governed as per IUB framework for consultancy services.
- ✦ To establish Scholars Club with mandatory membership by MS/PhD scholars of IBM&AS for enhanced student engagement in research activities.
- ✦ To establish a research publications and repository office to arrange publication of research journal(s) and manage research repository.
- ✦ To conduct annual national and international research conferences/seminars/symposium/colloquiums in collaboration with national and international universities and relevant institutions.
- ✦ To take necessary steps for smooth conduct and enhanced quality of PhD/MS programs.

Research Journal

- ✦ South Asian Review of Business and Administrative Studies

Activities and Events

- ✦ Conduct Research Conferences (National and International)
- ✦ Research-related workshops/seminars/webinars

Resources

- ✦ Postgraduate research room for students

Center for Digital Business Excellence (CDBE)

Introduction

This center encourages the adoption of best practices in deploying relevant digital media, experiences, insights, and technology across the IUB to maximize the potential opportunities offered by digital media and technology to meet multichannel marketing objectives. The mission of CDBE is to cultivate human resources that are knowledgeable and prepared for the market, to build links between industry and academia, and to perform creative research in the areas of social and digital media technologies. With the induction of the emerging programs like BS Digital Marketing and BBA Digital Marketing, the need for a center emerged that will not only inculcate digital marketing skills but also will give hands-on experience to its graduating students. The center will serve as a hub of information about the industry and help students to learn about organizations which will increase employability. The center will enhance the capacity of local businesses to become a part of digital markets arena and benefits from arising opportunities.

Vision:

To bridge the gap between academia and industry by sharing technical expertise and knowledge in enhancing industry's capacity for digital presence to address modern day challenges and to provide students and businesses a better digital learning environment.

Mission:

To become a center of excellence to promote digitalization of businesses and business education at regional and national level in line with the global best practices.

Objectives:

- ✦ Digital skills development for Business Professionals
- ✦ IBMAS Channel as hub for industry-academia-government
- ✦ Digital Business Directory
- ✦ Digitalization of Businesses
- ✦ Digital Marketing Campaign for Businesses
- ✦ Digital Marketing Lab

Center of Excellence in Islamic Finance and Social Equity

Introduction

CEIFSE is developed under the umbrella of Department of Islamic and Conventional banking (DICB), IBMAS. The objective of the Center of Excellence in Islamic Finance and Social Equity (CEIFSE) is to establish concentrations of researchers in Islamic finance, to establish centers that will act as a linkage with other national and international centers on Islamic finance to promote Islamization and to facilitate the practitioners in the field of Islamic finance, especially, Islamic banking. Additionally, the objectives is to encourage the pursuit of excellence in research at national and international levels on Islamic finance, to provide high-quality environments for education related to the Islamic finance and banking and to train students in Islamic finance and to promote research in areas of Islamic finance and banking.

Vision

To be an eminent Center of excellence in Islamic finance and social equity globally.

Mission

To be advance in Islamic finance knowledge and develop leaders with holistic characteristics to serve the global community by optimizing integration and Islamization in international perspective to achieve excellence in all branches of knowledge in Islamic finance.

Center of Excellence in Inclusive and Sustainable Finance

Introduction

The Center of Excellence in Inclusive and Sustainable Finance (CEISF) IUB was established 2022 after Microfinance Literacy Hub was Converted to CEISF in order to train and develop executives, students and members of the general public in various skills and expertise. CEISF will contribute to knowledge creation and sharing in the field of inclusive and sustainable finance, including microfinance, Fintech, DeFi, Green finance, etc. CEISF of IUB is presumed to become one of the most sought-after institutions in Pakistan for short-term courses in Finance, Digital Finance (DeFi), Financial Technologies (FinTech), Financial Inclusion, Microfinance, Economics, Entrepreneurship, Leadership, and Small Business Management.

Vision

The Centre of Excellence in Inclusive and Sustainable Finance aims to provide opportunities for building sustainable, resilient and empowered financial inclusion mechanisms to reach out to all segments of society and achieve sustainable development goals.

Mission

We endeavor to become a center of excellence in applied research on microfinance and micro-enterprises based on an Islamic perspective but with a global context and outlook.

Short courses and by CEISF

- ✦ Post Graduate Diploma in Sustainable Finance.
- ✦ Post Graduate Diploma in Green Finance.
- ✦ Post Graduate Diploma in Financial Technology
- ✦ Post Graduate Diploma in Financial Inclusion.
- ✦ Post Graduate Diploma in Climate Adaptation Finance
- ✦ Post Graduate Diploma in Big Data and Artificial Intelligence in Financial Industry.

Quality Enhancement & Accreditation Cell

Accreditation and Quality Enhancement Cell was recently established at IBMAS in October, 2020. The primary motive behind the establishment of institute's own QEC is to ensure adherence to the Quality Standards as per the criteria provided by the National Business Education Accreditation Council, HEC. After successfully getting accredited by NBEAC, HEC for BBA Program, in July 2021, the institute works on a continuous basis towards improvement of the curriculum as well as teaching and research quality. This Accreditation and QEC is responsible to ensure that the nine standards provided by NBEAC are met, by maintaining the record of the courses taught at IBMAS, as well as evaluation and monitoring of the teaching practices undertaken at the institute. It is also involved in the new policy development at the institutional level to set the bar higher.

The Accreditation and QEC at IBMAS aims towards developing a coherent and systematic approach for the development of such policies, procedures and practices that are targeted towards continuous growth and aiming towards achieving excellence across all aspects of the Institute. The basic operations include development of quality standards for the programs and courses taught at the institute, maintaining a record of the course material utilized, development of industry competent policies and practices, aligning these policies and procedures undertaken to the university's mission and orientation, collecting feedback from all stakeholders involved to ensure continuous improvement, and, most importantly, an active research to identify the best practices in Higher Education in the international arena.

Center for Entrepreneurial Development & Graduates Employability (EDGE)

Introduction

The Institute of Business Management and Administrative Sciences (IBMAS), under the Islamia University of Bahawalpur, has recently initiated its Placement cell, Center for Entrepreneurial Development & Graduates' Employability (EDGE) that aspires to serve as an interface between the industry and academia by providing the link between the students and their prospective employers.

The EDGE is an intrinsic body of IBMAS that solely focuses on its pupil who is ready to be a part of the market for jobs and start their businesses. The IBMAS management is fully invested in providing sound infrastructure and human resources to manage the activities of EDGE.

Vision

"To become a leading institute in the field of Business, Management, and Administrative Sciences." (IBMAS)

Mission

The mission of EDGE at IBMAS is to enhance the employability and entrepreneurial development of our students by providing them with all possible assistance in their ongoing career planning and development. We strive to bridge the industry-academia gap by developing mutually beneficial relationships. Doing so, we work in collaboration with our faculty and employers to prepare our students to become future-ready products by furnishing them with relevant academic, personal, & professional developments.

Goals & Objectives

This office strives

- ✦ To build and maintain strong corporate relationships
- ✦ To guide and facilitate the students and alumni
- ✦ Developing their career path, based on their skills and interests
- ✦ Provide all the available educational as well as occupational information
- ✦ Find an internship or occupation after graduation
- ✦ Enhance professional communication skills
- ✦ Create strong industry-academia linkages through job fairs and seminars

DEAN'S MESSAGE

The Faculty of Medicine and Allied Health Sciences was constituted in 1975 with the name of Faculty of Medicine and again made functional in 2020. The faculty has three colleges, University College of Conventional Medicine established in 2000 and Sir Sadiq Muhammad Khan Abbasi Post Graduate Medical College, started in 2014 and University College of Nursing. Faculty also started new departments such as Department of Physical Therapy, Department of Human Nutrition and Dietetics, Department of Public Health, Department of Forensic Science, Department of Medical Laboratory Technology. Recently department of Homeopathic Medical Sciences (HMS) has emerged which was formerly a part of UCCM. The University College of Conventional Medicine is offering Bachelor of Eastern Medicines (BEM) and Bachelor of Traditional Chinese Medicine (TCM). Moreover, University College of Conventional Medicine is also offering MPhil and PhD programs (Eastern Medicine and Phytomedicine). The Post graduate medical college is offering MPhil Pharmacology for medical doctors, pharmacists and many more relevant graduates. The Faculty of Medicine & Allied Health Sciences is dedicated to achieving academic excellence in medical, physical, and nursing education. It addresses the critical need for community-oriented, skilled, committed, and compassionate medical specialists, traditional physicians, physical therapists, laboratory technologists, and nurses. Through thorough comprehension and acquisition of essential skills, these professionals are equipped to effectively address the health challenges faced by communities. The mission of faculty is to enhance health outcomes by offering essential educational programs in allied health, preparing professionals to contribute effectively within the healthcare system. It aims to deliver contemporary clinical care of the highest quality in allied health disciplines and extend outreach to underserved populations. I eagerly anticipate your decision to join any of our programs of your choosing. Rest assured, our comprehensive approach to education will equip you to become leaders in the allied health profession. Wishing you best of luck for your future endeavors.

Saeed Ahmad
Dean

Lecturer & In charge

PROGRAMMES

- ✦ BS Forensic Science

Department of Forensic Science

Forensic Science is the use of scientific methods and expertise to investigate crimes and examine evidence. It comprises the diverse array of disciplines, from fingerprint and DNA analysis to polygraph, and anthropology. The application of Forensic Science in the field of Crime Scene investigation enhances justice and transparency within the criminal justice system. It is the need of the hour to promote Forensic Science education in our country so that the true offenders may be traced down through scientific analysis of evidence which will ultimately result in the prevalence of justice in the country. It would produce qualified forensic experts to serve the community. Bachelor's degree programs in Forensic Science (BS) emphasizes interdisciplinary coursework in Physiology, Biochemistry, Molecular biology, Question Document Analysis, Crime Scene Investigation, Analytical Techniques in Forensic Science, Finger print Analysis, and Forensic Serology and DNA Analysis to teach and enable the students how to handle and analyze any type of evidence for criminal investigation purposes

Department of Human Nutrition and Dietetics

The Department of Human Nutrition and Dietetics was founded in 2020 and currently offers 4 years degree program “BS (Hons.) Human Nutrition & Dietetics” (Morning/Evening). It is staffed by 3 qualified faculty members. Nutrition is the science that deals with food and its components in relation to human body whereas Dietetics is the practical application of this scientific knowledge for improving and maintaining human health. Both Nutrition and Dietetics are well established disciplines in the developed world and are significantly contributing towards better human health. The role of nutrition (dietetics) in the prevention and management of diseases is largely un-explored due to the nonexistence of this vital discipline in the country.

- ✦ BS Medical Laboratory Technology

Department of Medical Laboratory Technology (MLT)

Department of Medical Laboratory Technology was established under the Faculty of Medicine & Allied Health Sciences at The Islamia University of Bahawalpur Pakistan in August 2020. BS.MLT (Medical Lab Technology) is a 4-years degree program that runs under semester system in this department. The program intends to impart scientific knowledge and skills to train students from the basic to advanced medical laboratory techniques used in Clinical Chemistry, Hematology, Blood Bank, Microbiology and Histopathology laboratories. Medical Laboratory Technologist are allied healthcare professionals. Their main task is diagnosis of diseases in patients referred to them by physicians and doctors.

Department of Physical Therapy

The Department of Physical Therapy (DPT), established in 2020, plays a key role in achieving Sustainable Development Goal 3 by promoting health and well-being for all. The department is dedicated to developing competent, patient-centered physical therapy professionals committed to academic and clinical excellence. The program emphasizes lifelong learning, ethical standards, and hands-on clinical experience through mentoring and hospital rotations. Graduates can specialize in various areas, including Musculoskeletal, Neurological, Orthopedics, and Sports Rehabilitation, and serve as independent practitioners with direct patient access.

Doctors of Physical therapy are the independent practitioners with direct access to the patients.

Department of Public Health

The Department of Public Health was established in the month of May, 2021, as the pioneer dedicated Department in South Punjab region. It is dedicated to advancing knowledge of Public Health and fostering leadership in public health through education, research, and community service. Faculty members are experts in the field of Public Health and its various domains, including epidemiology, biostatistics, environmental health, health policy, social and behavioral sciences, and global health. They conduct cutting-edge research to address pressing public health issues and collaborate with local, national, and international organizations to implement evidence-based solutions.

The department emphasizes interdisciplinary learning and practical experience, offering students opportunities for internships, fieldwork, and community engagement.

The Department is currently in close collaboration with WHO and several other organizations for enhancing the capacity of students through field experience and practical learning. Pakistan needs at least 5000 Public Health workforce annually to battle the ever-increasing health threats and the department is keen to play a vital role in fulfilling this vital need for a healthy and prosperous society.

DEAN'S MESSAGE

Article 25-A of the Constitution of Pakistan states that the government shall provide compulsory education to all the children of Pakistan between ages 5-16 years. In light of vision of both Prime Minister and President of Pakistan Higher Education Commission of Pakistan has approved policy for online and distance learning. Under this policy and the visionary leadership of worthy Vice Chancellor of the Islamia University of Bahawalpur, the Faculty of Online and Distance Education has been established.

By using a well-established learning management system of education and higher order educational facilities of IUB the major objective of the faculty is to facilitate a wide variety of learners through an excellent learner centered system of education. Along with main stream, the faculty intends to put a special focus on the improvement of education of those who cannot afford full time formal education. At the moment, the faculty is offering BSCS, BBA, BS English, B.Ed 1.5 year, ADP Computer Science, ADP Islamic Studies and Social Sciences and ADP Arts and Languages. The faculty intends to offer some more market based programs in the coming semesters.

Institute of Distance Education

Welcome to the Institute of Distance Education (IDE) at the Islamia University of Bahawalpur (IUB). In today's rapidly evolving world, we are proud to be at the forefront of transforming education through digital technologies, making learning more accessible, flexible, and inclusive for all. At IDE, our mission is to provide high-quality education to a diverse community of learners, helping you achieve academic and professional success from anywhere. We offer a wide range of Open and Distance Learning (ODL) programs, tailored to meet the needs of modern learners, whether you're pursuing higher education, advancing in your career, or balancing personal responsibilities. Our commitment goes beyond traditional education—we focus on equipping you with the critical skills needed to thrive in the 21st-century knowledge-based economy. By fostering a culture of inquiry, research, and reflective practices, we empower our students to think critically, innovate, and contribute meaningfully to society.

The IDE is your gateway to a brighter future. We are here to support you on your educational journey and help you achieve your full potential. Join us in redefining the future of education and unlocking limitless opportunities.

DEAN'S MESSAGE

Welcome to the Faculty of Pharmacy, the Islamia University of Bahawalpur. As you will explore in these pages, the Faculty of Pharmacy is home to many top pharmacy students, leading edge research programs, and practiced health care providers.

We are committed to excellence and innovation in the education of future pharmacists, research in the pharmaceutical sciences, and service of our community and profession. As leaders in the application of pharmaceutical sciences to personalized medicine, we are helping transform patient care through the discovery of novel therapeutics and the optimization of outcomes for existing medications.

Whether you are a prospective student, a researcher, a health care professional, or an interested community member, I invite you to explore our community and contact us to continue the conversation. We'd love for you to join us in the crucial venture of transforming healthcare through pharmacy innovation.

Saeed Ahmad
Dean

PROGRAMMES

- ✦ MPhil Pharmaceutics
- ✦ PhD Pharmaceutics

Department of Pharmaceutics

Department of Pharmaceutics is considered as a pioneer institute that imparts postgraduate of Pharmaceutics education in Pakistan. The department offers a research program that encompasses basic and applied Pharmaceutics. The knowledge and expertise obtained by students from the Department of Pharmaceutics will aid them in the synthesis, standardization, and interpretation of drug substances for medicinal use. Our professional and graduate courses prepare students for challenging positions in academia, government, and industry. Our graduate programs are designed to provide both basic and applied understanding of pharmaceutics and opportunities for students to learn and conduct research in a multidisciplinary environment.

Web link: https://www.iub.edu.pk/department-of-pharmaceutics?f_id=OQ==

Department of Pharmaceutical Chemistry

Department of Pharmaceutical Chemistry, formerly part of the Department of Pharmacy, was established in 2020 and offers MPhil and PhD degree programs by mix mode (coursework and research work). The Department has 06 faculty members and intends to hire more faculty members in future. 02 fully equipped labs are being used by the research students of the department. The department intends to develop more labs with advanced instruments for research purposes. Planning and development of research for the department is in progress.

Saeed Ahmad, PhD
Professor & Chairman

PROGRAMMES

- ✦ MPhil Pharmaceutical Chemistry
- ✦ PhD Pharmaceutical Chemistry

Muhammad Younus, PhD
Associate Professor & Chairman

PROGRAMMES

- ✦ MPhil Pharmacognosy

Department of Pharmacognosy

Pharmacognosy-I (basic) is taught to Pharm D students in 2nd prof and Pharmacognosy-II (advanced) in 3rd prof to develop their understanding about use of natural products in the pharmacy profession. The subject emphasizes upon significant role of natural products in discovery of modern medicines and their usage since ancient times, being backbone of the profession. Keeping in view the increasing trends towards use of natural products due to effectivity, safety, economy and easy availability, we are planning to start PhD program very soon. This will fulfill the increased demand of the society and pharmaceutical market to further enhance the morale of the pharmacy profession.

Department of Pharmacology

Department of Pharmacology was established in 2020 under the Faculty of Pharmacy. The department offers MPhil and PhD degree programs by mix mode (coursework and research work). The department is supported by well-qualified and experienced faculty members and is committed to produce the graduates who have a set of skills to meet the international standards with a high level of intellect and a sense of responsibility. Our vision is “To be nationally and internationally recognized as the center of excellence in Pharmacological Sciences with the ultimate target of improving quality of life through the provision of safe and effective therapeutic moieties.”

PROGRAMME

- ✦ Pharm D

Department of Pharmacy

Department of Pharmacy was established at Khawaja Farid Campus in 1990 and admitted its first group of twenty students in 1991 for four-year B Pharmacy degree, which was upgraded to five year degree program, Doctor of Pharmacy (Pharm D) in 2003. The Department offered higher degree program in MPhil (Pharmaceutics) in 2002 and MPhil in (Pharmacology / Pharmaceutical Chemistry) in 2009, while PhD program in Pharmaceutics was started in 2007. Later, the Department of Pharmacy was upgraded to Faculty of Pharmacy, and it consists of further five departments under its umbrella with the name of Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmacy Practice and Pharmacognosy.

Department of Pharmacy Practice

Pharmacy Practice is a specialized field in pharmacy profession that polishes the practicing skills of pharmacists at various levels of healthcare such as hospitals, clinics, community pharmacies, regulatory departments, pharmaceutical marketing, etc. Moreover, it also introduces the pharmacy students with current trends in the field of pharmaceutical policy and practice. Postgraduate education in pharmacy practice is research-orientated specialized field of pharmaceutical sciences aimed at strengthening the professional roles of pharmacists through problem-based learning and research in order to improve the quality, safety and cost-effectiveness in healthcare, and help the patients to make the best use of their medicines.

The background is a light blue color filled with a dense pattern of small, white, semi-transparent icons representing various fields of study: science (microscope, atom, camera), mathematics (calculator, ruler, pie chart), business (briefcase, bar chart), and general education (graduation cap, book, pencil). A thick white border with a stepped, geometric design frames the central text.

Faculty of Physical and Mathematical Sciences

DEAN'S MESSAGE

In year 2019, University has started to reshape its conventional academic and administrative structures for the contemporary needs and challenges. As a result, departments and faculties were increased, new disciplines were created, and new programs were initiated. This new faculty is also the segment of that revolution, for a more rewarding administrative control as per requirement of the students, faculty, and off-course university. This significant faculty consists of department of Geography, department of Mathematics, and Institute of Physics which also include a diverse group of 11 disciplines. These important scientific areas are very attractive for the students not only for job perspective but also to boost the impact of such useful scientific tools and skills which are in domain of Physical and Mathematical Science. This faculty has all potential to grow further and to benefit the society drastically through its impactful research as well as a very good and trained human resource.

Department of Geography

Department of Geography was established in 1985 and has flourished in practical-oriented scientific teachings and infrastructure development. Department is enriched with competent doctoral teaching staff comprising of Professor, Assistant Professors, Lecturers and visiting Lecturers. Currently, we have well equipped modern GIS and Remote Sensing lab, Surveying lab, Cartography Lab and also centralized library. Recently, we offered a BS Program in Remote Sensing & GIS and will soon start PhD program. Department has produced more than five thousand (5000) pool of skilled and professional alumni serving at various prestigious institutes in Pakistan and foreign countries. Due to multi-disciplinary nature of the subject, our alumni are working in all sectors of country, economics and the new programs will also increase the job opportunities of young graduates in both Govt. Sector and market. The department aspires to attain on international repute for excellence in Geography. Our vision is to provide dynamic leadership in the teaching, research, consultancy and outreach services in Geography for the benefit of society and sustainable development.

Department of Mathematics

Department of Mathematics, established in 1979, initially held its MSc classes at Khawaja Fareed Campus before shifting to Baghdad-ul-Jadeed Campus under the Chairmanship of Hafiz Ali Muhammad. Evening classes for M.Sc. were started in 2003 at Baghdad-ul-Jadeed Campus. As a mark of progression, the Department launched BS, MPhil, and PhD. programmes at Baghdad-ul-Jadeed Campus in 2017, 2007, and 2004, respectively. The Department of Mathematics embraces its power and diversity by combining its applied, computational, and pure mathematicians into one department.

Department of Mathematics, Bahawalnagar Campus, launched BS, MSc., and M.Phil programmes in 2020, 2013, and 2021, respectively, while the Department of Mathematics Rahim Yar Khan Campus launched BS, MSc., and MPhil programmes in 2019, 2021, and 2021, respectively. More than 40 faculty members in Mathematics are serving in these campuses. Currently, more than 2000 students are studying on three Campuses.

Faculty of Social Sciences

DEAN'S MESSAGE

Welcome to the world of social inquiry and exploration, where the Faculty of Social Sciences the Islamia University of Bahawalpur invites you to join us and enrich your learning & education process. Our mission is to achieve excellence through the guidance and support provided to students, fostering their critical thinking and promote social awareness to address emerging regional and global socioeconomic, and cultural challenges. Through multi-disciplinary and inter-disciplinary approach, the faculty aims to enhance students' intellectual capacity while instilling ethical values and prepare them for community service and development. The alumni of the Social Sciences Faculty are widely spread across numbers of public and private sector institutions and civil society organizations within the country and abroad. Within the Faculty's vibrant classrooms, students engage in lively debates, challenge conventional wisdom, and explore innovative solutions to address the multifaceted challenges of modern times. Through research, fieldwork, and community engagement initiatives, students bridge the gap between theory and practice and translating their learning into real-world solutions.

Our team warmly invites you to join us on this transformative journey. We are open to receive your valuable suggestions for further developments.

Department of Anthropology

Department of Anthropology was established in 2021. It is offering a wide range of courses, including, Research Methods, Medical Anthropology, Anthropology and Public Health, Digital Anthropology, Business & entrepreneurial Anthropology, Applied Anthropology, Development Anthropology, Socio-cultural Anthropology, and Archeology that enable the students to get skills in research, data analysis, ethnography and report writing, project management, health education, healthcare strengthening, poverty alleviation, environmental protection, and sustainable development. The scope of this field is widespread and career opportunities are enormous including National & International NGOs, Public Health and Development Organizations, World Bank, UNDP, UNICEF, WHO, UNESCO and Donor Organizations, Media, Research, and Teaching Institutions. Graduates can also explore exciting creative career opportunities: Social Impact Researcher; Health Scientist; User Experience (UX) Researcher; Museum Educator; and Digital Curator. Last but not least, multiple other options, such as government jobs, Health and nutrition Officers, Social Welfare Officers, and Medical Welfare Officers can also be obtained. We are collaborating with international institutions to help our students get scholarships, and internships

Department of Applied Psychology

Department of Applied Psychology was established in the year 2000 as the first seat in the relevant discipline in Southern Punjab. It is offering a variety of specializations like Human Resource Management, Social Psychology, Industrial & Organizational Psychology and Clinical & counseling Psychology. In order to cater the practical needs of students, the Department has established well equipped laboratories like Behavioral Neuroscience Laboratory, Experimental Laboratory, Testing & Assessment Laboratory and Computer Laboratory connected through University's networking.

Our mission is to train the students and help them grow professionally to serve the community. The Department is working with the slogan of "Psychology for the Betterment of Humanity". Various workshops, awareness programs and exclusive lectures have been delivered in this regard. The graduating students have job opportunities in Government/Semi Government, Armed Forces, Educational Institutions, Health Departments as well as NGOs working in social, psychological and other related sectors at national and international levels.

Department of Social Work

The Department of Social Work was established in 2004 and ever since then, it has evolved into one of the most eminent and prolific Departments in Pakistan. The Department's faculty is highly qualified and competent. They are committed to providing students with the crucial skills and knowledge that are required for addressing the current issues in the social welfare field. The Department also makes a point of organizing events and opportunities that are aimed at developing students on a personal and holistic level.

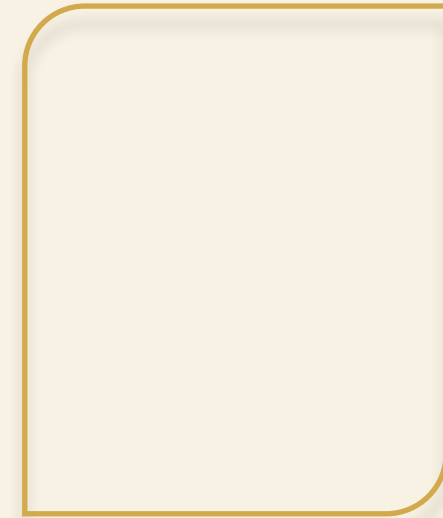

The BS Social Work program has been designed to aptly prepare students for operating in Casework, Group Work, and Community settings. The Department initiated the MPhil program in 2014 intending to create proficient and capable social researchers and practitioners. The Department of Social Work at IUB became one of the 4 major universities in Pakistan that offer Ph.D. in Social Work in the year 2021. The Department of Social Work has established substantial linkages with eminent Private and Governmental Welfare organizations over the span since its conception. The Department is also endeavoring to introduce BS programs in several invaluable fields such as Disaster Management in the future. The Department and its evinced courses are in congruence with the dynamic nature of Pakistan's current social milieu. The Department imbues its students with critical skills and knowledge that enable them to not only become competent social researchers but problem solvers as well.

Department of Sociology

The newly established Department of Sociology at the Islamia University of Bahawalpur in 2021 is playing a key role to equip students with knowledge of society, social problems, and social institutions with special reference to Pakistan. Department of Sociology first time offered BS program admission in Fall 2021 session. In the future, the Department will be well known for its teaching and instructional program as well as innovative field action project. The Department of Sociology is committed to providing students with the essential skills and knowledge needed to work in the field of Sociology while offering opportunities for personal growth and development.

Our BS (Hons) in Sociology program is designed to prepare students for Sociology practice with individuals, families, groups, organizations, and communities. The Department is striving to equip students with essential and needed knowledge for multiple options to start their career in Sociology fields. With a focus on cultural competence, social justice, and working with marginalized communities, BS Sociology Program is also prepared for social researchers and developers to understand the social problems in society and their solutions.

Usman Buzdar School of State Sciences

The Usman Buzdar School of State Sciences (UBSSS) stands as a beacon of academic excellence in the realm of social sciences. Conceived by the visionary minds of the 52nd Academic Council and brought to fruition by the decisive action of the 77th Syndicate, the UBSSS was established with a clear mandate to advance the study of statecraft and societal dynamics. With six academic departments, the school offers a comprehensive curriculum that encompasses the multifaceted nature of state sciences. Political Science delves into the theory and practice of politics and governance, while Public Administration focuses on the implementation of government policy and the management of public affairs. Gender Studies explores the intricate social constructs and power relations between genders, Politics and Parliamentary Studies provide a granular look at the workings of legislative bodies, and Public Policy and Governance emphasizes the ethical and practical dimensions of policy-making. Public Finance, on the other hand, equips students with an understanding of fiscal policies and economic strategies of the public sector organizations. The faculty at UBSSS is a testament to the school's commitment to excellence. Comprising seasoned academics and practitioners, the faculty brings a wealth of knowledge and experience to the classroom, bridging the gap between theoretical insights and real-world applications. Their impressive track record in research and practical work not only enriches the academic discourse but also provides students with invaluable mentorship.

1- Following departments are working under the Usman Buzdar School of State Sciences (UBSSS):

Departments:

- Department of Political Science
- Department of Gender Studies
- Department of Public Administration
- Department of Politics and Parliamentary Studies
- Department of Public Policy and Governance
- Department of Public Finance, (yet to be started)

Centers:

- Women Development Center
- Center for Peace and Conflict Resolution

Department of Gender Studies

Gender studies is an interdisciplinary program. This program highlights the role of gender in all aspects of life in national development.

Vision

To promote research and teaching activities as well as establish linkages with Governments Institutions, NGOs, and INGOs to equip students with diverse forms of knowledge about the complex interplay of Gender and society across a vast array of contemporary and past cultures. Through Interdisciplinary research cooperation, it aims to engage faculty and students in bringing new knowledge to the fore for social Justice.

Mission

Committed to advance the field through interdisciplinary research and promoting the academic scholarship of the field in order to strengthen connections with the community and to work towards social justice and Gender Equality.

Objectives

To establish a BS program and start M. Phil and Ph.D programs in Gender Studies in accordance with the standard and requirement of the university and HEC;
To promote interdisciplinary research in co-operation with other teaching and research departments and Government Bodies like the Punjab Commission on Status of Women and National Commission on Status of Women; and
To arrange conferences, seminars, workshops, and training to train researchers in the domain of Gender Studies.

Ansar Abbas, MPhil
Assistant Professor & In charge

PROGRAMMES

- ✦ BS Gender Studies
- ✦ BS (ADP) Gender Studies

**Syed Mussawar Hussain Bukhari, PhD
Professor & Chairman**

PROGRAMMES

- ✦ BS Political Science
- ✦ BS (ADP) Political Science
- ✦ MS/MPhil in Political Science
- ✦ PhD in Political Science
- ✦ Diploma in Local Government & Community Development

Department of Political Science

Political Science is a diverse discipline which attempts to answer such questions of interest related to state, politics and society. Being a fraternity of committed scholars and having a highly qualified and experienced faculty with six PhD at present, with variety of academic qualifications and interests, the Department offers one 4 Years bachelors, 2 Years ADP, MPhil, PhD & One Year Diploma in “Local Government and Community Development”. The overall focus of the department's academic and research programs is to train its students and produce cutting edge research in order to provide the overarching academic framework for understanding and critical evaluation of contemporary themes, issues, and developments related to practical life. Moreover, the department also offers a great deal of socio-political and institutional experience and learning to its students through arranging various extra-curricular activities including seminars, workshops, national and international conferences, study tours, and semester dinners. Political Horizons is a biannual peer reviewed HEC “Y” category recognized journal owned and published by the Department of Political Science, besides this the department publishes a biannual magazine called Political Science Bulletin too. APSA by different events continues a bond between department and alumni's.

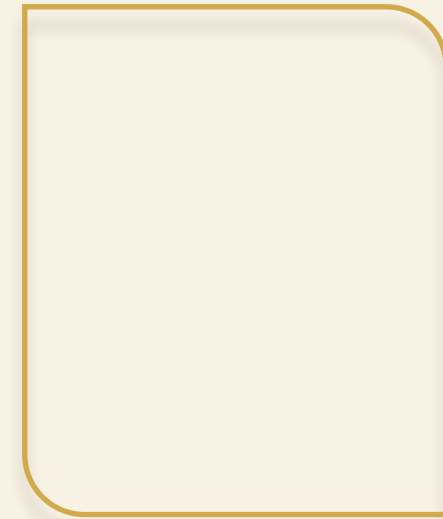

Department of Politics and Parliamentary Studies

The DPPS at UBSSS stands out for its unique focus on the role of parliaments in democracy. Our program goes beyond procedural knowledge, helping students understand the deeper impact of parliaments on governance, democratic engagement, and public involvement. This approach prepares students to actively support democracy.

Core Focus Areas:

- **Informed Citizenship:** DPPS addresses the gap in parliamentary knowledge, helping students understand legislative processes and constitutional principles, empowering them to evaluate policies and hold leaders accountable.
- **Engaging Pedagogy:** Our dynamic, discussion-oriented teaching fosters critical thinking, debate, and effective communication skills essential for democratic engagement.
- **Practical Expertise:** Through hands-on learning, students gain practical knowledge of parliamentary functions, setting a foundation for careers in politics, government, or advocacy.

PROGRAMMES

- ✦ BS Public Administration
- ✦ BS (ADP) Public Administration
- ✦ MS Public Administration

Department of Public Administration

Policymakers, policy practitioners, and corporate leaders across Asian countries already grapple with diverse and complex governance issues, and Pakistan is no exception. However, in Pakistan, the complexity is further aggravated by economic, social, political, religious, ethnic, and historical factors. To overcome these challenges, Pakistan must prioritise building its citizens' capacity through education, enabling them to contribute to the country's development strides actively. It requires the expertise of public administrators and public management professionals who can look at the issues. Recognizing this pressing need, the Department of Public Administration (DPA) was established at the Islamia University of Bahawalpur (IUB) in 2010, serving as a testament to the university's commitment to producing valued human and intellectual capital in the realm of public administration to catalyze the socio-economic transformation of the region and beyond. The Department takes pride in offering a wide range of seven (7) specialized areas of study as part of its BSPA program allowing students to choose from diverse options that align with their interests and career aspirations. The specializations offered include finance, marketing, public policy, e-governance, development studies, public health administration, and human resource management.

Department of Public Policy and Governance

The Department of Public Policy & Governance at Islamia University of Bahawalpur trains future leaders and analysts in effective public policy.

Through a four-year BS program, students develop skills in:

Core Disciplines: Courses in public policy, political science, economics, and public administration, offering a strong foundation in the contexts of policy-making.

Policy Analysis: Training to break down policy issues, assess stakeholders, and craft solutions—skills valued by government, nonprofits, and research.

Governance Models: Exploration of decision-making and leadership across various levels of governance.

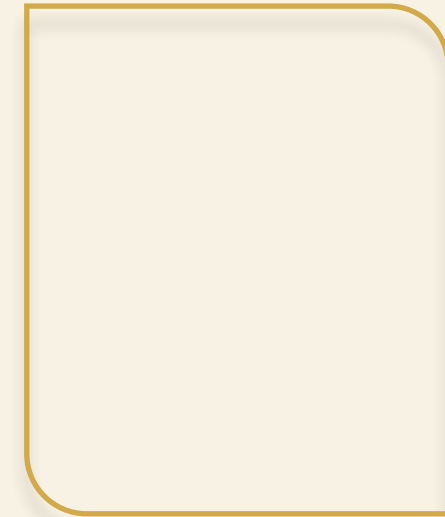

Research & Communication: Students learn to conduct research, analyze data, and communicate findings clearly.

Real-World Experience: Internships provide practical exposure and networking opportunities.

Graduates are equipped for impactful roles in government, policy analysis, advocacy, or advanced studies, ready to address societal challenges with innovative solutions.

The Center for Peace and Conflict Resolution

The Center for Peace and Conflict Resolution (CPCR) is working under the umbrella of the Department of Political Science, Faculty of Social Sciences at the Islamia University of Bahawalpur. It was approved in 59th meeting of the Syndicate, dated 23-June-2015, item No. 25, and shifted to the Department of Political Science vide letter No. 294/Acad dated 02.08.2019. The Center is the focal point of teaching, research, and training in peace-building and conflict resolution at the University. The center is committed to transforming conflict into peace on campus, in society, and throughout the globe by training workshops, conferences, academic courses, and research for mediation, arbitration, and consultation. This Center also assist both IUB and Pakistani community beyond campus in building skills and promoting understanding of peace, negotiations, communication and conflict resolution mechanism. It also engages the local, national, and international stakeholders in politics and civil society. CPCR intends to bring peace into society by incorporating alternative conflict resolution mechanisms into the curriculum. It aims to attract and develop those groups of students and researchers who wish to develop and extend their understandings of the procedures involved in conflicts and are interested in improving their knowledge of how to manage conflicts constructively.

The Center for Prevention of Harassment and Discriminations (CPH&D)

The Islamia University of Bahawalpur is committed to fostering a vibrant and inclusive learning environment where all members of our community feel respected, valued, and empowered to thrive. To proactively ensure a safe environment free from harassment and discrimination, the university, established the Center for the Prevention of Harassment and Discrimination (CPHD) in December 2022. The CPH&D offers education, prevention, support, and advocacy resources to promote a respectful and inclusive environment for all.

The CPHD is your dedicated resource for:

- **Education and Awareness:** CPH&D provides educational workshops, resources, and bystander intervention training to promote understanding and respect for diversity.
- **Prevention and Support:** CPH&D conducts inquiries on harassment and discriminations complaints by faculty, staff, or students, offer confidential reporting channels and support services for individuals who have experienced harassment or discrimination.
- **Advocacy and Empowerment:** We advocate for fair and equitable treatment for all members of the university community. We empower individuals to speak up and report incidents, and connect them with appropriate resources.

The CPHD is committed to:

- **Maintaining a Safe and Inclusive Environment:** We strive to create a campus environment where everyone feels safe and respected, regardless of their background, identity, or beliefs.
- **Promoting Open Communication:** We encourage open communication and dialogue about issues of harassment and discrimination.
- **Ensuring Equitable Treatment:** We work diligently to ensure fair and equitable treatment for all students, faculty, and staff.

How to Report a Complaint:

To report a complaint or learn more about our services, please visit our website or contact us directly. A 'Complaint Form' is also available for download on our website at <https://www.iub.edu.pk/downloads>

- For the Higher Education Commission Policy on Protection Against Sexual Harassment in Higher Education Institutions

Rubina Bhatti, PhD
Director

Fatima Jinnah Women Leadership Center

Samar Fahd, PhD
Director

Fatima Jinnah Women's Leadership Center (FJ-WLC) is a center committed to help women realize and embrace their potential in order to become successful leaders. It is specifically designed to provide professional development for high-achieving woman and to support their particular emotional and personal needs. The development of leadership skills of women to effectively lead in the global economy is a competitive advantage that contributes to sustainable society.

Mission

To be a hub for global thought leadership, making the necessary changes to foster a gender balanced workforce.

Goals

- To provide multi-generational experiences within a diverse community
- To build a collaborative, inclusive value-based environment in which females develop new and enhance existing leadership skills
- Offer short courses, including professional end executive education
- Support research related to women's leadership
- Promote mentorship and sponsorship programs
- To conduct panel events, training workshops, symposia and our flagship conferences

Inclusivity Policy

FJWLC is open to everyone, irrespective of gender, age or position. This inclusive bottom-up platform is an important cornerstone for practical solutions and support achieved by innovative and collaborative approach. It provides networking opportunities for women determined to further develop their talents and achieve success in their chosen field. The leadership in conversation series showcases inspiring stories of influential women leaders from around the world. Moreover, it offers advising/involving corporate leaders and senior business executives and providing training and mentoring for those interested in gender diversity at all stages in their career.

Women Development Center

Women Development Center was established under the umbrella of the Department of Political Science, the Islamia University of Bahawalpur in 2014 to ensure empowerment and for developing an enabling environment for women. This Centre was the first one in South Punjab and the purpose of its establishment was to contribute in facilitating the removal of all those barriers to women's mainstream participation and development. The Center through its activities provides a platform to highlight women's issues on multiple levels and create responsiveness among the masses to draw the attention of policymakers and concerned authorities. It also aims at providing socio-economic opportunities to women particularly in the region of South Punjab by collaborating with different national and international institutions and organizations. This Center has signed MoUs with leading organizations and has organized awareness seminars and campaigns. The Center celebrates '16 Days of Activism Against Gender-Based Violence' from 26 November to 10th of December every year, following the United Nations agenda of SDGs to eliminate violence in the world. A series of events are organized during the year like awareness walks, poster competitions and seminars etc. The Center is also collaborating with different human/women's organizations to provide practical skills to women to make them financially empowered and invites renowned academicians, governmental officials and human rights activists to train and educate the masses, especially women folk.

Sarfraz Batool, PhD
Director

Salman Bin Naeem, PhD
Director

Sustainable Development Goals (SDGs) Collaboration Center, IUB

- The Islamia University of Bahawalpur (IUB) has taken a significant step towards promoting sustainable development by establishing the SDGs Collaboration Center. This center is committed to addressing environmental challenges, fostering civic engagement, and driving sustainable growth within the university and the broader community. SDGs Collaboration Center is a hub at the IUB to facilitate collective action towards achieving the 17 UN Sustainable Development Goals. The center serves as a platform for research, education, advocacy, and partnership building to address global challenges.
- The Center has been actively involved in a range of initiatives focused on women's empowerment, health, education, interfaith harmony, and community development. Key activities include training sessions for women entrepreneurs, promoting literacy and media literacy, organizing health screenings and safe drinking water initiatives, and forging partnerships with government agencies and private organizations. The center has also facilitated collaborations between national and international organizations, as well as various university departments and external stakeholders to achieve its objectives.
- Core to the Center's mission is the cultivation of a new generation of professionals dedicated to sustainable development. By offering seminars, trainings, and symposia on critical issues, the center equips individuals with the knowledge and skills necessary to address complex challenges. Furthermore, the center's commitment to research and collaboration ensures that its work is grounded in evidence and informed by the latest insights.
- As a leading platform for SDG research, the center brings together prominent experts and academicians to advance sustainable development through teaching and research. By fostering interdisciplinary collaboration and knowledge sharing, the center aims to create a lasting impact on both the academic community and society at large.
- In essence, the SDGs Collaboration Center at IUB is a dynamic force driving positive change. By aligning its efforts with the global sustainable development agenda, the center is positioned to be a catalyst for a more equitable, inclusive, and sustainable future.

Faculty of Veterinary and Animal Sciences

DEAN'S MESSAGE

Welcome to Faculty of Veterinary and Animal Sciences, the Islamia University of Bahawalpur. I am honored to serve as the faculty's dean and to be leading our efforts in Veterinary Medical Education, Patient Care, Community Outreach and Research, as we move our faculty forward in all of these key mission areas.

Our aim is to contribute to the economic developments in South Punjab by providing quality education, advancing research and serving the community through excellent diagnostics, clinical care and shared learning. Through support of our strong research-intensive faculty and the University, we are able to continue to provide the best learning experiences for our students in professional degree programs to address the problems that directly affect our region.

The faculty of Veterinary and Animal Sciences is positioned to be a leader in "One Health "as well to address research health disparities across the region. Currently, we are working towards providing answers to important questions about diseases that are similar in humans and animals or that move from animals to human population like Influenza and Tick-Borne illnesses. We have joined hands with Livestock and Dairy Development Department, Punjab for the establishment of FMD free zone in South Punjab to increase meat export of country. This will contribute to the economic uplift for the people of South Punjab. I am sure that with dedication and hard work, many of you will be able to successfully complete the degree program for which you have enrolled. During your study at faculty, you will be provided every possible support and guidance required for the completion of your degree program. I wish you a happy stay at the campus during entire period of your study at this institution. Feel free to contact me, if you have any problems relating to your stay, studies or personal nature.

Muhammad Khalid Mansoor
Dean

PROGRAMMES

- ✦ **Doctor of Veterinary Medicine (DVM)**
- ✦ **BS Animal Sciences**
- ✦ **Livestock Assistant Diploma (LAD) Program**

Faculty of Veterinary and Animal Sciences

The gradual shift of Pakistan to Agriculture and Livestock-based economy has resulted in the inevitable need of new academic institutes in the country in order to cater the relevant demands. Resultantly, University College of Veterinary and Animal Sciences was established in 2006 as a constituent college of The Islamia University of Bahawalpur with the objective of attaining a substantial skillful manpower in the field of Veterinary and Animal Sciences. In the year 2020, University College of Veterinary and Animal Sciences was upgraded into Faculty of Veterinary and Animal Sciences with 13 functional departments as follow

- i. Department of Anatomy and Histology
- ii. Department of Physiology
- iii. Department of Pharmacology and Toxicology
- iv. Department of Microbiology
- v. Department of Pathology
- vi. Department of Parasitology
- vii. Department of Clinical Medicine and Surgery
- viii. Department of Theriogenology
- ix. Department of Epidemiology and Public Health
- x. Department of Livestock Management
- xi. Department of Animal Nutrition
- xii. Department of Animal Breeding and Genetics
- xiii. Department of Poultry Science

The Faculty has successfully completed Seventeen years of its academic advent and eleven batches of Veterinary graduates have been conferred the degree of Doctor of Veterinary Medicine (DVM).

Our graduates are playing a substantial role in public and private sectors such as Veterinary Hospitals, Dispensaries and Clinics, Diagnostic Laboratories, Teaching and Research Institutes, Livestock, Dairy and Poultry Farms, Meat and Dairy Industry, Abattoirs, Hatcheries, Livestock and Poultry Feed Mills, and Wool, Leather and Fiber Industry.

The upgraded Directorate of Livestock Farms including Cattle, Buffalo, Sheep, Camel & Poultry Farms. It is providing teaching and research facilities to undergraduate and post graduate degree programs at Faculty of Veterinary and Animal Sciences in particular and for all other departments/institutes of the Islamia University of Bahawalpur in general. The directorate also aims for facilitation of hands on training to the students and other professionals.

Our graduating veterinary professional demonstrates the ability to:

- ✓ Be motivated to be a veterinarian, aware of the veterinarian's role in society, and prepared to be a leader in the community
- ✓ Have broad knowledge of veterinary and animal sciences and be able to develop intellectual and physical skills as circumstances dictate
- ✓ Be adaptable to changes in their specific field of employment and to advancements in veterinary science in general by continuous life-long learning
- ✓ Be trained in all disciplines and aspects of veterinary and animal sciences including animal welfare
- ✓ Be confident in their veterinary capabilities on day one post-graduation whilst recognizing the limitations of their training
- ✓ Possess an understanding of both scientific and vocational aspects of veterinary science
- ✓ Be able to independently run their private practice using entrepreneurship skills
- ✓ Be able to implement and advise on biorisk management in labs and field
- ✓ Be able to implement One-health concept by practicing and advocating health and wellbeing of animals, people and environment / ecosystem
- ✓ Be able to work in a diverse team of inter-disciplinary professionals for solving national health problems and be able to work in public-private partnership in the veterinary domain
- ✓ Demonstrate knowledge of laws of the land pertaining to private veterinary practice, vetro-legal cases and ability of process and issue Animal Health / Soundness Certificates, etc
- ✓ Demonstrate skills for emergency preparedness / disaster management / disease outbreak handling
- ✓ Be able to clearly communicate with client including risk communication during natural calamities, etc
- ✓ Demonstrate understanding of animal agriculture sector especially recent innovations being made to enhance productivity of animals including their management, nutrition, breeding and genetics
- ✓ Be aware of the global society and equipped to contribute to it
- ✓ Be a graduate of choice for employers
- ✓ Be able to contribute in mitigating the menace of antibiotic resistance
- ✓ Deal with integrity and honesty with professional colleagues, clients and the general public
- ✓ Demonstrate empathy and concern for animals their welfare and people
- ✓ Be ready to learn new skills being introduced in the veterinary medicine from time to time
- ✓ Be able to use critical thinking and reasoning skills to improvise practical solutions to applied research challenges of animal health and production
- ✓ Seek solutions to problems through the application of knowledge, the ability to initiate and integrate new idea, an appreciation of the broad picture of science, and an understanding of the importance and application of scientific method.

Sajid Hameed, PhD
Professor & Chairman

PROGRAMMES

- ✦ MPhil Anatomy and Histology

Department of Anatomy and Histology

Anatomy and Histology are the basics of Medical and Veterinary Sciences and include the study of macro and microscopic structures of various body tissues and organs including bones, muscles, visceral organs and others. Department of Anatomy and Histology has well-established laboratories of Gross Anatomy and Histology equipped with 65 inches touch screen LED for demonstration of structures of various tissues/organs to the students. The department has a vast animal dissection hall with all the necessary facilities like embalming, bone cutting and skeleton preparation facilities required for undergraduate students. Moreover, a well-established Histology laboratory has all the equipment and instruments for Paraffin sectioning and Hematoxylin and Eosin stain techniques for practical demonstration for the preparation of histological slides to undergraduate students and to facilitate the research students of postgraduate programmes of the university.

The department has national and foreign qualified faculty members and is currently offering various courses of Anatomy & Histology to undergraduate students of Doctor of Veterinary Medicine (DVM), BS Animal Sciences, BS Physiology and Livestock Assistant Diploma (LAD).

Department of Animal Breeding and Genetics

Department of Animal Breeding and Genetics, Faculty of Veterinary and Animal Sciences, is striving for excellence in terms of teaching and research. The department is playing a pivotal role in producing highly qualified professionals, trained in all aspects of animal breeding and genetics, such as animal science, poultry science and veterinary graduates. The department is actively participating in national progress and development with a mission to enhance the production potential of farm animals and increase per unit productivity in terms of milk, meat, mutton and other products through appropriate breeding plans and the application of quantitative and molecular genetic technologies and strengthen human food chain for building a healthy nation. The department aims to start postgraduate degree programs in the near future. Currently, the department is working on the Sipli sheep breed for improving the efficiency of reproduction and fecundity through selective breeding. The project is a source of training and research for students and other stakeholders.

Musarrat Abbas Khan, PhD
Professor & Chairman

Zahid Kamran, PhD
Professor & Chairman

PROGRAMMES

- ✦ MPhil Animal Nutrition

Department of Animal Nutrition

Department of Animal Nutrition was established in 2020 with the up gradation of the University College of Veterinary and Animal Sciences to the Faculty of Veterinary and Animal Sciences. The Department has highly qualified skilled faculty with sound knowledge and understanding of animal nutrition and feeds science and technology. The Department has a modern feed analysis laboratory and feed formulation computer facility for academic and research activities on various aspects of poultry and ruminant nutrition. It has its own Camel Research and Training Unit that is being used for research, and practical training of the students and other stakeholders. Along with the academic activities, the Department has always conducted problem-oriented research for the support of allied poultry and dairy industries, and the farmers of Southern Punjab, particularly the Cholistan area.

Department of Clinical Medicine and Surgery

Department of Clinical Medicine and Surgery is considered as the backbone of veterinary profession. Its major components are veterinary medicine, surgery, radiology, outdoor clinic, and ambulatory service. All sections are fully equipped with latest diagnostic tools. The department provides hands-on practical training to the veterinary students on experimental animals kept at university livestock farms. Additionally, field cases of farm and companion animals brought at clinic are being well demonstrated to the students. Furthermore, clinical extension services are also being provided to livestock and poultry farmers at the doorstep through its ambulatory service.

Abdul Qayyum, PhD
Professor & Chairman

PROGRAMMES

- ✦ MPhil Veterinary Clinical Medicine and Surgery

Muhammad Omer Gulzar, PhD
Lecturer & In charge

Department of Epidemiology and Public Health

The department of Epidemiology and Public Health was established in June 2020. The strengthening of the infrastructure and research laboratories of the department is in progress. The mission of department of Epidemiology and Public Health is to enhance the strategic approach to improve the health status of animals and humans through education and by enhancing the multidiscipline research related to prevention and control of diseases of major public health concern. Our goals are to provide high quality education regarding the field of epidemiology and public health to train and produce top level epidemiologists; to initiate high quality research in the field of epidemiology and public health; to use applied epidemiological methods for investigating the potential factors involved in the transmission of diseases; to disseminate quality research outcomes and valuable information about control and prevention to stake holders and concerned departments for the formulation of public health policy and disease control strategies. Keeping in view the location of university in the Bahawalpur division having the Cholistan desert, the main focus of the department is to enhance the health status of animals and humans in this area. Currently the department is offering courses to the undergraduate students. Department also intends to start postgraduation in near future

Department of Livestock Management

The department is currently engaging students of Doctor of Veterinary Medicine, Bachelor of Science in Animal Sciences and Livestock Assistant Diploma. The infrastructure of the department includes two laboratories and a livestock farm (University Livestock Farm). The University Livestock Farm not only serves as a demonstration farm for undergraduate students but also as a showcase for ruminant species originating locally in Southern Punjab. Collaboration with the local livestock farms is also an asset to help students to develop an understanding within a real life context. Pakistan being an agricultural country, livestock plays a significant role by contributing 11 percent to the gross domestic product of the country and engaging more than 35 million people in this sector. Keeping in mind the importance of exploring and utilizing the full potential of livestock, the department of Livestock Management was established as the University College of Veterinary and Animal Sciences, The Islamia University of Bahawalpur was upgraded into the faculty of Veterinary and Animal Sciences. The purpose is to prepare students with the knowledge and hands on expertise in livestock farming and equip them with the latest skills in establishing, maintaining and furnishing animal production activities.

The graduates after completion of their educational program will serve in various organizations such as Universities, Livestock and Dairy Development Departments, Livestock Experimental Stations, Remount Veterinary and Farms Corps, Livestock Research Institutes and feed mills, etc.

Muhammad Naeem Tahir, PhD
Associate Professor & Chairman

Muhammad Khalid Mansoor
Professor & Chairman

PROGRAMMES

- ✦ BS Applied Microbiology
- ✦ MPhil Microbiology

Department of Microbiology

Microbes are driving many aspects of the life on the planet. The solution to many of the pressing challenges at global level, such as antimicrobial resistance, emergence of new infectious and zoonotic diseases and the health of our planet's ecosystem rely on broadening the horizon of discoveries coming from basic microbiology research and exploration. Faculty members at department of Microbiology are actively involved in the research activities and publishing papers in conferences and journals of national and international repute.

Currently, department of Microbiology is offering 4 year degree program i.e. BS Applied Microbiology. Department is also offering five courses to Doctor of Veterinary Medicine which are being offered under the umbrella of Faculty of Veterinary and Animal Sciences. The academic program covers all major areas of Microbiology and most of the courses are designed in such a way, that students are required to exhibit high class skills in microbiology.

Department of Parasitology

Department of Parasitology at Faculty of Veterinary and Animal Sciences, the Islamia University of Bahawalpur imparts advance knowledge in field of Veterinary Parasitology. Department of Parasitology has undergraduate laboratory and laboratory of molecular Parasitology and Immunology. The laboratory of Parasitology is equipped with advanced diagnostic and molecular tools. Parasitologists in Department of Parasitology have diverse research and teaching interests offering various courses for veterinary, graduate and undergraduate students. Department aims to imparts quality research and clinical expertise to the graduates in field of Epidemiology, Pathogenesis, Pathology, Diagnosis, Therapy, Prevention and Control of Parasitic diseases. Department is also actively involved in communication and dissemination of knowledge about parasitic diseases not only of Veterinary interest as well as Zoonotic important ones.

PROGRAMMES

- ✦ MPhil Pathology

Department of Pathology

Department of Pathology at the Faculty of Veterinary and Animal Sciences is striving for excellence in terms of teaching, research and diagnostic services in all aspects of veterinary pathology. As an integral part of the Islamia University of Bahawalpur, a highly prestigious institute of the South Punjab, the department is playing a pivotal role in producing highly qualified practitioners whose main responsibility lies in the understanding and accurate diagnosis of diseases. With learned faculty members and skilled staff, the department is actively involved in the anatomic and clinical pathology diagnostic services.

Department of Pharmacology and Toxicology

University College of Veterinary and Animal Sciences was established in 2006 at the Islamia University of Bahawalpur where Pharmacology and Toxicology was taught in DVM semesters approved by the PVMC. The college has been upgraded to the Faculty of Veterinary and Animal Sciences in 2020 and a separate Department of Pharmacology and Toxicology was established. Department of Pharmacology and Toxicology includes lecture theatre, one laboratory for practical lecture, pharmacy laboratory and chemical storage unit with trained laboratory staff. In DVM, the main topics are general pharmacology and pharmacokinetics, systemic pharmacology and therapeutics, toxicology and chemotherapy, pharmacological basis of therapeutics, general toxicology, clinical veterinary pharmacology and toxicology, carcinogenesis, poisoning, antimicrobial resistance, drug residues and food toxicology. We provide research-based and problem-oriented teaching in multiple areas of pharmacology and toxicology. While doing so, efforts have been made to provide adequate, balanced & advanced information on the subject which is helpful for understanding the subject and preparation of viva.

PROGRAMMES

- ✦ BS Physiology
- ✦ MPhil Physiology

Department of Physiology

The subject of Physiology forms the foundation of basic medical sciences. It has been an integral part of the Faculty of Veterinary and Animal Sciences, IUB since 2006. The students at the Physiology Department are provided with an in depth understanding of the 'secrets of life' through interesting and applied aspects of Medical Physiology, Animal Physiology, Hematology, Endocrinology, Electrophysiology, Molecular Physiology, Exercise Physiology, Physiology of Digestion and Metabolism, Physiology of Respiratory and Cardiovascular System, Comparative Endocrinology and Neuromuscular Physiology, Camel Physiology, Physiology of Lactation, Advanced Avian Physiology, Physiological Biochemistry and many other. Hands on practical training is also provided in various physiological and clinical lab techniques such as Hematology, Electrophysiology, Spectrophotometry, Oxidative Stress and Antioxidants Level, Flame Photometry, Respiratory Volume and Capacities, Liver Function Test, Renal Function Test and Hormonal Analysis etc. Ultimate goal is to equip the students with strong concepts of the pathophysiology of a disease, its diagnosis and management. Conceptual methodology of teaching with the help of modern teaching tools, problem based learning and national/international collaborations of the department groom the future physiologists for multiple careers in medical field. The graduates are eligible to apply for posts of lecturers floated under PPSC, Punjab. Furthermore, the graduates have vast scope in academics, laboratories, institutes of allied medical sciences and research.

Department of Poultry Science

Department of Poultry Science has been established recently in the Faculty of Veterinary and Animal Sciences, IUB. The Department of Poultry Science is playing a pivotal role in the training and education of the students of DVM, BS Animal Sciences and different diplomas by offering various poultry production courses, and by conducting significant research in the discipline of poultry science. The Department of Poultry Science, IUB is committed to produce highly skilled and trained manpower and to conduct innovative and industry-oriented research. The Department of Poultry Science is offering BS Poultry Science, to educate and train the youth of the region and Pakistan. This is going to be a significant progress in the field of Poultry Industry in our country especially in the southern Punjab and will help to fill up the prevailing gaps in our Poultry Industry for skilled manpower.

PROGRAMMES

- ✦ BS Poultry Science

Farah Ali, PhD
Professor & Chairperson

Department of Theriogenology

Department of Theriogenology, Faculty of Veterinary and Animal Sciences, the Islamia University of Bahawalpur was established in 2020. The main objective of the Department of Theriogenology is to equip the veterinary graduates with the latest knowledge and skills of animal reproduction. Students are trained and taught with hands-on practice and experiments at University Livestock Farms, cases presented at the University Veterinary Clinic or ambulatory services at the door step of farmer/breeders. In addition, we offer free of cost clinical and extension services to livestock farmers and breeders. We offer a variety of services that involves reproductive management, diagnosis and treatment in the companion animal, small and large ruminates and equines etc. We also offer emergency services for difficult deliveries. Routinely we do breeding soundness evaluations of male and female animals, management of diseases or complications reproductive system and surgical procedure for ailments in male and female reproductive tract.

Directorate of Livestock Farms

Directorate of Livestock Farms has been established at Baghdad ul Jadeed Campus. The Directorate has been given the mandate for providing teaching and research facilities to undergraduate and postgraduate degree programs at the Faculty of Veterinary and Animal Sciences in particular and for all other departments/institutes of the Islamia University of Bahawalpur in general. The Directorate aims for facilitation of hands on training for students and other professionals. The current facilities for livestock rearing includes shed for rearing large animals with the capacity of around 50 heads and a poultry shed for the rearing of 1000 birds. In addition, the farm has been allocated 10 acres of land for growing fodder for animals being kept at the farm. At present, the farm possesses non-descript local cattle, cannulated cattle and buffaloes for research on various aspects of nutrition, Makhi Chini goat, Sipli sheep and Brella camel.

Musarrat Abbas Khan, PhD
Director

Riaz Hussain, PhD
Director

Central Diagnostic Laboratory Complex (CDL)

The Central Diagnostic Laboratory Complex (CDL) was established at Canal Gate, Baghdad-Ul-Jadeed Campus IUB in 2021 with the aim to provide advanced, efficient and reliable testing & diagnostic services to the livestock and poultry industry. Rapid and pertinent diagnosis at door step is the only way to cater to disease outbreaks and thus ensures socio-economic benefit of community. With the growing intensification of livestock & poultry farming in Southern Punjab, there has always been a huge risk of health challenges which can lead to enormous economic losses and requires rapid, accurate and reliable diagnosis to generate a suitable response to control the infectious diseases of livestock, poultry and wildlife animals. There is no such prior facility available in Southern Punjab, and The Central Diagnostic Laboratory Complex (CDLC) under the auspices of Faculty of Veterinary & Animal Sciences, The Islamia University of Bahawalpur is serving as the cornerstone by providing necessary diagnostic services to determine the diseases in targeted animal population and human food to local community and researchers in Bahawalpur & vast region of Cholistan.

University College of Art & Design

University College of Art & Design (UCAD), established in 2005 as a department and subsequently elevated to a college in 2010, UCAD offers an extensive array of specialized courses in Fine Arts and Design.

Our esteemed institution is structured around the Department of Fine Arts and the Department of Design, delivering a comprehensive curriculum that spans from foundational levels to advanced degrees, including 4 years BFA and 2 years MFA (M.Phil) in Visual Arts. Our faculty comprises distinguished practicing artists and designers who meticulously shape our curriculum to adhere to the highest standards set by the Higher Education Commission (HEC), ensuring an unparalleled educational experience. UCAD's distinctive strength lies in our unwavering commitment to multidisciplinary learning and the cultivation of artistic freedom. We foster an environment where students are encouraged to develop into versatile and innovative artists and designers. Our dedication to the exploration and preservation of cultural heritage, with a particular emphasis on Cholistan and local Art & Craft, further distinguishes us. Our students express their creativity and ingenuity through various mediums, including paintings, sculptures, prints, miniatures, community projects, outdoor textile decorations, and illustrations.

University College of Conventional Medicine

The University College of Conventional Medicine was established in the year 2000 at the Khawaja Fareed Campus. It is the first institution of its kind in Punjab and second in Pakistan. The college has taken a big advance since its inception towards becoming a well-reputed herbal & homeo training center at the national level. The college had been offering two programs i.e. BEMS and BHMS. Recently department of Homeopathic Medical Sciences (HMS) has emerged which was formerly a part of UCCM. So, the University College of Conventional Medicine is currently offering Bachelor of Eastern Medicines (BEM) and Traditional Chinese Medicine (TCM).

- ✦ Postgraduate Diploma in Acupuncture and Pain Management (PGD-APM)
- ✦ Postgraduate Diploma in Alternative Medicine & Health Product Manufacturing

Laila Sumreen, MPhil
Assistant Professor & In charge

PROGRAMMES

- ★ BHMS (Bachelor of Homoeopathic Medical Sciences) (5-years)

Department of Homeopathic Medical Sciences

Department of Homeopathic Medical Sciences was established in 2000 at the Khawaja Fareed Campus, the Islamia University of Bahawalpur. It is the first institution in Pakistan to offer a 5-years BHMS degree program (Annual system).

The department is dedicated to providing quality education and skills to students to be experts in the field of homoeopathic medicine. Faculty members are devotedly transforming their ideas and talents through academic, co-curricular, and extracurricular activities into real professional growth. These activities will inculcate healthcare knowledge and professional expertise in students for their significant contribution towards health of mankind.

University College of Nursing

University College of Nursing (UCON) is a premier institute committed to inculcate strong moral and ethical values to the students which are fundamental for a nurse. The nursing programs focus on equipping and channelizing the knowledge, attitude, skills and potentials of the students effectively and efficiently to provide quality health care. The students are prepared intensively for maintaining professional standards and facilitating them for quality nursing practice by a team of qualified, experienced and committed teaching faculty

Sir Sadiq Muhammad Khan Post Graduate Medical College

Sir Sadiq Muhammad Khan Post Graduate Medical College was established under the Faculty of Medicine and Allied Health Sciences and is committed to academic excellence in medical education. Sir Sadiq Muhammad Khan Post Graduate Medical College hosts a platform for advance treatment options, identification of novel therapeutic targets, the rationale design of drugs, molecular mechanisms of drug action or the molecular aspects of disease and therapeutics. At present, Post Graduate Medical College is offering Master of Philosophy (MPhil) in Physiology and Pharmacology, and 2 year degree program for Medical and Dental degree holders. Scope is to prepare our graduates to be more skilled, professionals and expert in a disease dominated era.

The background is a dense, repeating pattern of small, light-colored icons representing various educational and professional fields. These include symbols for science (microscope, atom, test tube), mathematics (calculator, ruler, pie chart), business (briefcase, bar chart), and general education (graduation cap, book, pencil). The icons are scattered across the entire blue background.

Sub Campuses

M. Naveed Aslam Malghani, PhD
Director

Sub Campus AhmadPur East

Sub Campus AhmadPur East is a newly established sub campus of the Islamia University of Bahawalpur established to cater the long due demand of the region's people and its surrounding areas. AhmadPur East (APE) is a densely populated tehsil of Bahawalpur District with about 1 Million settled inhabitants. In fact, it is considered the largest tehsil of Pakistan in terms of population. Besides, it is a historic city which was once capital of former state of Bahawalpur. Main cities around the APE including Jatoi, Ali Pur, Uch Sharif, Khan Bela, Chani Goth, Hatheji, and Derawar, comprised of only 4 boys degree colleges and 4 girls degree colleges with overall 6,500 enrollment so it was the need of hour. IUB Administration believes that establishment of the sub campus APE would play a lofty role in progress and development of the region in terms of human capital generation, economic growth and employment opportunities.

Sub Campus Bahawalnagar

Bahawalnagar Campus was established in the year 2005 in pursuance of policy of the Government to provide quality education at doorstep of the inhabitants of remote areas. It was decided to launch demand driven and market based programs. Accordingly, the Departments of Management Sciences and Computer Sciences & IT were established in the first phase. In the beginning, the campus was established in the two blocks of the government comprehensive school building. However, this campus continues to grow rapidly, pursuing the need for development, to grab opportunities for the youth of this remote area of southern Punjab. In order to establish a permanent campus and keeping in view the dire need for expansion of campus, more than 50 acres of land was acquired from the Government and a new campus was also established in its own purpose-built building at Minchinabad Road near Cantonment area. Currently, both campuses (old & new) are functioning in Bahawalnagar.

Bahawalnagar Campus is playing its major role in the context of social, cultural, business and economic development by providing skilled manpower for the industry. In the last two years, major steps were taken by the worthy Vice Chancellor, the Islamia University of Bahawalpur for the improvement of required facilities and infrastructure in the campus and this landmark was achieved through expansion of the academic disciplines, appointing academic & administrative staff and major developments in the campus as per vision of worthy Vice Chancellor. Expansion of academic block and construction of one guest house have been made in the New Campus. Moreover, two girls' hostels and two academic blocks have been included in the next year plan. Now, there are 25 academic departments in the campus with an overall students' strength exceeding 8500 which was only 2300 before 2020. Recently, MS/MPhil programs have been launched in 13 disciplines to strengthen research work which is a great achievement for the campus.

The campus offers very conducive teaching learning environment and is equipped with all facilities like 05 most modern computer labs and HEC smart lab with high speed internet connectivity, multimedia and library facility. Bahawalnagar campus is also providing facilities of digital library and video conference. The campus has its 07 buses and a coaster to provide transportation facility to the students, staff and faculty. The major focus has been prioritized to maximize educational

Rafaquat Ali, PhD
Director

opportunities, as well as personal and professional advancement of students from diverse backgrounds. Therefore, 09 different students' societies have been formulated to strengthen the students' capabilities for developing leadership and teamwork building skills to serve the institution in a more professional way. The progress made by the Bahawalnagar Campus in the recent years has further strengthened the overall expansion policy of The Islamia University of Bahawalpur and gives us more confidence for empowerment and delegation of authorities at the campus level for achieving common objectives.

The program structure, eligibility, admission criteria, fee structure and other rules & regulations being practiced at the Bahawalpur Campus are applicable in the respective Departments of Bahawalnagar Campus.

Sub Campus Liaquatpur

Welcome to Liaquatpur Sub Campus, the Islamia University of Bahawalpur. It is an honor for me to lead at this Campus of IUB. We strongly believe that students are the valuable assets of any academic institution especially in universities across the globe. At the Liaquatpur Campus we strive to be an institution for excellence in providing education. To achieve this goal we provide a healthy environment of education that is quality embedded, focused, and innovative. We also help our students to discover their potential by grooming them to be intellectually mature, self-esteemed, socially aware and ethically enlightened for fulfilling the demand of educational, industrial, and financial sectors. To achieve these goals we have engaged highly qualified and dedicated faculty who are well aware of the emerging trends and future market needs.

I am sure being a student at this institution you will experience the best days of your academic life and we promise to ensure that you are well prepared for your future endeavours.

- ✦ BS Biochemistry
- ✦ BS Zoology
- ✦ BS Chemistry
- ✦ BS Public Administration
- ✦ BS Political Science
- ✦ BS Entrepreneurship & Innovation After 12 Years of Education
- ✦ BS Statistics

Sub Campus Rahim Yar Khan

Welcome and thank you for choosing the Islamia University of Bahawalpur, Rahim Yar Khan Campus. As the Director of Rahim Yar Khan Campus, strengthening our programs through our faculty and students while serving the developing world is our priority. Our Mission is to establish ourselves as a prestigious institution that is dedicated to enhancing human potential by disseminating knowledge in accordance with the fundamental values of excellence, accessibility, impact, and relevance. IUB-RYK is an organization committed to creating a climate that supports intellectual freedom with our broad perspective, research-oriented methods, and relevance-based policies. We aim to provide a safe, secure environment in which every student will acquire the skills and knowledge necessary to become accomplished, productive members of the ever-changing, global community.

The Rahim Yar Khan Campus of the Islamia University of Bahawalpur offers exceptional graduate and postgraduate education from highly regarded faculty. The Rahim Yar Khan Campus opened in 2005 and has rapidly expanded since then in numbers and quality. The size of faculty members has also grown in numbers and as research leaders in the region. Community outreach activities through our continued education and professional skills development programs, are the central driver of our service in the developing region.

We take pleasure in our wide range of programs, which are both nationally and regionally relevant. Local governments and communities are actively involved in the community outreach activities. Because what they teach is a combination of theory and practice, and this way of operation has strengthened the energetic quality of our faculty. We intend to do more to support the South Punjab region at a broader perspective in enhancing educational development.

Once again, welcome to the IUB-RYK family and welcome to our community of shared principles and values. Wish you happy, healthy, and fruitful years ahead.

Hafiz Muhammad Ather Khan, PhD

Facilities

Vice Chancellor's Secretariat

A Vice Chancellor's Secretariat is also functioning in the IUB to extend multiple services to the public, students, faculty members and employees of the University. As it is under the direct supervision of the Vice Chancellor, it has to form policy matters of the IUB and monitor the implementation of the same.

It also manages correspondence with Higher Education Commission, Government of the Punjab and other Public and Private Universities/ Institutions to improve University's working relationship.

Ph: +92-62-9250231
Email: vc@iub.edu.pk

Registrar Office

Mr. Muhammad Shaji-ur-Rehman

Registrar, IUB

Ph: +92-62-9250235

Fax: +92-62-9250335

E-mail: registrar@iub.edu.pk

As per IUB, Act 1975, the Registrar shall:

- (a) be the custodian of the Common Seal and the academic records of the University;
- (b) maintain a Register of Registered Graduates in the prescribed manner.
- (c) conduct elections of members to the various Authorities in the prescribed manner; and
- (d) perform such other duties as may be prescribed. In order to perform above mentioned responsibilities in an efficient manner, the Registrar Office has following 04 Divisions / Directorates:

- Administration Division
- Human Resource (HR) Division
- Litigation Cell
- Meeting and Regulations Division

Accounts Division

Abdul Sattar Zahoory, PhD

Treasurer

Ph: +92-62-9250245

E-mail: treasurer@iub.edu.pk

Treasurer manages property, finances and investments of the University and the Secretary of the Finance and Planning Committee. The Office of the Treasurer deals with all the receipts and expenditure of the University. The Office prepares the annual and revised budget estimates of the University and presents it before the Finance and Planning Committee for approval. This Office assists the Vice Chancellor in all financial matters. Furthermore, this office ensures transparency in pecuniary matters. The Treasurer office also handles matters regarding student funds, scholarships, pension, HEC Recurring grants, Other Govt. grants, salary, procurement and external audit of the University.

Examinations Division

Syeda Zuriat ul Zahra

Controller of Examinations

Ph: +92-62-9255451

E-mail: controller@iub.edu.pk

The Examinations Department of the Islamia University of Bahawalpur is dealing with more than 120,717 students of on campus, private & affiliated colleges enrolled in different degrees of BS, MS, MPhil & PhD. Examinations Department has taken steps to streamline and improved its working in accordance with the vision of the Vice Chancellor are as under: The Islamia University of Bahawalpur is the first university in Punjab / Pakistan which has started ADP degree under semester system. Currently there are 25500 students of ADP. The University has also started BS Nursing, Doctor of Physical Therapy & Medical Laboratory Technology in affiliated colleges of different cities of Punjab. As HEC has started online verification of all degrees, Examinations Department has updated all the requisite record on HEC website.

Sir Sadiq Muhammad Khan Library

Khalid Mahmood Sanghera, PhD

Librarian

Ph: +92-62-9255482

E-mail: librarian@iub.edu.pk

The library was established in 1973 in the Abbasia Campus of the IUB. In 1987, the library moved to Baghdad-ul-Jadeed Campus, and in 2011, it was named 'Sir Sadiq Muhammad Khan Library'. The library has a collection of 2,70,500 books, manuscripts, and CDs. A wide variety of online full-text journal databases, including HEC's Pakistan Educational Research Network Project (PERN), are

available. The library also possesses a good stock of periodicals, reference books, and government publications.

In addition to Sir Sadiq Muhammad Khan Library, there are constituent libraries, such as Engineering College Library, Khawaja Fareed Campus Library, Abbasia Campus Library, and Science Reference Library, Rahim Yar Khan Campus Library, and Bahawalnagar Campus Library. These libraries provide services to faculty members, students, and researchers at large who are engaged in various educational and research-based activities across all campuses of the university.

Timings:

8:00am to 09:00pm (During Semester)

9:00am to 04:00pm (Saturday)

9:00am to 04:00pm (Sunday)

Library remains closed on Gazetted Holidays.

Directorate of Academics

Jawad Iqbal, PhD

Director

Ph: +92-62-9255075

E-mail: jawad.iqbal@iub.edu.pk

Directorate of Academics at the Islamia University of Bahawalpur was established with the objective to collaborate with the academic departments for the development of curricula in line with international best practices, market needs, and requirements of accreditation bodies for different degree programs, and to ensure their effective implementation at the university level. The office also provides guidelines for review of curricula and disseminating the directions of competent authority i.e. Academic Council, and Syndicate for enforcement of the highest academic standards for excellence in teaching and learning.

The Directorate ensures implementation of academic regulations and policies, development, and execution of academic calendar through the proper monitoring system, review, and update of academic programs, start of new programs in anticipation of emerging needs and preparation of future forecasts. The office also coordinates with teaching departments for review and update of infrastructure including laboratories and classrooms, planning and execution of training for faculty, and internships/

teaching assistantships for PhD scholars to ensure quality teaching and research reflecting the highest international educational and research standards matching with the world's best universities.

Directorate of Financial Assistance

Areeba Khan, PhD

Director

Ph: +92-62-9255066

E-mail: areeba.khan@iub.edu.pk

At the Directorate of Financial Assistance, we are committed to providing financial assistance to the students from the less developed areas of Pakistan in general and Bahawalpur in particular, as a way to increase access to higher education. DFA aims at fostering mutually beneficial relationships with all our stakeholders as a means to raise funds for the needy students. Directorate of Financial Assistance caters for the financial needs of the poor and needy students and, in the process, has financed over 8,652 students with amount of Rs. 362,414,593 in various disciplines offered at the Islamia University of Bahawalpur through a number of need-based scholarships as well as rewarding high achieving students.

Directorate of Students Affairs

Abdul Rauf, PhD
 Director
 Ph: +92-62-9255560
 E-mail: dsa@iub.edu.pk

The Directorate of Student Affairs aims to create a positive learning environment that fosters successful learning and personal development, both in and outside the campus. This office encourages students to achieve the objective of building a balanced personality. The Directorate of Students Affairs provides educational opportunities, resources, and support to help students by promoting co-curricular activities to make their stay in the university a rich experience of multi-dimensional growth. The Directorate of Students Affairs of the university is headed by the Director of Students Affairs. Deputy Director Students Affairs for all campuses are appointed for the assistance of departmental In charge Students Affairs (ISAs) in Bahawalpur, Bahawalnagar and Rahim Yar Khan Campuses.

Directorate of Affiliation

Shaji ur Rehman

Director

Ph: +92-62-9250225

E-mail: dr.affiliation@iub.edu.pk

The Islamia University of Bahawalpur is offering affiliations to the educational institutes within and out of the territorial jurisdiction of the IUB at Bachelor's and Master's levels. Currently, we have 173 Private Colleges and 67 Govt. Colleges affiliated with the Islamia University of Bahawalpur with an approximate enrollment of 57,478 students in affiliated colleges.

The purpose of the establishment of the Directorate of Affiliation was to strengthen the system of affiliations, implementation of rules and policies, provide a productive and professional environment to the students of the area and improve the quality of education at the college level. Currently, all affiliation-related activities are being performed online through an affiliation e-portal.

Directorate of Advanced Studies & Research Board

Asif Naveed Ranjha, PhD

Director

Ph: +92-62-9255484

E-mail: asif.naveed@iub.edu.pk

The Directorate of Advanced Studies and Research Board is catering the needs of aspirants of higher education. The Directorate organizes admissions to MPhil/MS/MSc(Hons)/MBA/LLM and PhD programs in various academic departments. University has embarked upon the policy of offering admission biannually in Spring and Fall semesters in variety of disciplines ranging from Natural Sciences, Social Sciences, Business & Management to Arts and Humanities.

The Advanced Studies and Research Board consists of:

- i. The Vice Chancellor (Chairman).
- ii. The Deans & Professors.
- iii. Three seniors university teachers other than those at (ii) above to be appointed by the Syndicate on the recommendations of the Vice Chancellor.
- iv. Two University teachers having research qualifications and experience to be appointed by the Academic Council.

Director Audit, Assurance and Compliance

Abdul Sattar Zahoory, PhD

Director

Ph: +92-62-9250074

E-mail: aszahoory@gmail.com

The establishment of the Directorate of Audit Assurance and Compliance is designed to provide systematics assurance regarding the achievements of the core objectives of the organization by bringing a systematic and disciplined approach to evaluate and improve the effectiveness and efficiency of this management, to control the governance process, reliability of financial and management reporting, to comply with laws, and safeguarding the assets of the university.

Aims and Objectives

- The Directorate of Audit Assurance & Compliance shall be responsible for the efficiency-based audit of the university departments at least two times a year and shall submit its report to the worthy Vice Chancellor and Syndicate with actual variance and proposed suggestions regarding internal control systems.
- The Directorate shall check the accounts maintained in the

teaching departments, hostels, offices and other centers of the university and report to the worthy Vice Chancellor and syndicate. However, before making any observations the Directorate of Audit Assurance & Compliance shall discuss the matter with the concerned head.

- The Directorate of Audit Assurance & Compliance shall scrutinize important cases referred to it and shall make necessary recommendations regarding the course of action to be followed.
- The Directorate of Audit Assurance & Compliance shall take follow up on the queries raised and shall report the unsettled cases for onward reporting to the competent authority.
- The Directorate of Audit Assurance & Compliance shall be charged with the responsibility of looking into the audit paras raised by the instruction team of Director General Audit and shall prepare annotation to the audit paras.

Quality Enhancement Cell (QEC)

Muhammad Asadullah Madni, PhD

Director

Ph: +92-62-9255536

E-mail: qec@iub.edu.pk

Quality enhancement mechanisms play a critical role in development of modern organizations. Higher Education Commission of Pakistan established Quality Assurance Agency (QAA) in 2005 to facilitate establishment and functioning of Quality Enhancement Cells (QECs) in all HEIs in Pakistan with the aim to promote, enhance and assure the quality of higher education. The Islamia University of Bahawalpur established its Quality Enhancement Cell in December, 2007 to fulfill its commitment of providing affordable quality education. QEC works to implement the policies and Internal Quality Assurance criteria recommended by National Quality Assurance Committee. This includes performing Institutional Performance Assessment, preparing Implementation Plans, facilitating Program Reviews and the accreditation process in addition to arranging other quality improvement activities for staff and students.

At The Islamia University of Bahawalpur, academic excellence and continuous improvement are top priorities. QEC ensures highest educational standards, driving global recognition. With

QECs established in affiliated colleges and sub-campuses, we foster a culture of quality across our network. We participate in national and international rankings, value stakeholder feedback, and conduct rigorous data analysis to identify and address areas for improvement, solidifying our commitment to delivering exceptional education.

Office of Research, Innovation & Commercialization (ORIC)

Muhammad Atif, PhD

Director

Ph: +92-62-9255460

E-mail: oric@iub.edu.pk

In pursuit of the vision and mission of Office of Research, Innovation, and Commercialization, ORIC serves as centralized research support hub within the University, dedicated to supporting research development, promoting innovation, and enhancing commercialization. ORIC's mandate also includes:

1. Serving as a comprehensive support center for research quality assurance, guidance, and development. 2. Strengthening collaboration between university researchers and stakeholders across government, industry, and communities. 3. Acting as the custodian of Intellectual Property and Licensing of the patents/copyrights/trademarks etc. developed by the University personnel. 4. Overseeing University's research journals as Administrative Head. 5. Executes the university's 5-year strategic plan, organizing research-focused events Assists faculty with intellectual property disclosures nationally and internationally. Hosts events to boost academia-industry partnerships. Maintains records of intellectual property for Higher Education

Commission submissions. Circulates grant opportunities and supports funding efforts. 10. Ensuring ethical standards in research proposals (e.g., IRB, IBC), particularly those involving human and animal subjects. 11. Providing annual reports to the Advance Studies and Research Board on priority research areas and achievements.

Directorate of International Linkages

Abid Shahzad, PhD

Director

Ph: +92-62-9255875

E-mail: abid.hussain@iub.edu.pk

Directorate of International Linkages was established in 2020 at the Islamia University of Bahawalpur. Its primary purpose is to bridge the gap between the university and the international scientific community through research and teaching at par with global standards while enhancing the identity of the Islamia University of Bahawalpur in the educational community.

The Directorate of International Linkages has Three main functions:

1. Exchange of faculty, students and staff members with other institutions of the world
2. Facilitation of international students during the course of their studies at IUB
3. Administering international admissions and managing the legal and technical concerns related to them.

Directorate of Fundraising & University Advancement

Asif Naveed Ranjha, PhD

Director

Ph: +92-62-9255074

E-mail: director.frua@iub.edu.pk

In line with IUB's vision, mission and core values, all advancement strategies of the university toward excellence in quality teaching and research genuinely require consistent and persistent financial flow to serve the needs of students, researchers, faculty, staff and university advancement. Keeping it in view, the directorate of Fund Raising and University Advancement has been established in IUB in 2021.

The directorate helps in securing philanthropic support for the university and its programs. It works in partnership with academic and administrative colleagues throughout the university to build enduring relationships with the existing and prospective donors to enhance the university's pool of financial support. The directorate works closely with the Vice Chancellor's Secretariat and other offices including Directorates of Financial Aid, Alumni, Planning and Development, ORIC, Engineering, Student Affairs, Outreach, Communication and Public Relations and Finance Department. Other functions of the Directorate of Fund Raising and University Advancement include to:

- Improve public understanding and support for improving the quality and effectiveness of academic programs, research and services.
- Design, implement and manage diverse fund-raising programs with an emphasis on the corporate sector, donors, non-government organizations and international partners.
- Create opportunities for needy students with scholarly traits so that they can remain on the path to university studies.
- Develop and implement programs to help students develop themselves intellectually and spiritually to become responsible and dedicated to the national well-being, IUB and their respective communities.
- Keep parents of IUB students abreast with new programs and developments of IUB and develop and implement programs to strengthen parents' relationships with IUB.
- Inspire and encourage parents to generously support IUB development programs

Directorate of Alumni Affairs

Shahid Mehmood, PhD

Director

Ph: +92-62-9255867

E-mail: alumni@iub.edu.pk

The worthy Vice Chancellor Engr. Prof. Dr. Athar Mahboob (TI) has a strong conviction that once a student passes out, in time through the august halls of this institution, the student shall forever bear the mark of learning and experience which shall pass on to the society. All the degree holders from BA/BSc, BS, Masters, MS/MPhil to PhD, starting from the very first batch in the history of this institution to the many more to come. The worthy Vice Chancellor has established the Directorate of Alumni Affairs to own and exhibit the accomplishments and achievements of the proud alumni. The directorate shall be pleased in receiving support from the valued alumni in professional grooming and financial assistance for our current students. The Directorate of Alumni Affairs is a proud body that highlights the accomplishments and contributions of our Alumni in all spheres of society, both nationally and internationally.

Initiatives taken:

The Directorate of Alumni established a web-portal for the registration of Alumni named IUB Alumni Network where 21000+ Alumni has been registered till date. To be connected on Social Media, Facebook group and page are created where the number of

participants is 8000+ and 5000+ respectively. IUB Alumni Chapters program is initiated and 50+ WhatsApp groups have been created. IUB Alumni Mentorship Program has been developed to help the final year students for guidance in practical life. Total number of passed out students are also available on the portal in different categories/ fields. Deputy Director Alumni Affairs, IAA faculty/Sub-Campus and IAA Departments are notified from faculty members for the smooth working of all related activities. Alumni Visits and Reunion program have been initiated to get better relationship with the alumni and University. IUB alumni Chapter program is another initiative started by Directorate of Alumni Affairs.

Acknowledgment of High Achiever Alumni is also done through appreciation letters from the worthy Vice Chancellor. The Directorate of Alumni Affairs is all about celebrating success, encouraging for more, and pacifying the nostalgia!

Office of the Directorate of Alumni Affairs is located at Syed Tabish Alwari Building, Baghdad ul Jadeed Campus.

Directorate of Masajid (Mosques)

Hafiz Abdul Sattar, PhD

Director

E-mail: dir.masajid@iub.edu.pk

Directorate of Masajid, established on 4th January, 2023, is helping to promote Quranic values among employees and students of the university through following entities:

- Quranic education courses for basic understanding of Quran
- Short Courses for Promotion of Islamic values in the light of Ahadees-e-Nabi
- Ittehad Bain-ul-Muslimeen courses to promote culture of tolerance and peace

Currently there are 08 mosques in all campuses of IUB, whereas two more mosques are in planning phase. The vision of the Directorate is to provide an opportunity for harmonious development of individuals and society on the basis of Quranic education and values and to encourage and promote the basic Islamic ideology, moral values and norms of Islam. While, the mission of the directorate is to promote and enhance the proper understanding about basic Quranic education and concepts through centralized and uniform training of students and university employees. The directorate extends its program to Imams/Moazins to have uniform culture of tolerance, harmony, peace and brotherhood.

Office of the Estate Care

Muhammad Latif, PhD

Principal Officer

Ph: +92 62 9255492

Email: m.latif@iub.edu.pk

The Office of the Estate Care was established on 31st January 2023. Since its inception, the office has successfully established a family park on 10 acres of land. A plan to further enhance the grandeur of the park is already approved and after the completion, this would be one of the best, state of the art recreational entity in line with the theme of the IUB. This office also participated in the flower exhibitions conducted by the PHA and the Cantonment Board and secured first position in all the relevant categories. This office is also endeavoring to beautify the whole campus with minimum expenses on sustainable basis. The main theme of the office is to promote local flora along with the adoptable exotic species which would further enhance the beautification of The IUB.

Directorate of Planning & Development

Farkhanda Tahseen

Director

Ph: +92-62-9255067

E-mail: director.planning@iub.edu.pk

Planning and Development Directorate is functioning since inception of IUB. Today, it is working in various technical and administrative capacities including Planning, Monitoring, Evaluation, Development of Private Public Partnership, Resource Generation and Mobilization. All development projects are prepared by the Directorate and submitted by the University to HEC and different forums as well as University Own Resources.

IUB has been experiencing over-whelming demand for new admissions in its various academic programs being offered on-campus. This huge influx of the students is also accompanied with the increase in academic and support staff of the university. To cope up with the increased demand for on-campus infrastructure, IUB has prioritized the specific areas of academic and supporting infrastructure to cater the needs of its stakeholders.

Currently, more than 65,000 on-campus students are being offered educational opportunities in all three districts of Bahawalpur Division. The consistent increase in student enrollment is necessitating further growth of physical infrastructure as well as sub campus Ahmadpur East and Hasilpur.

Office of Space Management

Muhammad Naveed Aslam Malghani, PhD

Principal Officer

Ph: +92-62-9250085

E-mail: estatecareiub@gmail.com

- Office of Space Management has successfully implemented progressive strategies to manage Faculty Buildings / Administration Blocks space in all the Campuses of the Islamia University of Bahawalpur efficiently, receiving widespread recognition from the University community.
- Additionally, Space Management also extends its services to the University Residential Colony, ensuring a conducive living environment for academic and administrative staff, aligned with university regulations and guidelines.

Undergraduate Study Center

Irshad Hussain, PhD

Director

Ph: +92-62-9255478

E-mail: irshad.hussain@iub.edu.pk

The Islamia University of Bahawalpur is one of the leading universities in Pakistan. We always embrace innovations and believe in academic excellence. To meet the academic excellence, an Undergraduate Study Center has been established at the IUB. The Islamia University of Bahawalpur has launched Associate Degree Program (ADP) in different disciplines successfully in its affiliated colleges. It is a new program for affiliated colleges and it replaces 2-year BA/BSc programs under the guidelines of HEC and PHEC. The main functions of the Undergraduate Study Center include:

- i. Streamlining ADP and BS courses
- ii. Organizing training workshops for the faculty of affiliated colleges in pedagogy, assessment and other areas of their need
- iii. Developing interactive materials for the learners
- iv. Developing guidelines for the faculty of affiliated colleges regarding the implementation of ADP and BS Programs
- v. Identifying subject experts and formulating teams for the development of interactive materials

Directorate of Community Broadcast Radio, TV & Film

Muhammad Shahzad, PhD

Director

Ph: +92-62-9255451

E-mail: iubrtvandfilm@gmail.com

The Directorate of Community Broadcasting Radio, TV, and Film (IUB) plays a key role in promoting a positive image of the university and the culturally rich Bahawalpur region. Through various media productions including short films, documentaries, and podcasts the directorate connects IUB to the global community, fostering understanding and appreciation. Committed to student development, the directorate organizes workshops, interactive theater sessions, and media camps, where students receive hands-on training in documentary production, vlogging, storytelling, editing, and podcast creation. The directorate has also published over 150 reports and articles in regional and national media, elevating IUB's visibility. Partnerships with organizations and media production houses offer further media industry exposure, while comprehensive resources and dedicated manpower support the directorate's mission to promote a soft image of IUB, Bahawalpur, and Pakistan.

Directorate of Women Health Care Centre & Maternity Home

Dr. Sheikh Safeena Sidiq, MBBS

Directorate of Industrial Engagement

Muhammad Asif Khan, PhD

Director

E-mail: asifkhan.muhammad@gmail.com

The Directorate is aimed at creating and expanding the partnership of university with industry. Furthermore, the directorate is also targeted on to impart the industrial education and skills to the faculty members, researchers and students to strengthen Academia - Industry linkage, commercialization of university research and creation of cottage industries. The directorate is also probing the future opportunities to develop a nexus between academia - university consultancy services, research participation agreements, sponsored research agreements and internship placements of students in industries.

Career Counseling & Placement Center

Shahid Durrani

Director

Ph: +92-62-9255596

E-mail: shahid.durrani@iub.edu.pk

Career Counseling and Placement Center (CCPC)

The establishment of Directorate of career Counseling and Placement Center (CCPC) in 2021 has been among several other strategic initiatives taken in Prof. Dr. Athar's tenure. CCPC is a dedicated center with support and guidance of leadership, clear direction and liberty of thinking out of the box. In this short span of time when the needs of career counseling and placements of HEI graduates is rapidly increasing amidst stiff competition in employment market, CCPC has achieved several milestones and has registered its significance as enabler for students. These milestones speak of untiring efforts and unconventional approach of CCPC team and administration in order to make their presence felt for counseling and employability of IUB graduates and alumni.

Since 2021, CCPC has been embarked upon multi prong strategy.

On one hand, establishing green field operations, spreading awareness, taking key stakeholders onboard, training & skills development, while on other hand establishing linkage with industry, delivering tangible results for employability of graduates and at the same establishing IUB as a brand.

IUB Competitive Exams Center (ICEC)

Keeping in view the regional landscape of South Punjab and potential opportunities, there was a dire need to establish a center which could provide quality education, easy access to relevant information of each subject and services for impactful preparation and guidance. IUB becomes the very first public sector university to have established such an authentic and quality center preparing young aspirants of IUB and this region for competitive exams. Having excellent infrastructure, competent teachers pool, library and hostel facilities, ICEC is helping young aspirants fulfil their dreams to crack CSS, PMS, One Paper MCQs, English crash course and Aptitude Tests.

IUB Young Leaders Program (YLP)

The IUB Young Leaders Program (YLP) is an unconventional grooming and skills development venture that has been conceived by the Directorate of Career Counseling and Placement Center (CCPC) and endorsed by the honorable Vice Chancellor. The program aims for the capacity building and grooming of the distinguished students of IUB and transforming them into future leaders.

Green Campus Project

Abid Rashid Gill, PhD

Director

Ph: +92-62-9255491

E-mail: abid.rashid@iub.edu.pk

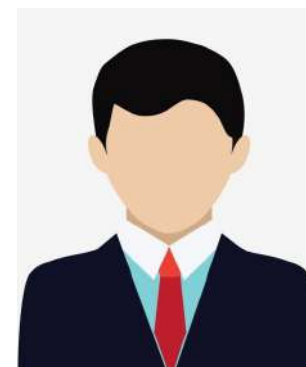

The Green Campus Project, IUB aims at developing an integrated approach towards addressing the environmental concerns for the university campus in line with the concept of a sustainable campus.

This project addresses the following specific objectives: reduce energy, water, plastic, and paper per head use at the campus, initiatives for green infrastructure and sustainable transportation, reduce food wastage, promote a green health care system, increase research on sustainability, and course on sustainability and environment. The project also aims to promote environmental awareness among employees and students of the IUB through workshops, walks, seminars, and research conferences on local, national, and global environmental issues.

This program mainly focuses on changing the behavior and practices of using environmental resources; however, IUB is also working on installing renewable technologies: water recycling plant and solar energy plant. Moreover, the master plan of the university has also been improved so that the university will have a green

infrastructure in future. The combination of both technological up-gradation and improved practices of using environmental resources will make IUB a green and sustainable university.

Directorate of Furniture Manufacturing Unit

Bilal Ahmed Khan Lodhi

Director

Under the visionary leadership of Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, university has established a furniture manufacturing unit taking a step forward towards the goal of self-sufficiency and sustainability. High quality furniture is being produced in the furniture factory established at Baghdad-ul-Jadeed Campus. To meet the requirements of the university campuses, skilled craftsmen have been hired to produce world class furniture for all teaching and administrative departments which will save outsourcing costs. The furniture factory is equipped with modern machines and tools for the production of furniture. The furniture produced by the university will be of better quality at lower cost making the university self-sufficient, solving the long-standing problem of purchasing furniture and also provide employment opportunities.

Enabling Center

Muhammad Saleem, PhD

Director

Ph: +92-62-9255519

E-mail: Director.ec@iub.edu.pk

- The idea of the Enabling Center was conceived during the completion of research work done for three years of growth vision of the Department of Applied Psychology in 2020.
- The draft was prepared and placed in Syndicate and got approved in January 2021 and from the 17th Senate Meeting on 16-10-2022.
- Since then this center has been working continuously for psychological services to enhance the Mental Health of University Employees and Students.
- Hundreds of students and teachers have benefitted until now.
- This center has been nourished under the supervision of Prof. Dr. Muhammad Saleem and extended its services not only to mainstream communities but marginalized communities too like Transgenders and other vulnerable like AIDS Patients.
- This center has screened out more than 4500 Police employees to check their mental health overall.
- This center has a very dedicated team, they assessed all Juveniles' Mental Health and Future Aspirations residing in BORSTAL Institution and Juvenile Rehab Center.

- **Projects - Completed**
- **Mental Health of University Students: Assessment and Remedies:** An ORIC IUB project was conducted to carry out an initial assessment of Mental Health issues prevailing in the student community of IUB and a survey was completed by utilizing the Mental Health Inventory with 18 items. It provided the baseline data for the identification of mental health issues.
- **Psychological Profiling of Police Personnel** The psychological profiling of Police personnel of Bahawalpur Division was conducted from July 2023 to September 2023 in which around 4500 Police Personnel were assessed for any mental health-related issues. Enabling center also provided free psychological counseling sessions to the personnel with certain issues.
- **Ongoing Projects**
- The inmates at Borstal Institution and Juvenile Rehabilitation Center were also assessed for detailed psychological assessment.
- The Transgender Students Well-being project is also going on and their mental health issues (if any) are being assessed.
- **Future Prospects**
- Enabling Center provides psychological services for the entire community of IUB and in the future EC has proposed a free helpline for the teletherapy of clients and extended services for the overall community of Bahawalpur.
- Phase-II and III will be started for families of IUB employees and the general Public
- **Sustainability:** Once it opens for the general public - we are hoping this center will become sustainable.

Directorate of Teaching Assistants and Research Assistants

Muhammad Nafees, PhD

Director

Ph: +92-62-9255871

E-mail: Muhammad.nafees@iub.edu.pk

The Directorate of TA/ RA is striving hard to achieve excellence in academic activities under the umbrella of The Islamia University of Bahawalpur, Pakistan. The directorate encourages IUB students to assist faculty in teaching and research activities to achieve professional excellence through learning and teaching experiences.

Directorate of Islamia University School System

Muhammad Rafay, PhD

Director

Ph: +92-62-9255863

E-mail: diss@iub.edu.pk

The Directorate of the Islamia University School System is committed to providing high-quality education that equips students for future challenges. Directorate of ISS was established in 2nd January, 2021. The Islamia University of Bahawalpur is expanding its reach through a Franchise Network of the Islamia University School System. Currently, DISS operates two schools and three franchises and Day Care Center, featuring state-of-the-art infrastructure and comprehensive learning facilities. These include spacious classrooms, tech-based teaching solutions, and mentoring sessions focused on overall personality development. Additional resources such as career counseling, a reading club within a well-equipped library, multiple student societies, sports galas, and various extracurricular activities further enrich the student experience.

Existing University-Managed Schools

Currently, the Islamia University operates two schools: the Islamia University School System at the Baghdad-ul-Jadeed Campus and the Islamia University School System, City Chapter. These schools have been placed under the administrative control of

the Directorate of the Islamia University School System (DISS - IUB) for comprehensive revamping and upgrading. The goal is to transform them into exemplary institutions that serve as role models for the community and potential franchisees. A brief introduction and history of these schools are as under:

Islamia University School System, BJC, IUB

The Islamia University School System was established in 1992 to meet the educational needs of the children of university employees and the wider community of Bahawalpur City. Previously it was named as a University Model School and it switched to Islamia University School System in 2022. Over the years, it has been upgraded to the secondary level and is registered and affiliated with BISE. The school aspires to become one of the most prominent educational institutions in the city, offering not only top-notch educational facilities but also fostering character development based on strong moral values. Since its upgrade, the Islamia University School System has consistently achieved 100% pass rates in secondary classes. A dedicated team of 32 highly qualified teachers works diligently to provide quality education, ensuring that both curricular and extracurricular activities are thoroughly monitored. Islamia University School System operates as a co-educational institution from Play Group to Class 5, and offers classes for girls only from 6th to 10th grade. The admission schedule is announced well in advance of each academic session, welcoming students from all backgrounds without any discrimination.

University Public School

The Islamia University School System, City Chapter, located in the heart of Bahawalpur City in Mohallah Kajalpura, has a rich history dating back to its establishment as the University Public School on October 9, 1963. Inaugurated by President Field Marshal Ayyub Khan, it originally served as a middle school and was connected to the Jamia Islamia, which succeeded Jamia Abbasia.

In 1969, the school was upgraded to secondary level, aligning its syllabus with the standards set by the Education Department of Punjab. With the conversion of Jamia into the Islamia University of Bahawalpur in 1975, the school continued to symbolize knowledge and learning, especially during the Abbasian era in Bahawalpur State. A dedicated team of 11 highly qualified teachers works diligently to provide quality education, ensuring that both curricular and extracurricular activities are thoroughly monitored. The institution adheres to the educational regulations of both the Education Department and the Islamia University of Bahawalpur, maintaining high standards of scholarship and discipline. The management emphasizes the importance of academic performance and behavioral conduct, holding the right to assess each student's

standing within the school community.

Day Care Center

The Day Care Center administration and staff of day care shifted to Directorate of Islamia University School System in 4th February, 2021. It features two well-equipped classrooms with a space of 50 children. It is designed for a nurturing environment, complete with a computer, a library, and both indoor and outdoor play areas. To ensure safety and supervision, three closed-circuit TV systems have been installed, providing live monitoring of the classrooms and outdoor playgrounds in the office. This setup supports a secure and engaging atmosphere for children.

IUB-Directorate of Sustainable Tourism

Salman Mahmood Qureshi

Director

Ph: +92-62-9255579

E-mail: salman.qureshi@iub.edu.pk

Realizing the potential of increasing tourism in Pakistan, the Government of Pakistan is promoting this sector of the economy. Bahawalpur has enormous potential for the augmentation of tourism due to its natural scenery and archaeological heritage. A large number of tourists visit the Cholistan Desert, Bahawalpur forts, and palaces in the city around whole year. IUB Directorate of Sustainable Tourism (IUB-DOST) is committed to making a low impact on the environment and local culture while helping to generate future employment for the students of IUB as well as other local people in the tourism and hospitality industry.

University Guest House

The University Guest House (UGH) is located at Abbasia Campus which serves the purpose of lodging for University guests attending meetings, seminars, workshops, national and international conferences, meetings of the Selection Board, Syndicate, Academic Council and Senate and also walk-in guests on payment subject to the availability of space.

1. UGH presents an attractive curb appeal and presentable ambience for its guests with lush green surroundings.
2. It comprises 18 well-furnished rooms with a focus on comfort. The rooms are categorized into 03 blocks depending on the provision of facilities in the rooms.
3. It has a cozy TV lounge with an attached dining hall for meetings-cum-dinning.
4. UGH has a medium-sized air-conditioned, pillar-less banquet hall that caters for up to 80 persons.
5. A comfy terrace is also available to relax during good weather.
6. Other facilities include infallible security arrangement, 24/7 room service, free internet, turn down service, valet service, concierge service, mini-bar in rooms, cable TV network, 24-hour hot & cold water, air-conditioning, car parking and daily newspaper (on demand).
7. The following services can be provided on special arrangements: a) secretarial services, b) rent a car, c) city tour plans & packages & recreational tours with a tour guide, d) shuttle service within Bahawalpur e) airline, train & bus booking.
8. Well-trained professional hospitality staff and top-quality food is also available.

The hostels provide budget-oriented, sociable accommodation. Most of the facilities in hostels unlike in hotels are on sharing basis to keep the cost low. This also creates a warm and friendly camaraderie amongst students.

The University has the distinction of housing substantial number of students in its hostels. The IUB hostels are unique form of lodging with exclusively designed buildings offering attractive curb appeal surrounded by lush green lawns and superb ambiance equipped with all basic amenities. Dedicated and focused full time staff ensures round the clock facilitation for the residents.

The capacity building and provision of essential facilities in recent past is evident of the efforts being undertaken by university administration. The old hostel buildings have been renovated and equipped with better living facilities. Female students residing in girls hostels need more disciplined environment. Strict adherence to check-in time, visitor control, and attendance are the tools to ensure safety and security of female students. Visitors seeking entrance in the hostels are required to report to the staff present at the entry point of each hostel and get his/her particulars endorsed in the registers maintained for this purpose.

The accommodation capacity of student hostels is around 7,000 and that of faculty hostels, around 200. All the hostel buildings are equipped with state of the art facilities.

The following hostels are in operation for students:-

Boys Hostels:

Abu Bakar Hall
Umer Hall
Ali Hall
Ahmad Hall
Usman Hall
Jinnah Hall
Iqbal Hall

The Directorate of Female Sports provides a friendly environment, big playgrounds, equipment for different games, sports officers for coaching and a lot more. The Directorate is conducting different sports events in the university) e.g.,(interfaculty, intercollegiate, and inter-varsity sports completions) so that different students can participate in them. The IUB rewards various cash prizes and scholarships for medalist players at Intervarsity and national level.IUB female players participated in different championships at different levels and showed marvelous performance overall with 09 Gold, 06 Bronze medals at inter-varsity competition and 07 Silver medals at national level.

Medical and Health Division

Dr. Muhammad Usman Cheema, MBBS, MSPH, DPH
Chief Medical Officer

Abbasia Campus Medical Center, +92-629250206
Baghdad ul Jadeed Campus Medical Center, +92-629255456
E-mail: medicalhealthdivision@gmail.com

This Medical and Health Division was established in 1981. It is providing health services to the students, faculty, staff, employees and their families round the clock. There are two medical centers (one in Abbasia Campus and other in Baghdad ul Jadeed Campus) and two dispensaries (one in Rahim Yar Khan Sub Campus and other in Bahawalnagar Sub Campus). The main objective of Medical Division is to provide First-Aid facility to the patients. Three ambulances are available to shift serious patients to Bahawal Victoria Hospital Bahawalpur. There are two male and eight female medical officers, one Speech Therapist, one Clinical Psychologist and Eleven Paramedics. A Homeopathic & Tibbi medical Center has also been delivering its services at Abbasia Campus.

Hepatitis Clinic and Diabetic Clinic has also established in Medical Center at Baghdad ul Jadeed Campus. All students, employees and their families of the University are being screened/vaccinated for Hepatitis B & C and positive cases are also being treated. This activity is free of cost and we are proud to mention that we are the 1st University (Public + Punjab Sector) which is Hepatitis Free.

Directorate of Engineering

Engr. Shahzad Asif Qureshi
Principal Officer

Ph: +92-62-9255458

E-mail: pd.engr@iub.edu.pk

In 1975, when Jamia Abbasia was declared as a chartered university, it started functioning at Abbasia and Khawaja Fareed Campuses with ten departments and then converted into the Islamia University of Bahawalpur. To expand its functions and to construct a modern and self-contained campuses 1,257 acres of land was allotted to the University on Hasil Pur Road about 8km away from the city center. These 1,257 acres were surrounded by sand dunes.

The Directorate of Engineering successfully converted these sand dunes into engineered built Faculties, Hostels, Residential Colony, Boundary Wall and Infrastructure. Now it is known as Baghdad ul Jadeed Campus. Since the first day of its establishment, Directorate of Engineering provides construction & maintenance services to support the academic activities of the Islamia University of Bahawalpur. As per the vision of Worthy Vice Chancellor, Directorate of Engineering prepare drawings, designs and estimates of different development schemes. It has completed several mega projects by in house architectural and structural design including resident supervision.

Security System Division

Abdul Wadood

Chief Security Officer

Ph: +92-62-9250258

E-mail: security@iub.edu.pk

Security System Division is one of the biggest departments of IUB. It has strength of 406 security officials. System is being run by the Chief Security officer. University has authorized Security officers at Bahawalpur, Rahim Yar khan and Bahawalnagar campuses as well. Security is maintained in shifts divided into three groups i.e. Morning, Evening and Night shifts. Each shift is headed by a supervisor who is responsible to report to the Chief Security Officer.

Motor Transport Division

Khalil ur Rehman

Chief Transport Officer

Ph: +92-62-9250326

E-mail: Khalilgeog2005@yahoo.com

Motor Transport Division is providing transport services to its students, faculty & staff, departmental guests. This transport fleet is one of the largest fleet owned by any educational institute in the country.

The Motor Transport Division operates over 72 buses, serving routes within Bahawalpur as well as providing transportation to the Bahawalnagar and Rahim Yar Khan campuses. The Bahawalnagar Campus routes extend to outstation locations up to Chishtian, while the Rahim Yar Khan Campus routes cover areas including Khanpur Katora and Sadiqabad city.

Special Bus Service for differently-abled students and IUB School System have been deputed. Shuttle service within campus and coaster for teacher/staff is also operational in all campuses.

University Printing Press

Muhammad Zahid Suleman

Director, Printing Press

Ph: +92-62-9255598, E-mail: upp@iub.edu.pk

The Islamia University of Bahawalpur has launched a cutting-edge printing press to address the University's diverse printing needs and generate additional revenue. This state-of-the-art facility is equipped with modern machinery, ensuring high-quality standards for all printing and publication requirements. A skilled team of professionals produces a wide array of materials, including prospectuses, research journals, answer scripts, IUB magazines, newsletters, brochures, hostel handbooks, calendars, registers, file covers, materials for international and national conferences, workshops, result cards, certificates, and more.

The latest development also includes the in-house production and installation of laser-cut signage plates across various University departments and campuses, enhancing the institution's professional and corporate image.

Beyond its core printing functions, the University Printing Press (UPP) is instrumental in supporting students' academic development. UPP extends its role by offering hands-on demonstrations for

Fine Arts, Media Studies, and other students, providing them with practical insights to enrich their studies. This multifaceted approach underscores UPP's vital role in advancing both operational excellence and educational support within the University.

Khawaja Fareed Chair

Khawaja Rawal Mueen Koreja

Director, Khawaja Fareed Chair

Ph: +92-62-9255419

E-mail: rawalmueen@iub.edu.pk

Khawaja Ghulam Fareed (RA) was a great Sufi-Saint of the 19th Century. His Sufi-poetry written in Saraiki language is immensely popular across the globe. Khawaja Farid RA's choice of local culture as a theme of his work, makes him the most revered personality of the South Punjab.

His message of inclusivity, love, humanity and indiscrimination is still relevant in contemporary times and needs constant reiteration.

Khawaja Fareed Chair under the auspices of Islamia University of Bahawalpur was established in the year 1996. The purpose of the establishment of the Chair was to preserve, publish and promote the teachings of the great Sufi Saint through diverse activities.

Khawaja Fareed Chair is an effective platform for the dissemination of Khawaja Fareed's message. The Chair aims to engage youth as well as the general population with its activities so that it shall be able to successfully contribute towards the consolidation of peace and tolerance in our society.

Aims and Objectives:

- Publish & promote the mystic poetry and philosophy of Khawaja Fareed.
- Collection and preservation of published and unpublished verses, books and manuscripts relating to Khawaja Fareed.
- The research on the places, personalities and antiques related to Khawaja Fareed.
- Extensive Lectures, Seminars, Symposiums, Literary meetings and discussions on Khawaja Fareed.
- Launching short- and long-term research projects.
- Collection of audio/video material related to Khawaja Fareed.
- Establishment of Khawaja Farid Art Gallery and Museum.
- Promotion and preservation of the regional culture, heritage, historic monuments, the mystic ethics, and research on native art and culture.
- Supervision and assistance of the research scholars for MPhil and PhD programs.
- Establish the linkage Programme with Latif Chair, Sachal Chair and such other shairs in the national and international universities.
- To create an intercultural dialogue through seminars/ Lectures, Sufi Music and other mediums

Seerat Chair

Hafiz Sheikh Shafiq, PhD

Director

Ph: +92-62-9255476

E-mail: seeratchair@iub.edu.pk

The state of Bahawalpur has been bestowed as its rulers have always taken serious steps towards Islamic education and contemporary education. The accelerated academic activities in the field of Seerat paved the way for the establishment of a Seerat Chair in the University. The regular establishment of the Seerat

Chair took place in 1987 when on the direction of the President of Pakistan, Seerat Chairs were established in some of the selected universities.

The main objectives of the establishment of the Seerat Chair are:

- Providing awareness and guidance to the scholars and the society on their daily lives issues in the light of Seerat of the Holy Prophet PBUH
- Searching and researching for manuscripts written on Seerat
- Indexing of books written on Seerat
- Holding national and international conferences
- Publishing books in this regard

Under the auspices of the Seerat Chair, seminars, lectures, and webinars are organized on various occasions, in which eminent professors of domestic and foreign universities express their views. In addition, essay and speech competitions are organized among university and college students on Seerat. Seminars and workshops are also organized for students and teachers of religious schools.

Sir Sadiq Muhammad Khan Abbasi – V Chair

Shahid Hassan Rizvi, PhD
 Honorary Director/ Secretary
 E-mail: dr.shahid.rizvi@gmail.com,
 info.sadiqchair@iub.edu.pk

The Sadiq Muhammad Khan Abbasi-V Chair at The Islamia University of Bahawalpur serves as a distinguished platform for both scholars and the general public. The Chair's primary mission is to shed light on the rich history of Bahawalpur, with a particular focus on the life, contributions, and legacy of His Highness Sadiq Muhammad Khan Abbasi-V, the last ruling Nawab of Bahawalpur. The Chair actively engages in academic and historical research, organizing annual conferences and seminars to explore the various dimensions of Nawab Sadiq's life and his invaluable services to the region. To further promote scholarly discourse, the Chair also publishes a research journal, providing a platform for research on Bahawalpur's history, culture, and its significant role in shaping modern-day Pakistan.

Through these efforts, the Sadiq Muhammad Khan Abbasi-V Chair aims to preserve the heritage of Bahawalpur and contribute to a deeper understanding of its historic significance.

IUB Solar Power Plant

Faizan Farhat
Focal Person

The Islamia University Bahawalpur has totally shifted to Solar Energy. This project is actually the biggest and first of its capacity in the whole of Pakistan. This is an extraordinary achievement for the Islamia University of Bahawalpur, leading the way in the field of clean and green Pakistan.

Provincial Minister for Energy Dr. Akhtar Malik has laid the foundation stone of a 2.5 MW solar energy project at the Islamia University of Bahawalpur. The solar energy project to be set up at the Islamia University of Bahawalpur will generate 3.906 million units of electricity annually which will save Rs. 70 million. The project will provide an opportunity for students to learn their research aspects and alternative energy sources.

The pilot project would generate electricity at a very low rate of Rs1.7 per unit. This would save the university expenditure about Rs70 million annually. The Islamia University of Bahawalpur's 2.5 MW solar power plant is supplying electricity according to its maximum production capacity. On 1st July 2022, 13282 units of electricity worth Rs. 571,040 were generated from University Solar Park. The Islamia University of Bahawalpur is paying full attention

to energy management and has been the 2.5 MW solar power project at the Islamia University of Bahawalpur is an international-level project. This solar energy project of the Islamia University of Bahawalpur is set up in collaboration with the Department of Energy, Government of Punjab and has been generating electricity since last year.

Occupational Safety and Health (OSAH)

Muhammad Ibrahim, PhD

Manger

E-mail: Muhammad.Ibrahim@iub.edu.pk

The office of Occupational Safety and Health (OSAH), the Islamia University of Bahawalpur is working under the visionary leadership of worthy Vice Chancellor IUB. This office is responsible to ensure the safety, health and welfare of employees, students, and society at work. Furthermore, protecting them from safety and health hazards arising from activities within university. Moreover, the office is responsible for administration and enforcement of rules & regulations related to occupational safety and health within the campus of IUB with vision of becoming an institute which leads the university in creating a safe and healthy work culture that contributes towards enhancing the quality of working life.

To this end, the Office of Occupational Safety and Health was established on January 15, 2020 to advise and assist administrative staff, faculty and students across the whole University on Health and safety matter which include but are not limited to the following aspects. Chemical safety, fire prevention and safety, disaster

preparedness, electrical safety, personal protective equipment, road safety, construction safety and health training such as Fire safety, use of fire extinguishers, Fire prevention steps and mock Exercises are conducted to be prepared for any disaster.

Faculty of Arts and Languages

Department / Discipline	Admission Criteria
BS English Language & Literature	FA/FSc with minimum 40% Marks
BS English Language & Linguistics	FA/FSc with minimum 40% Marks
Diploma in TEFL (One Year Program)	Intermediate or equivalent
BS History	FA/FSc or equivalent with minimum Third Division
BS Archeology	FA/FSc or equivalent with minimum 40% Marks
BS Pakistan Studies	FA/FSc or equivalent with minimum Third Division
BS Persian	FA/FSc or equivalent with minimum Third Division
BS Saraiki	A/FSc or equivalent with minimum Third Division
BS Urdu	FA/FSc or equivalent with minimum 40% Marks
BS Iqbal Studies	FA/FSc or equivalent with minimum 40% Marks
Bachelor in Design with Specialization in Painting, Graphic Art, Sculpture, Graphic Design, Textile Design (4 Years Program)	FA/FSc or equivalent (40%) + IUB Special Test

Faculty of Social Sciences

BS Applied Psychology	FA/FSc or equivalent with minimum 40% Marks
Advance Diploma in Counseling Psychology	M.Sc. Or BS (Hons) in Applied Psychology or Psychology with CGPA 2.5 in Semester System or 60% marks in Annual System
Advance Diploma in Clinical Psychology	
BS Economics & Finance	FA/FSc or equivalent with minimum 40% Marks
BS Economics	FA/FSc or equivalent with minimum 40% Marks
BS Business Economics	FA/FSc or equivalent with minimum 40% Marks
BS Development Studies	FA/FSc or equivalent with minimum 40% Marks
BS International Relations	FA/FSc/D.Com. or equivalent with minimum 40% Marks
BS Defence and Diplomatic Studies	FA/FSc/D.Com. or equivalent with minimum 40% Marks
BS Information Management	FA/FSc/D.Com. or equivalent with minimum 40% Marks
BS Mass Communication Studies	FA/FSc or equivalent (40%) + IUB Special Test
BS Political Science	FA/FSc or equivalent with minimum 40% Marks
BS Politics & Parliamentary Studies	FA/FSc or equivalent with minimum 40% Marks

BS Gender Studies	FA/FSc or equivalent with minimum 40% Marks
BS Public Policy and Governance	FA/FSc or equivalent with minimum 40% Marks
BS Public Administration	FA/FSc or equivalent with minimum 40% Marks
BS Social Work	FA/FSc or equivalent with minimum Third Division
BS Sociology	FA/FSc or equivalent with minimum Third Division
BS Anthropology	FA/FSc or equivalent with minimum Third Division
Faculty of Agriculture & Environment	
BSc. (Hons) Agriculture	FSc Pre-Medical / Pre-Engineering (45%)+ MCT/NAT/IUB Special Test/ NAT Test
BS Forestry	FSc Pre-Medical / Pre-Engineering (45%)+ MCT/NAT/IUB Special Test/ NAT Test
BS Environmental Sciences	FSc Pre-Medical / Pre-Engineering (45%)+ MCT/NAT/IUB Special Test/ NAT Test
BS Agri. Business	FSc Pre-Medical / Pre-Engineering (45%)+ MCT/NAT/IUB Special Test/ NAT Test
BSc. (Hons) Food Science and Technology	FSc Pre-Medical / Pre-Engineering(45%) + MCT/NAT/IUB Special Test/ NAT Test
Faculty of Pharmacy	
Pharm-D	FSc (Pre-Medical) 60% (1st Div.) or BSC with 60% Marks (1st Div). + MCAT/NAT
Diploma in Pharmaceutical Regulatory Affairs	Pharmacists, MBBS, BDS, BS Nursing and other Allied Health Professionals, LLB and candidate having any other qualification which deems fit.
Faculty of Education	
BS Education	FA/FSc or equivalent with minimum 40% Marks
BS Secondary Education	FA/FSc or equivalent with minimum 40% Marks
BS Elementary Education	FA/FSc or equivalent with minimum 40% Marks
BS Educational Leadership and Management	FA/FSc or equivalent with minimum third Division
B.Ed 04 years (After FA/F.Sc)	FA/FSc or equivalent with minimum 40% Marks
B.Ed. 2.5 Years (After BA/B.Sc/ADE)	BA/BSc/ADE or equivalent
B.Ed. 1.5 Years (After MA/M.Sc/BS)	MA/MSc/BS or equivalent
M.Ed. (After B.Ed/BS Ed)	B.Ed. (One year)
BS Physical Education & Sports Sciences	FA/FSc or equivalent (40%)+ Physical Efficiency Test
BS Special Education	FA/FSc or equivalent with minimum 40% Marks
B.Ed. 1.5 Years Special Education	BS (4-yers), M.A./M.Sc. Or equivalent to 16-years of education with minimum 40% Marks
BS Educational Planning & Management	F.A./F.Sc./A-level or equivalent with minimum 40% Marks

BS.Ed 4 Years (Research and Evaluation)	FSc (Pre- Medical)/ F.Sc.(Pre Engineering)/ICS Intermediate with any of the following Subject: Computer Science, Statistic & Mathematics at least Second Division minimum 40% Marks
BS.Ed 2 Years (Research and Evaluation)	ADP (Mathematics or Physics or Chemistry or Zoology or Botany or Computer Science) or equivalent qualification (14 years of Education) or ADE (Education) with science subject of intermediate level securing at least 2.0/4.0 CGPA or 40% under annual system or BS (Science), regular student who have successfully completed their first 4-semesters with at least CGPA 2.0/4.0
BS.Ed 1.5 Years (Research and Evaluation)	BS (Mathematics or Physics or Chemistry or Zoology or Botany or Computer Science or Engineering or Statistics) or M.Sc or equivalent qualification (16 years of Education) with at least CGPA 2.00/4.00 or 45% under annual system.
BS English Language Teaching	F.A./F.Sc. or equivalent qualification with English as compulsory subject with at least 40% Marks
Faculty of Engineering & Technology	
B.Sc. Electronic Engineering	F.Sc. Pre-Engineering or ICS/DAE or equivalent (minimum 60%) and IUB Test for Engineering (minumum 40%) or ECAT
BS Biomedical Electronics	1. Intermediate with Pre-Engineering, Pre-Medical Computer Science (ICS), Diploma of Associate Engineering (DAE) with with minimum 50% marks from any recognized Board of Pakistan 2. A level or any other Intermediate level equivalent qualification with Equivalence Certificate from IBCC with 50% Marks. 3. Intermediate Entry Test (ECAT), MCAT, NAT or IUB Admission Test."
BS Electronics	1. Intermediate with Pre-Engineering, Pre-Medical, Computer Science (ICS), Diploma of Associate Engineering (DAE) with minimum 50% marks from any recognized Board of Pakistan 2. A level or any other Intermediate equivalent qualification with Equivalence Certificate from IBCC with equivalent 50% 3. Intermediate Entry Test (ECAT), MCAT, NAT or IUB admission Test.
B.Sc. Electrical Power Engineering	F.Sc. Pre-Engineering/DAE or equivalent (minimum 60% Marks) and IUB Test for Engineering (minumum 40%) or ECAT
B.Sc. Computer Systems Engineering	F.Sc. Pre-Engineering/ICS/DAE or equivalent (minimum 60%) and IUB Test for Engineering (minumum 40%) or ECAT
B.Sc. Telecommunication Engineering	F.Sc. Pre-Engineering+ICS+DAE or equivalent (minimum 60%) and IUB Test for Engineering (minumum 40%) or ECAT

BS Electrical Engineering Technology	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering with 50% Marks + IUB Test (undergraduate)/NAT
BS Cyber Security and Digital Forensic	
BS Intelligent Systems and Robotics	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering with 45% Marks + IUB Test (undergraduate)/NAT
BS Biomedical Engineering Technology	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering with 50% Marks + IUB Test (undergraduate)/NAT
B.Sc. Civil Engineering	F.Sc. Pre-Engineering/DAE or equivalent (minimum 60%) and IUB Test for Engineering (minimum 40%) or ECAT
BS Renewable and Sustainable Energy	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering with 50% Marks + IUB Test (undergraduate)/NAT
BS Aircraft Maintenance	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering, or equivalent with 50% Marks. A-level or any other Intermediate equivalent (50%) qualification with Equivalence Certificate from IBCC. NAT/IUB admission test.
B.Architecture	At least 60% Marks in Intermediate, A-Level or equivalent certificate by IBCC with the following subject combination or DAE (Architecture/Civil Technology or equivalent foreign qualification examination excluding Sports and Hafiz-e-Quran Marks. <ul style="list-style-type: none"> • Mathematics, Physics, Chemistry. • Mathematics, Physics, Computer Science • Mathematics, Physics, Statistics The aggregate Marks are computed according to the following formula: He should have appeared in the Departmental aptitude Test DAT (drawing & Interview) arranged by IUB for that academic session in which he seeks admission. The minimum percentage for qualification in DAT (Drawing & Interview) is 50%. Aggregate marks are computed according to the following formula: <ul style="list-style-type: none"> • In case of Intermediate stream: a) DAT Percentage Marks: 30% weight in merit aggregate. Intermediate Percentage Marks: 70% weight in merit aggregate. • In case of Diploma of Associate Engineer (DAE) stream: a) DAT Percentage Marks: 30% weight in merit aggregate. DAE Percentage Marks: 70% weight in merit aggregate.

	<ul style="list-style-type: none"> • In case of foreign qualification: a) DAT Percentage Marks: 30% weight in merit aggregate. b) A Level or equivalent Percentage Marks: 70% weight in merit aggregate.
BS Aviation Sciences	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering, or equivalent with 50 % marks <ul style="list-style-type: none"> • A-level or any other Intermediate equivalent qualification with Equivalence Certificate from IBCC • NAT/IUB admission test
BS Aviation Management (after 12-years of education)	Minimum 12 years of Educaiton from a recognized Educational institution with at least 50% Marks and IUB Test/NAT
BS Information Engineering Technology	Pre-Engineering, Pre-Medical, Computer Science, Diploma of Associate Engineering with 50% Marks + IUB Test (undergraduate)/NAT
Faculty of Law	
LLB 5 Years (Under Semester System)	<ul style="list-style-type: none"> i) F.A./F.Sc. or equivalent (with at least 45% Marks) ii) Passing of LAT test by HEC"
LLB Shariah & Law 5-yeaqr (under semester system)	<ul style="list-style-type: none"> i) F.A./F.Sc. or equivalent (with at least 45% Marks) ii) Passing of LAT test by HEC"
Faculty of Islamic and Arabic Studies	
BS Arabic	FA/FSc or equivalent with minimum 40% Marks
BS Islamic Studies	FA/FSc or equivalent with minimum 40% Marks
BS Islamic Studies with Specialization in Hadith Studies	FA/FSc or equivalent with minimum 40% Marks
BS Islamic Studies with Specialization in Quranic Studies	FA/FSc or equivalent with minimum 40% Marks
BS Islamic Studies Specialization in World Religions & Interfaith Harmony	FA/FSc or equivalent with minimum 40% Marks
BS Translation Studies	FA/FSc or equivalent with minimum 40% Marks
Diploma in Arabic for Understanding Quran (One Year Program)	FA/FSc or equivalent with minimum 40% Marks
BS Islamic Studies with Specialization in Fiqha & Sharia	FA/FSc or equivalent with minimum 40% Marks
Faculty of Medicine & Allied Health Sciences	
BEMS (Bachelor of Eastern Medicine & Surgery) (5 Years Program)	FSc (Pre-Medical) / BSc (Botany,Zology & Chemistry) with 45% Marks + MCAT/ IUB Special Test/ NAT Test

BHMS (Bachelor of Homeopathic Medical Science) (5 Years Program)	FSc (Pre-Medical)/BSc (Botany,Zology & Chemistry) (DHMS equivalency as FSc (Homeo Group) from IBCC) with 45% Marks + MCAT/IUB Special Test/ NAT Test
BS Human Nutrition and Dietetics (4 Years Program)	FSc Pre-Medical or equivalent (45%)+ MCAT/IUB Special Test/ NAT Test
Doctor of Physical Therapy (5 Years Program)	FSc Pre-Medical with minimum 60% Marks + MCAT/IUB Special Test/ NAT Test
BS Medical Laboratory Technology	FSc (Pre-Medical) with 50% Marks or BSc with 50% Marks + MCAT/IUB Special Test/ NAT Test
BS Public Health	FSc (Pre-Medical) with 45% Marks or BSc with 45% Marks MCAT/NAT/IUB Test
BS Nursing	1. Matric Science (Physics, Chemistry & Biology as compulsory subjects) + IUB Special / MCAT Test 2. FSc (Pre-Medical) with 50% Marks (Physics, Chemistry & Biology as compulsory subjects)
Post RN BSN 2-Years Degree Program	3 year general Nursing diploma after Matric including one year specialty + Diploma in Midwifery (any Post Basic Specialty for male in lieu of midwifery) + 1 year experience in hospital
MS Nursing 2-Years Degree Program	Category - I a. 10 Years schooling (Matric/FA/F.Sc.) b. 03 Years Diploma in Nursing c. 01 Year Diploma in Midwifery or any Post Basic Specialty diploma registered with PNC. d. 01 Year experience as RN for admission in Post RN BSN/BSM Degree. e. 02 Years Post RN BSN/BSM Degree program as specified by PNC and HEC vide Notification No. 8(61)/A&A/2018/HEC/5799, dated 26.04.2018 and registered with PNC. f. 01 Year experience as RN after Post RN BSN (clinical include inpatient and outpatient in primary and tertiary care, as well as teaching and research) for admission in MSN degree

	Category - II a. 12 Years schooling (Matric + FSc Pre Medical) b. 04 Year Generic BSN Nursing Degree registered with PNC. c. 01 year internship (bedside care) d. 01 Year experience as RN after GBSN (clinical include inpatient and outpatient in primary and tertiary care) (excluding 01 year Internship) for admission in MSN.
BS Forensic Science	FSc (Pre-Medical) with 45% Marks or BSc with 45% Marks (1st Div)
Certificate in Health Profession Education (06- months)	
Faculty of Chemical & Biological Sciences	
BS Botany	FSc (Pre-Medical) or equivalent (40%)+ MCAT/ IUB Special Test/ NAT Test
BS Chemistry	FSc (Pre-Medical), A-Level with Chemistry (40%)+ MCAT/ Departmental Test
BS Zoology	FSc. Pre-Medical or A level (40%) FSc with Physics & Mathematics only and NAT/IUB Special Test/ NAT Test
BS. Biochemistry	FSc Pre-Medical, Fsc Pre-Engineering , A-Level with Chemistry (40%)+ MCAT/ IUB Special Test/ NAT Test
BS. Biotechnology	FSc Pre-Medical, Pre-Engineering / A-Level with Chemistry (40%) + MCAT / IUB Special Test / NAT Test
BS. Bioinformatics	FSc Pre-Medical, Pre-Engineering / A-Level with Chemistry (40%) + MCAT / IUB Special Test / NAT Test
Faculty of Physical & Mathematical Sciences	
BS. Geography	FA/FSc or equivalent with minimum 40% Marks
BS Remote Sensing & GIS	FA/FSc or equivalent with minimum 40% Marks
BS Mathematics	F.Sc./ICS with Mathematics or equivalent (40%) + IUB Special Test/ NAT Test
BS Physics	FSc/ICS with physics with minimum 40% Marks
Faculty of Veterinary & Animal Sciences	
DVM (Doctor of Veterinary Medicine)	FSc (Pre-Medical) or equivalent (60%)+ NAT / IUB Special Test
BS Animal Sciences	FSc (Pre-Medical) or equivalent (45%)+ IUB Special Test /MCAT/NAT
Livestock Assistant Diploma (2-Years)	Criteria: Matric with Science as major (Biology or equivalent exam from recognized Board. (45%)

BS Applied Microbiology	FSc (Pre-Medical) or equivalent (45%) + IUB Special/MCAT Test

ADMISSION REGULATIONS 2024

These Regulations shall be called “the Islamia University of Bahawalpur Regulations for admission in Bachelor and Master Classes 1995, (Revised 2022)”.

1. DEFINITIONS:

- a. In these Regulations, unless the context otherwise requires, the following expressions shall have the meanings hereby respectively assigned to them:
 - i. “Admission Committee” means the University Admission Committee constituted by the Vice Chancellor.
 - ii. “Equivalent Examination” means an examination recognized by the University as equivalent to Master, Bachelor or Intermediate.
 - iii. “Fresh Candidate” means a person who has passed FA/FSc or equivalent & BA/BSc/ADP or equivalent examination in the Second Annual/Semester Examination of the preceding year or First Annual/Semester Examination of the current year.
 - iv. “In Service Candidate” means a person who is in the service of government, semi government or autonomous body created by an Act of legislature.
 - v. “Bachelor/ADP/BS and MA/MSc classes” means classes after 12 and 14 years of education, respectively.
 - vi. “University” means the Islamia University of Bahawalpur.
 - vii. “Group A” means classes starting from 08:00 am onwards or as per schedule announced by the department concerned.
 - viii. “Group B” includes classes starting from 03:00 pm or as per schedule announced by the department concerned.
 - ix. “Group A and Group B” mean classes as per schedule announced by the department concerned. The distinction between group A and group B will be done by the department concerned as per merit/program/schedule and number of students in the department.
 - x. “Reserve seats” means the quota seats with pre-defined criterion, these shall be for the Group A only, except seats reserved for University teachers and employees which are also reserved for those programs which are offered only in Group B.
- b. Notwithstanding anything contained in any other regulations of the University, the admission in the

Bachelor/ADP/BS/MA./MSc of the University teaching departments/constituent and affiliated colleges shall be made in accordance with these regulations.

- i. Any admission made in contravention of these regulations shall be void.
- ii. Admission shall be made on the basis of merit in accordance with the criteria laid down by the department and on the basis of academic record and NAT/Departmental Test, where applicable.

Note: The departments where NAT is mandatory, 40% marks are compulsory to make a candidate eligible for admission. However, the weightage of NAT will be included in the merit as per requirement of the department/program concerned. 40% marks obtained in Medical College Admission Test (MCAT) or Engineering College Admission Test (ECAT) will be considered as equivalent to 40% of NAT/Departmental test, where applicable as per approved admission criteria of that specific program.

iii. 50% of the general merit seats in each department will be filled from the candidates domiciled in Bahawalpur Division. A candidate desiring admission against these seats shall have to provide his/her domicile certificate of Bahawalpur Division or his/her B-form certificate along with father’s/mother’s domicile of Bahawalpur Division. If a candidate qualifies on open merit as well as on Bahawalpur quota, he/she will be considered first on open merit seat. **However, this seat distribution is not applicable to admissions in the affiliated colleges.**

iv. **Principal of the constituent/affiliated colleges and Registrar office of the University shall ensure implementation of these regulations and admission criteria, as set by respective Boards of Studies, in letter and spirit.**

2. RESERVED SEATS:

Notwithstanding anything applicant for reserve seats will have to meet the minimum eligibility criteria for that specific program.

- a. Two seats in each program offered are added for each category (i) & (ii) mentioned below. Admission on these seats shall be made on the basis of inter-se merit and unfilled seats

will remain vacant.

- i. Children/self/spouse/real brothers & sisters of the Islamia University teachers (In the same order of preference).
- ii. Children/self/spouse/real brothers & sisters of the Islamia University employees (In the same order of preference).

Following order of preference will be observed:

- 1) Teachers/Employees (serving or retired) having regular service in the University not less than five years.
 - 2) Teachers/Employees (regular/contract) having less than five years service.
- b. Two seats are reserved in each teaching department for children of Martyrs of the Defense forces & Army personnel (in the absence of applicants for this category, children of the serving or retired personnel of the Armed Forces) to be nominated by GHQ Adjutant Branch.
 - c. One seat in each department is reserved for the candidate having domicile of Baluchistan.
 - d. Two (02) seats are reserved in each teaching department for students from Azad Jammu & Kashmir (AJ&K).
 - e. For EX-FATA students, four (04) seats per year are reserved in each department and constituent colleges offering bachelor degree programs Group A except faculties governed by the professional councils (Faculty of Engineering and Technology, Faculty of Medicine and Allied Health Sciences, Faculty of Agriculture and Environment, Faculty of Law and Faculty of Veterinary and Animal Sciences) where two (02) seats are reserved in each department offering Bachelor degree programs (Group A).
 - i. These reserved seats for Ex-FATA students are equally divided between Male and Female students.
 - ii. The seats reserved for male and female candidates are further equally divided in Spring and Fall Session(s) each year.
 - iii. The seats reserved are further divided in Bahawalpur (50%), Bahawalnagar (25%) and Rahim Yar Khan (25%) campuses of the IUB based on the availability of programs at respective departments. The department and program-wise division of seats for campuses will be decided and advertised by the Admission Committee for every session. Moreover, district-wise/gender-wise allocation ratio as per directions of Governor's Secretariat Punjab, letter No.GS(Univ-I)1-38/2019-

980, dated 16.10.2020, will be observed.

- f. 2% of the total number of seats (maximum two seats) in each department is reserved for special persons having certificate of disability issued from District Social Welfare Board.
- g. Two seats are reserved for employees of Government and Semi Government Departments/Organizations in Master programs of Department of Physics, Chemistry, Statistics and Geography. Admission shall be made on inter-se merit.
- h. Four seats are reserved in the department of Physical Education and Sports Sciences for in service School Teachers/Employees of Government and Semi Government Departments/Organizations who have sufficient sports background.
- i. Maximum 2% are reserved per program for admission on sports basis in all teaching departments. Admission shall be granted on merit to be determined by the Committee constituted by the Vice Chancellor.
- j. Three seats are reserved in the Department of Pharmacy* for personnel of Pharmaceutical industries.
- k. Three seats are reserved in the Department of Pharmacy for the son/daughter of Pharmacists*.

** The candidates admitted on merit seats at j & k will have to donate Research Equipment(s) of the value to be determined by the department and approved by the competent authority.*
- l. For foreign candidates/Children of Pakistani's settled abroad. The Admission Committee, subject to the procedure laid down by the HEC/Government Agencies, shall determine the eligibility and number of seats for such applicants.
- m. One seat is reserved for Afghanistan Nationals in each of the following Group-A programs to be nominated by HEC under scheme, "Award of 2000 scholarships for Afghan nationals" : MSc Economics, Applied Psychology, Physical Education & Sports Sciences, Chemistry, Geography, Mathematics, Physics, Statistics, International Relations, Media Studies, Political Science, Education, Social Work, Arabic, History, Pakistan Studies, Islamic Studies; Masters in Library & Information Science, LLB, MBA (if offered), Pharm-D, BEMS, BHMS, BSc Electrical Engineering & DVM.
- n. Five seats are reserved in Group A and Group B each for

lawyers' sons and daughters in the department of Law.

- o. One Seat in each program is reserved for the candidate of Cholistan in the University College of Engineering & Technology (UCE&T) subject to fulfillment of all general requirements of UCE&T along with provision of Permanent Residence Certificate (PRC), duly verified from department of Revenue and father's National ID card.
- p. One seat in each department is reserved for the candidates having domicile of Gilgit-Baltistan.
- q. (i) Reserving overall 2% seats for religious minorities on the basis of total number of seats prescribed during the particular academic session and (ii) separate merit list for minority candidates under the Punjab Minorities Empowerment Package.

3. Admission Procedure

A Candidate/an Applicant seeking admission in Bachelor & Master classes shall apply online as per prescribed procedure:

- Step 1: Candidates shall register himself/herself on the university Website www.iub.edu.pk by filling the registration form.
- Step 2: After completing registration he/she will be able to fill Admission application form. While submitting the admission form, the applicants are advised to be careful and provide the correct/genuine information. (Submission of false statement may lead to cancellation of candidature/admission and also to legal/criminal action).
- Step 3: After submission of valid application form, the system will generate a challan form, to be printed by the candidate.
- Step 4: The applicant shall deposit prescribed admission processing fee on auto generated challan in any nearest branch of HBL/HBLAPP/Jazz Cash/HBL Konect or any other authorized bank.
- Step 5: If applicant wants to apply in another program/department, he/she will go back to step 2. For every application form candidate will get a new challan and he/she will have to deposit separate application processing fee.
- Step 6: If an applicant needs to update his/her information, he/she will login using candidate registration information and password.
- Step 7: The Candidate will be able to check the status of his/her application online.

Step 8: If the candidate's name appears in a merit list, he/she will present himself/herself in person, with in due time, along with original documents to the Admission Committee and follow the instructions of the committee.

4. AGE LIMITS:

- a. Maximum age limit for admission in all Bachelor and Master classes is 23 and 28 years, respectively, on the last day fixed for the receipt of applications. Provided that:-
 - i. For a candidate seeking admission in B.Ed. on the basis of MA/ MSc/ADP, the age limit shall be 30 year (the age limit shall not apply to the spouse of teachers and other employees of this University) and in-service candidates applying for admission to seats reserved for them.
 - ii. Maximum age limit for admission in MBA/BBA (Group-B) will be 40 year.
 - iii. Maximum age limit for admission in all Bachelor programs except BHMS/BEMS on the basis of BSc/ADP will be 25 year.
 - iv. Maximum age limit for admission in BHMS and BEMS on the basis of FSc and BSc/ADP will be 24 and 28 year, respectively.
 - v. Maximum age limit for admission in M Com is 30 year.
- b. However, age limit shall not be applicable to the candidates seeking admission in the Group-B programs except those mentioned at 4-a, with the provision that Dean of the Faculty concerned can relax the age limit in consultation with the Chairman/Principal of the concerned Department/constituent college. Request for age relaxation shall be made by the overage candidate at the time of admission through online along with admission form. However, the Registrar can relax the age limit of the candidate's seeking admission in affiliated colleges on the recommendation of the Additional Registrar (Affiliation) considering the request of Principal of the affiliated college concerned.
- c. **These age limits and rules for age relaxation shall also apply on candidates seeking admission in affiliated colleges. However, such overage candidates will have to get age relaxation as described in 4-b above before admission. No age relaxation will be granted after admission.**

5. PREFERENCES AND RESTRICTIONS:

- a. A student who was rusticated/expelled or whose entry in any college/University campus was banned for any reason whatsoever at any time during his/her academic career shall not be admitted to any class, provided that the Syndicate may allow admission of such candidates on the recommendations of the Admission Committee.
- b. Subject to provisions of these Regulations, preference in case of admission shall be given to fresh graduates.
- c. Neither a candidate shall be admitted in more than one teaching department(s) including diploma classes of this University nor shall a student who is on the roll of any college/department of any other University be admitted to Bachelor/Master class of this University except if otherwise allowed as per policy notified by Higher Education Commission of Pakistan.
- d. (i) A candidate who has already pursued or passed a course of studies for Master's Degree, LLB or any postgraduate diploma/degree course in the University or any other University/College shall not be admitted to previous year/first semester of postgraduate classes in this University. This shall not be effective to the candidates applying for admission to LLB Group B and PGD or any other Group-B diploma or certificate/course and B.Ed. class. This shall also not apply to the candidates possessing postgraduate degree in Education (B.Ed. MEd, MA, MA Education, or equivalent Master's Degree in Education) applying for admission to MA/MSc classes of this University. However, a candidate who has obtained first degree previously from this University or any other recognized university/institution may be considered for admission to second degree in Group B, if otherwise eligible for admission.
(ii) The student whose name was dropped or struck off from any University/College/Institution due to misconduct or creating law and order situation etc. shall not be admitted in any teaching department of this University.
- e. A candidate who has to appear or has appeared in any MA/MSc/ADP, undergraduate/postgraduate or diploma/degree examination of this University or any other university and the result thereof is awaited on the last date fixed for submission of application for admission, shall also not be eligible for admission to any program of this University.
- f. (i) At any stage the University reserves the right to cancel the admission of a student who has obtained his/her admission by making any mis-statement or concealing a material fact, as well as whose admission is found to be in violation of these admission regulations. The Dean of Faculty/Director Campus and in the absence of the Dean, the Chairman/Principal/HOD/ concerned is authorized to cancel the admission of such student(s).
(ii) The student may within seven days of the cancellation order under clause 5-f(i) above appeal to the Vice-Chancellor after depositing Rs.5000/-. The decision of the Vice Chancellor shall be final.
(iii) The University reserves the right to rectify any error/omission in the admission lists, etc. without incurring any liability. The Dean of the Faculty concerned shall be authorized to take such corrective action.

6. DETERMINATION OF MERIT:

- a. The merit of any applicant, who has passed an examination other than BA/BSc/ADP, FA/FSc, shall be determined by making a proportionate conversion of his/her marks obtained in such examination to the total marks of BA/BSc/ADP level examination of this University or FA/FSc level Examination of BISE, Bahawalpur as the case may be.
- b. Deleted
- c. (i) Only those candidates who have passed the Bachelor's Degree from this University or equivalent examination of a recognized University at least in 2nd division or otherwise mentioned, shall be eligible for admission to the postgraduate classes. Condition of at least second division or otherwise mentioned by the department, shall also be applicable to the candidate seeking admission to the undergraduate classes on the basis of Intermediate or equivalent examination.
(ii) Deleted
- d. 20 marks for Hafiz-e-Quran each will be added in the marks obtained in last qualifying examination.
- e. In case of tie among the applicants, merit shall be determined firstly after adding the total marks obtained in the Intermediate examination and secondly, if the tie still persists, by adding total marks obtained in the Matriculation

examination to the total marks obtained in BA/BSc/ADP or equivalent examination.

- f. The admission committee can however revise the merit calculation formula or admission criteria for any session in coordination with Directorate of Academics. The revised admission criteria and program-wise number of seats for each session shall however be endorsed by the Vice Chancellor.

7. MERIT LIST PREPARATION & DISPLAY:

- a. Merit lists of candidates for admission shall be prepared by the University Admission Cell and displayed on the University website as per schedule announced every year.
- b. Candidates whose names appeared in the earlier merit lists but were unable to deposit their dues within time may apply for inclusion in the subsequent lists if seats are available. Such applications will be submitted to the admission committee at least one day before the display of the next list. This facility will however be available only once for a candidate.
- c. The applicants selected for admission shall present themselves with original documents before the Admission Committee for verification of their documents.
- d. For each program there shall be Admission Committee that will consist of the following members:-

i. For Main Campus

- 1) Chairperson/Head of the Department.
- 2) One teacher designated by the Chairperson/HOD as Incharge of Admission Committee for the said program.
- 3) One teacher nominated by the HOD/Chairperson as Secretary Admission Committee of the said program.
- 4) An Assistant/Clerk deputed for admission process.

ii. For Sub Campus

- 1) Director of Sub campus.
- 2) Chairperson/Head of the Department
- 3) One teacher designated by the Chairperson/HOD as Secretary Admission Committee.
- 4) An Assistant/Clerk deputed for admission process.

iii. For Constituent Colleges

- 1) Principal
- 2) Chairperson/Head of the Department

- 3) One teacher designated by the Chairperson /HOD as Secretary Admission Committee.
- 4) An Assistant/Clerk deputed for admission process.

iv. For Teaching Institutes

- 1) Director
 - 2) Chairperson/Head of the Department
 - 3) One teacher designated by the Chairperson /HOD as Secretary Admission Committee.
 - 4) An Assistant/Clerk deputed for admission process.
- e. After documental verification of the applicant's data the Admission Committee will generate and issue an electronic challan to the candidate for depositing dues in the nearest branch of HBL/HBLAPP/Jazz Cash/HBL Konect or any other authorized bank. It is responsibility of the applicant to complete these formalities and deposit dues within due date.
- f. A consolidated list of all admitted students shall have to be forwarded to CMS for record and for onward transmission to the Dean, Registrar, Treasurer, Director Students Affairs etc. within 15 days after the closing of admission.

8. CANCELLATION AND RE-ADMISSION OF THE EXISTING STUDENTS:

- a. Students of annual system or semester system having less than 80% attendance in any course shall not be allowed to appear in the examination of the concerned course. They will be required to have at least 80% attendance of the total lectures delivered to the class in all papers taken together (both theory and practical).
- b. (i) If a student, under annual system, fails to attend at least 50% of lectures in theory or practical/seminars in each paper during a calendar month, except for valid reasons to be determined by the Chairman of the Department concerned will be struck off the rolls of the University. The Dean of Faculty/Director Campus concerned may re-admit such a student if he/she applies within seven working days after the date his/her name was struck off the rolls and the Chairman of the Department is satisfied that his/her absence from the class was for reasons beyond his/her control and if he/she undertakes to be regular in future.
- (ii) The Vice-Chancellor or the officer nominated by the Vice Chancellor, on the recommendations of the Chairman and the Dean/Director Campus concerned may re- admit a student

whose admission has been cancelled due to prolonged absence with reference to Regulation 8-b 'i' and who has applied for readmission within 40 days of the cancellation of his/her admission and the Chairman of the Department is satisfied that his/her absence from the class was for reasons beyond his/her control and if he/she undertakes to be regular in future.

NOTE:

- i. In case of cancellation of admission of any student, the fees/dues deposited by him/her shall not be refunded in any circumstances.
- ii. The students who are allowed re-admission will have to pay re-admission fee of Rs. 5,000/- and Rs. 10,000/-, if he/she has applied within 7 days and 40 days, respectively. Such students may be given only one more chance of re-admission to the class on payment of prescribed fee, during the stipulated duration of his/her study program.

9. PAYMENT OF DUES:

- a. All University dues including hostel charges must be paid on or before the dates notified for the purpose. Any delay in payment of dues may render the names of defaulters liable to be struck off.
- b. Already enrolled students should deposit all fee/dues including hostel dues on or before the date notified by the Treasurer/Concerned Department.
- c. If a student fails to deposit fee and dues by the given date, he/she will be charged a fine of Rs. 100/day of delayed period, if paid within a period of 30 days delay. A student who does not deposit his/her dues after the period of 30 days of the last date fixed, his/her admission shall be cancelled. He/she may be reinstated by competent authority on the recommendation of Chairman/HOD and deposit of additional fine Rs. 10,000/-.
- d. The dues paid for admission shall neither be refundable nor transferable in any circumstances except in case a candidate after his/her admission against any merit list or vacant merit/reserved seat of Group A or Group B deposits University fees & dues in more than one departments/class, he/she may apply for refund of fees & dues deposited for other department/class except that one of his/her choice. Provided

that such applications should reach the Treasurer's Office through Director campus/Head of teaching department/Principal University College concerned, within fourteen days of the date fixed for displaying of the final merit list or date of admission against any vacant merit/reserved seat of Group A or Group B class (as the case may be). After the said period no such application shall be entertained.

- e. The students needing hostel accommodation must deposit fees & dues for one year along with the University Fee & Dues at the time of admission in the University. In case, the University cannot provide hostel accommodation for any reason, the hostel fees and dues will be refunded.
- f. Hostel facility is available on merit for the Group A students. Students admitted in the Group B are not entitled for hostel accommodation. However, female students of Group-B programs may be considered for hostel accommodation (If seats are available).

10. MISCELLANEOUS:

- a. All difficulties and hardships connected with or pertaining to admission shall be resolved by the Admission Committee whose decision shall be final. The Admission Committee shall have powers to issue directions to the department(s) concerned, as it may deem fit and proper, regarding the implementation and interpretation of these regulations.
- b. A student once admitted in Group B shall not be shifted to Group A after the completion of admission process.
- c. These regulations shall supersede all the previous regulations for admission.
- d. In case of contradiction between provisions of general admission rules with the semester rules, the latter will prevail.

For Pharm.D., BEMS & BHMS Students only

- g. A student who fails to qualify all the papers in a class in three consecutive chances availed or un-availed, shall not be allowed to remain on the rolls of the department.
- h. A student who passed all the subjects of the lower class after 3rd Chance in annual examination can sit in the higher-class examination in the 2nd Annual examination, if otherwise eligible.
- i. There is no room for carry on system in annual system.
- j. There will be four chances in qualifying first year examination of Pharm-D. However, in second and onward examinations after availing 4th chance, the candidate should not be dropped out from the university and must appear in all the subjects as practiced in other pharmacy departments of public sector universities.
- k. A candidate with an attendance of less than 80% of the total number of lectures delivered to his/her class in all papers taken together (aggregate) and 80% of the practical in all papers taken together (aggregate) shall not be allowed to take Previous or Final examination as the case may be provided that the Dean, may, on recommendation of the Chairman of the Department concerned, condone, for valid reasons, (illness/death in family, representing the university in sports, debates) deficiency up to 5% of the total number of lectures and practicals (separately) delivered to his- class. Besides, the Vice Chancellor may on special grounds condone up to another 5% of the total number of lectures and practicals taken separately.

Any other misconduct or malpractice	Fine of Rs. 1000/- and/or Cancellation of paper or both

6) APPEAL COMMITTEE

There will be an Appeal Committee of each department consisting of the following members:

a) For Departments of Main Campuses Bahawalpur

- i) Dean of the concerned faculty
- ii) Chairperson/Head of the Department

- iii) Senior teacher of the same department preferably from concerned field to be co-opted by the Dean of the concerned faculty.
- iv) Controller of examinations.
- v) Concerned Incharge of examination of the department as secretary.

b) For Sub-Campuses of IUB

- i) Director Campus
- ii) Chairperson/Head of the Department
- iii) Senior teacher of the same department preferably from concerned field to be co-opted by the Dean of the concerned faculty.
- iv) Controller of Examinations.
- v) Concerned Incharge of examination of the department as secretary.

c) For Constituent Colleges of IUB

- i) Dean of the concerned faculty
- ii) Principal
- iii) Senior teacher of the same department preferably from concerned field to be co-opted by the Dean of the concerned faculty.
- iv) Controller of Examinations.
- v) Concerned Incharge of the examination of the department as secretary.

6.1 Function of Appeal Committee

A student who feels not satisfied with the assessment of his/her assignments, test, quizzes, presentations, seminars, mid-term and final term papers may file an appeal to the Appeal Committee. The student must apply to the Head of the Department within five working days from the date of declaration of the result by paying a prescribed fee of Rs. 500/- per appeal. The Head of the institute / Department shall forward the matter to the appeal committee and it will be binding on the committee for hearing both sides (student and the instructor), and will give a final decision within 10 days. If the complaints are found false, the result of the course under question will be cancelled. The function of this committee will be to resolve any dispute related to the assessment and examination. The Quorum for the meeting will be 100%. In absence of a member the Vice chancellor will appoint another member. The decision of the Committee will be final.

Note: Where the appeal is against a teacher who is a member of the Appeal Committee, the next senior teacher will be co-opted.

7 ANSWER BOOKS & CONTINUATION SHEETS

If required, the Controller of Examinations will provide answer books/continuation sheets to all the departments on demand as per prescribed form. The department concerned will keep the used answer sheets for one year after completion of the concerned session and declaration of its final term result. The record of blank answer/continuation sheets will be maintained as to be prescribed by Controller of Examinations.

8 COURSE FILES

Maintenance of the course file is compulsory for the teacher. It should have a complete record of activities that happened during the semester for one year after completion of the concerned session and declaration of its final term result.

The course file will contain the following record:

- Description of Course
- Course coding (as per HEC guideline)
- Weekly teaching schedule
- Copy of the material/outline/presentation distributed
- Topic & Evaluation record of assignments
- Copy of the quiz/test
- Copy of mid/final semester question papers (**with key where applicable**)
- Course Award list

9 ATTENDANCE REQUIREMENTS FOR EXAMINATION

- a) 80% attendance will be required in each course/component (seminars, presentations, internship etc.) to qualify for appearing in the final exam of each semester in the respective courses.
- b) Inability to appear in the examination of a course due to shortage of attendance shall be treated as failure in that course. Such a failure on record of a student will have all the implications of deficiency for the purpose of determining “Good Standing” of a student.
- c) Students having class attendance less than 80% in a particular course will be required to repeat the course when it is offered again.
- d) In case a student due to some unavoidable circumstances (Performing Umrah, sports, accident or such other genuine reasons) having less than 80% attendance but more than 70% in a course/s and having made up the deficiency in the form of attending extra classes arranged by the concerned teacher may be allowed to sit in the examination.
- e) No student shall be eligible to appear in any examination unless he/she is enrolled in the department and has paid all the necessary dues.

10 PERFORMANCE EVALUATION

Students shall be evaluated through a system of continuous evaluation spread over the entire period. The details are presented below:

10.1 For Theoretical Component

There will be following stages/components of evaluation of each course during each semester. However, if the nature of course so demands, this proportion of marks for objective type and essay type questions may be changed with the approval of the concerned Head of Department/Chairman.

Classroom participation/general behavior/group work	05%	Sessional Marks
Quiz/Surprise test	05%	
Assignments.	05%	
Presentation/Seminar	05%	
Mid-term Exam	30%	
Final term-Exam	50%	

10.1.1 Criteria

Classroom participation / General behavior / Group Work: A total of 5 marks are allocated to students' classroom participation, general behavior and performance in group work.

- Quiz:** Surprise written quiz/test/s will be taken to evaluate the student's learning. These may range from 2-5 all having 5 questions and each question will carry 1 mark. Marks obtained however will carry a weightage of 5% in the total marks.
- Assignment:** One assignment (minimum) will be given to the students in each course. The teachers may give more than one assignment where necessary. However, the total marks will remain the same i.e., 5% of the total marks. The assignments will be assessed on the basis of information and references included, logical reasoning and organization of material.
- Presentation:** The students will individually or in groups give comprehensive presentation of their assignment. Each presentation should not be longer than 10-20 minutes. These presentations will contribute a maximum of 5% towards the total marks.
- Mid-Term Examination (30%):** The Examination will be conducted after 7/8 weeks of teaching. There will be different types of questions. The type and number of questions included in the exam, the division of marks and the time allocated for each component is given below:

Types of Questions	No. of Questions	Marks	Time Allocated
Objective Type Questions	10 (1 mark each)	10	15min
Short Answer Questions	5	10	25min

Essay type Question	1	10	35min
Total	-	30	1hour 15minutes

f. Final-term exam (50%)

The final-Term examination will be conducted after 14/16 weeks of teaching:

Types of Questions	No. of Question	Marks	Time Allocated
Objective Type Questions	20 (1mark each)	20	30 min
Short Answer Questions	7	14	35 min
Essay type Questions	2-3	16	55 min
Total	-	50	2 hours

10.2 Practical / Lab Courses

a) Sessional Evaluation: (20%)

Lab. Participation / Group work / Behavior	5%
Quiz / short Answer Questions / Definitions	5%
In time submission of practical reports	5%
Presentation / Seminars	5%

b) Mid-Term Examination: (30%)

Type of Questions	Marks	Time
Problem Solving to evaluate understating of the principles as well as critical evaluation of the practical data	10%	1-2 hours
Practical performance up to the mid-term (based on portfolio/practical evaluation which may be made on continuous assessment during course practical	20%	

c) Final-Term Examination: (50%)

Type of Questions	Marks	Time
Problem Solving to evaluate understating of the principles as well as critical evaluation of the practical data	15%	2-3 hours
Practical performance up to the mid-term (based on portfolio/practical evaluation which may be made on continuous assessment during course practical	20%	
Final presentation/Practical	10%	
Viva Voce	5%	

11 INVIGILATORS FOR ONE CLASS

There will be two invigilators (one teacher and one assistant/clerk) for 30 students. For every additional 30 students or part thereof, one more teacher and clerk will be appointed.

12 DURATION OF THE SEMESTER

The total duration of a semester will be 16-18 weeks. Sixteen weeks will be for teaching while 2 weeks will be for the mid-term and final term examinations. Normally there will be one exam per day. In case the number of courses demands more days for examination the department may set the date sheet for more than a week. The final term exam will be based on the entire syllabi of the semester. However, 20% to 30% weightage will be given to the syllabi taught before mid-term.

13 STANDARD DURATION OF CREDIT HOUR

Theory:	1 Credit hour	1 contact hour each week in a semester
Practical:	1 Credit hour	2-3 contact hours each week in a semester

Note: The credit hours are denoted by two digits within brackets with hyphen in between. The first digit represents the theory part while the second (right side) digit represents the practical. Thus 3 (3-0) means three credit hours of theory, while 4 (3-1) means a total of four credit hours of which three are of theory while one credit hour is for laboratory. The weekly contact hours of a 3(3-0) course will be three-hour class work while the contact hours of a 4(3-1) course will be a 3 hours per week class work and 2-3 hours of lab work per week. Similarly, the contact hours for a 3(2-1) course will be 2 hours per week class work and 2-3 hours lab work per week. A 3(0-3) course will be an all practical course requiring 6-9 contact hours lab work per week.

14 GRADING

- i) Students will be rated according to the 4-letter grade system i.e. A, B, C and D, with six performance levels of A+, A, B+, B, C and D for Bachelor & Master Degree. Grade "F" will be the failing grade. Equivalence between letter grades, grade points along with percentages shall be as follows:

GRADING CRITERIA/READY RECKNOR TABLE

Numeric Equivalence	Grade Point	Letter Grade	Remarks
100	4.0	A+	Excellent
99	4.0	A+	Excellent
98	4.0	A+	Excellent
97	4.0	A+	Excellent
96	4.0	A+	Excellent
95	4.0	A+	Excellent
94	4.0	A+	Excellent

Numeric Equivalence	Grade Point	Letter Grade	Remarks
74	3.3	B	Good
73	3.2	B	Good
72	3.1	B	Good
71	3.1	B	Good
70	3.0	B	Good
69	2.9	C	Satisfactory
68	2.8	C	Satisfactory

93	4.0	A	Very Good
92	4.0	A	Very Good
91	4.0	A	Very Good
90	4.0	A	Very Good
89	4.0	A	Very Good
88	4.0	A	Very Good
87	4.0	A	Very Good
86	4.0	A	Very Good
85	4.0	A	Very Good
84	3.9	B+	Good
83	3.9	B+	Good
82	3.8	B+	Good
81	3.7	B+	Good
80	3.7	B+	Good
79	3.6	B	Good
78	3.5	B	Good
77	3.5	B	Good
76	3.4	B	Good
75	3.3	B	Good

67	2.7	C	Satisfactory
66	2.6	C	Satisfactory
65	2.5	C	Satisfactory
64	2.4	C	Satisfactory
63	2.3	C	Satisfactory
62	2.2	C	Satisfactory
61	2.1	C	Satisfactory
60	2.0	C	Satisfactory
59	1.9	D	Poor
58	1.8	D	Poor
57	1.7	D	Poor
56	1.6	D	Poor
55	1.5	D	Poor
54	1.4	D	Poor
53	1.3	D	Poor
52	1.2	D	Poor
51	1.1	D	Poor
50	1.0	D	Poor
49 or below	0.0	F	Fail

- ii) Fraction marks obtained in a course is to be rounded up to the next whole figure such as 64.10 to 65.00.
- iii) CGPA/SGPA of a student will be calculated as below:

Course	Credit Hours	Marks Obtained (%)	Grade	GP	Quality Point
	<u>C</u>			<u>G</u>	<u>C x G</u>
<u>I</u>	<u>2</u>	<u>95</u>	<u>A⁺</u>	<u>4.00</u>	<u>08.00</u>
<u>II</u>	<u>3</u>	<u>80</u>	<u>B+</u>	<u>3.70</u>	<u>11.10</u>
<u>III</u>	<u>3</u>	<u>81</u>	<u>B+</u>	<u>3.70</u>	<u>11.10</u>
<u>IV</u>	<u>3</u>	<u>70</u>	<u>B</u>	<u>3.00</u>	<u>09.00</u>

<u>V</u>	<u>2</u>	<u>67</u>	<u>C</u>	<u>2.70</u>	<u>05.40</u>
Total	13				44.60

SGPA = Sum of QP / Sum of Credit Hours

SGPA = 44.60/13 = 3.43

CGPA = Sum of 'n' Quality Points / Sum of Credit Hours of 'n' semesters

15 GOOD STANDING / PROBATION

- I. In order to remain on the roll of the Department a student has to continuously maintain "Good Standing" namely a satisfactory standard of attendance, academic performance i.e. minimum CGPA of 2.00 as well as good conduct and discipline. A student failing to meet any of the above-mentioned conditions will not be eligible for the award of the degree. However, at the end of first semester a student having a satisfactory standard of attendance, conduct and discipline, with a minimum SGPA of 1.70 will be eligible for promotion to the second semester.
- II. A student who secures less than 2.00 CGPA in second or subsequent semesters will be dropped out from the role of the department.
- III. The minimum CGPA for award of the undergraduate degree will be 2.00 with no "F" grade and for postgraduate degree will be 3.00 with no "F" grade
- IV. A student may clear his/her failed course(s) or improve courses in which obtained "D, C or B" grade by repeating the said courses with subsequent session or in summer semester to be offered by the department. Entry/examination fee per course will be applicable.
- V. In case of drop because of poor academic performance, the student of The Islamia University of Bahawalpur may have one-time re-admission facility in first semester of the next Academic session in the same or a different program of same department.

15.1 RETENTION

A student who secured **less than 1.7 SGPA in 1st Semester or less than 2.00 CGPA in subsequent Semesters** and is to be dropped out may be given one-time chance of being retained in the same semester. The decision will be made by an advisory committee set up by the Chairman / HOD of the department concerned. The committee will consist of the Chairman/ HOD, Departmental In-charge Examination and a senior faculty member nominated by the Chairman / HOD. This option however, would be available only once during the whole duration of program.

15.2 INCOMPLETE GRADE

If a student has missed the mid/final term examination because of a genuine personal problem or serious illness he/she will be given incomplete grade (I) in the semester transcript. However, if such a student produces a medical certificate duly signed by MS of the respective area countersigned by the Senior Medical Officer of the university, the department will arrange a special mid/final term examination for such student(s) after determining genuineness of the problem. The genuineness of the personal problem will be determined by departmental examination committee whose decision will be final. The medical certificate and information of the personal problem must reach the department before the exam or not later than one week after the conduct of exam for the said course.

16 REPEATING OF COURSES

A student may repeat a course under obligation, if he/she has failed in the said course, or optionally, if he/she needs to improve his/her grades. To pass a failed course a student will have to repeat the said course when offered by the department in the subsequent session(s). Such a repeat course is an obligation to fulfill degree award requirements. To improve the grades, however, a student may optionally repeat a course(s).

The student(s) desiring to repeat a course(s) will request in writing to the HOD/Chairman concerned one week before commencement of the concerned semester. If allowed by the HOD/Chairman, the student will have to deposit a fee of Rs. 1500/- for each course. Where morning and evening programs of such subjects are being offered, the student of morning will repeat the said course with evening program and vice versa. A student repeating a failed course will be bound to attend the lectures whereas a student desiring to improve his/her grades may be exempted from attending the lectures but in both cases fees and dues of the said course will be payable by the student. The exemption from the rule will however be based on the genuineness of the case. Such cases after approval by Chairman/HOD and deposit of fee will be reported by the departmental Incharge examination to the concerned teacher(s). Student will have to be in regular contact with the course instructor and complete all assignments, term papers, reports and presentation. Following are the conditions for repeating a course:

- I. Whenever a student fails and gets an "F" grade he/she should repeat the course when it is offered to pass the said course.
- II. A student who gets a "D", "C" or "B" grade in a course may repeat the course to improve his/her grades as per conditions mentioned above. However, a student who has already passed a course with a "**B+**", "**A**" or "**A+**" grade will not be allowed to repeat.
- III. A student can be allowed to **improve** a maximum of three courses (9 credit hours) during the total duration of his/her degree program to improve his/her grades at Masters level but no more than **one per Fall/Spring semester**.
- IV. A student can be allowed to **improve** a maximum of six courses (18 credit hours) during the total duration of his/her degree program to improve his/her grades at Bachelors level but no more **than one per Fall/Spring semester**.
- V. Only new/better course grade should be included in his/her transcripts.
- VI. **Undergraduate Programs**
 - a. A student can repeat/improve/take advance course(s) of maximum 9 credit hours in any regular/summer semester during regular studies.
 - b. He/she can repeat/improve/take advance course(s) of maximum of 12 credit hours in any regular/summer semester after regular studies.

Postgraduate Programs

 - a. a student can repeat/improve/take advance course(s) of maximum of 6 credit hours in any regular/summer semester during regular studies.
 - b. He/she can repeat/improve/take advance course(s) of maximum of 9 credit hours in any regular/summer semester after regular studies.

The decision of Chairman/HOD for approving rejecting of such applications will be final. The fee for repeating/improving/taking advance source(s) will be charged as per IUB rules. However, the fee for advance course(s) will be charged equal to the fee for repeating/improving the course(s) fee for taking course(s).

17 SUMMER SEMESTERS

Summer semester is to be conducted for the students who are required to pass/improve one or more course(s) to fulfill their degree requirements within stipulated duration of the degree program. This special semester is therefore meant to save time. The matter to conduct summer semester will be initiated by the students who have to qualify/improve a course(s). The students(s) will submit a written request to the Chairman/Head of department who will forward the same for approval to the Vice-Chancellor. Following are the summer semester regulations:

- I. A student opting for summer semester shall either pay Rs.5000/- per course in advance or complete these courses in corresponding semester in the subsequent academic session.
- II. The duration of the summer semester including mid & final term examinations would be 8 weeks. Normally classes of 1 and a half hours each will be held for 4 days a week. Remuneration to the teacher will be paid for summer course(s) only if the number of students exceeds 6.
- III. Summer semester will be conducted if there are a minimum of 6 students repeating course(s). For less than 6 students, this special semester may be opted by depositing fee for 6 students.
- IV. A student will be allowed to enroll for a maximum of 3 courses of a semester or lab work of not more than 12 credit hours.
- V. **In case there are less than 6 students, there an option of guided study will be available. Guided study shall be allowed only in the following circumstances:**
 - a) **A course has been dropped from the new scheme of study**
 - b) **No subsequent semester is available to the candidate whose maximum duration (6-years to BS program & 4 years for Masters) is being expired**
 - c) **75% of the fee deposited by the student(s) shall be paid to the course coordinator.**

18 COURSE ENROLLMENTS

Before commencement of semester, subject to availability of specialized faculty, departments will announce list of Optional and Elective courses for enrollment.

18.1 Change of Optional Course

No student shall change an optional/elective course except with the written approval/re-assignment by the Chairman/HoD of the Department. The time period for such a change shall be seven days from the commencement of the course.

Note: The department may swap the courses of different semesters according to the needs or the availability of teaching faculty.

19 SEMESTER BREAK/FREEZING

In case a student due to some unavoidable circumstances (prolonged illness, performing Haj or such other genuine reasons) is unable to continue his/her studies, he/she may apply for a semester break however such a student will pay a semester freezing fee of Rs. 1000/- per frozen semester in advance. This option, however, will be available only once during the course of his/her studies. The case will be put up to the Departmental Examination Committee for consideration. In case, the Committee recommends it, semester break will be allowed by the Dean concerned/Director Campus for a maximum period of one year. **However, the Vice-Chancellor, on recommendation of the Chairman/HOD and Dean of Faculty concerned may extend this time duration for two additional semesters only in extreme hardship cases, provided maximum duration does not exceed i.e., 6 years in BS program and 4 years in case of Masters program.** The student will join next available semester in the subsequent academic session. The Maximum time period, for completion of the program will remain the same as prescribed in these rules.

COURSE WITHDRAWAL

A student may withdraw from a course in case of five courses per semester or from two courses in case where seven courses are offered per semester. Option for withdrawal will only be available for credit courses. Withdrawal option after first semester will be available only if the earlier withdrawn course has been passed. Withdrawal option can be availed in consultation with and on the recommendation of a departmental advisory committee. The committee will consist of the HOD/Chairman, course Incharge, **Incharge Examination** and a senior faculty member nominated by the chairman/HOD. Withdrawn course will appear on transcript with letter grade 'W'. Credits hours of a withdrawn course will not be used for calculation of SGPA/CGPA.

THESIS/RESEARCH REPORT/INTERNSHIP REPORT

If students at Bachelor and Master Levels are required to embark upon research, they will prepare thesis/research/internship report under the guidance of a supervisor during final year. The supervisor will be a full-time faculty member and will be paid remuneration as per approved rates.

THESIS/PROJECT/INTERNSHIP EVALUATION

There will be a departmental Research Committee (DRC) comprising Chairman/HOD and two seniors most teachers of the department with one co-opted member of the concerned specialized area (if any). This committee will be approved by the Dean concerned on recommendations of the Chairman/HOD.

a) Functions of DRC

- i) Recommendation of research topics for each student/group.
 - ii) Recommendation of supervisors
 - iii) Recommendation of a **panel of three external examiners for appointment of one examiner by** the Vice Chancellor.
- b) Where theoretical component of research is included, a course instructor will be deputed for the purpose as is done in other courses.

- d) Four hard copies along with one soft copy in form of CD of the thesis or project report shall be submitted by the student(s) on a topic recommended by the Departmental Research Committee (DRC) within 3 months (extendable upto a maximum of one month by the Dean concerned) after the date of the last paper of final-term written examination.
- e) There will be three examiners, HOD/Chairman of the department, one internal who will be the supervisor and one external examiner (where applicable) for the evaluation of the thesis/report.
- f) The evaluation of thesis/report by the examiners will be done in the department concerned. The student shall present himself/herself personally before the examiners for the defense of his/her research work.
- g) The candidate who could not pass the thesis examination may revise the same in the light of the instructions given by the examiners.
- h) Student(s) failing to submit the thesis within stipulated duration may be allowed to re-submit thesis in the next session of the same program as to be scheduled by the department. Such student will pay additional fee of Rs. 2000/- for the evaluation of the thesis.
- i) Such student (s) as mentioned above in (h) will be awarded Grade "I" in thesis. The degree as successful candidate will be issued to the student only if he/she passes this course (thesis/report) and fulfills the CGPA criteria.

23 DECLARATION OF RESULT AND AWARD OF DEGREE

23.1 The teacher concerned is required to mark the mid/final term papers within 7 days from the last paper as per date sheet, show the scripts to the students and display the result on 8th/subsequent day of the class before submitting the result to the departmental in-charge examination. The schedule for showing scripts to the students will be displayed on notice board with the examination date sheet. The teacher will prepare three copies of the awards. He/she shall retain one copy with him/her, display one copy on the notice board and submit the remaining copy to the Incharge Examinations along with the marked answer sheets/Term Papers/Reports etc. The departmental Incharge examinations will compile the result, get it verified by the Controller of Examinations and display the final result within 12 working days of respective examination. The student may however apply for rechecking within 5 days of the declaration of the final result.

Note: If the result is not announced within the prescribed time 10% deduction in remuneration for each day of delay will be made from the claims of all those concerned.

23.2 The In-charge examination of the department will supervise comparison of marks inside the answer sheet with the marks posted on the answer sheet as well as in the prescribed award list. Based on the final award lists result of the relevant semester will then be compiled in prescribed manner.

23.3 The examination committee referred at section (5) will verify the result compiled by the department and finalize the same after necessary correction. Three copies of the result of each semester will be prepared, one each for the Controller of Examinations IUB, departmental record and display on notice board of the concerned department. The result of each semester duly signed by the examination committee will be notified by the Controller of Examinations IUB within 12 days from the date of the examination of the last paper (Except final semester result that will be notified by Controller Examinations within 15 days from the date of the final evaluation of theses/projects or completion of internship). Each department will provide soft copy of the result on a CD to the Controller Examinations for record and further necessary action.

- 4 At the end of each semester, every successful candidate will be issued semester result card while on successful completion of the prescribed course of studies and other requirements a comprehensive transcript will be issued by the department concerned. Bachelor/Master Degree will then be conferred upon the successful candidates as per rules and regulations of the University.
- 5 **There shall be a uniform format for DMC/Transcript in all departments of the university. Cumulative Overall Percentage Marks (COPM), SGPAs of each semester, CGPA and Total Marks shall be mentioned in DMCs/Transcripts.**

CRITERIA FOR POSITION HOLDERS

Three positions namely 1st, 2nd and 3rd shall be awarded (if applicable as per University rules and regulations). **The award of these positions shall be on the basis of CGPA.**

Semester positions will be determined on the basis of SGPA of the respective semester.

In order to qualify for the award of any of these positions a student is required to:

- i. Pass all the courses (both credit and non-credit) in the first attempt.
- ii. Complete all courses opted and never withdrawn any course or **repeated/improved/opted** any semester break due to any reason.
- iii. Appear in all mid and final examinations offered.

In case of a tie in CGPA, a person with higher COPM (Cumulative Overall Percentage Marks) shall be awarded position. In case of tie among CGPA as well as COPM, the same position will be awarded to the number of students securing the same CGPA and COPM.

Note: COPM will be calculated as under;

$$\text{COPM} = \frac{\text{Total marks obtained in all credit courses}}{\text{Total marks in all credit courses}} \times 100$$

GOLD/SILVER MEDAL

Gold/Silver medals, one each, will be awarded per program, per department, per campus.

NOTE: *In case of any difficulty or problem in interpretation, the matter will be referred to the "Semester System Committee" whose decision will be final.*

HOSTEL RULES & REGULATIONS

- At the time of admission in respective department, the student will sign consent whether the hostel is required or not. The application will be submitted in the respective department on the prescribed form available in the department.
- The challan forms for the years shall be issued by the respective hostel.
- The hostel dues shall be charged biannually in September and February each year.
- For the purpose of hostel fees & dues the hostel year is counted from 1st October to 30th September each year, provided, if a student has to stay after 30th September due to late commencement of the examination or submission of the thesis, he may be allowed by the Chairman, Hall Council on his/her written application with recommendations from the Chairperson of the respective department to continue his/her stay in the hostel till the end of last paper of his/her examination or last date prescribed/notified for submission of his/her thesis, on payment of lump sum hostel dues/fees @ Rs 1500/- per month OR as may be prescribed by the University from time to time, for this extra period. After that period no one shall be allowed to stay in the hostel under any circumstances.
- The maximum period of extension for Bachelors & Masters programs shall be one month and that of M.S/M.Phil programs will be 45 days.
- Any request for stay beyond this period shall be liable to payment of full semester dues.

Note:- Hostel Fees & Dues once deposited shall not be refunded. However, in case the University cannot provide hostel accommodation for any reason, the hostel fees/dues will be refundable.

- The Chief Warden upon the recommendation of respective Warden may expel a boarder at any time after the approval of the Chairman Hall Council, if he is not satisfied with the health, conduct or behavior; provided that he records his reasons for the action in writing. Provided further that the Vice-Chancellor may suo-moto or on the recommendation of Hall Council on the application of the aggrieved student revise or alter these orders.
- Entry of visitors into the girl's hostels is restricted. Each girl boarder at the time of allotment shall furnish a declaration in duplicate to the signed by her and countersigned by her parent or guardian containing the names and particular of her Male and Female relatives with their photographs who are likely to visit her in the hostel. This declaration shall remain in the office of Assistant Warden. Only such persons as are described in the said declaration shall be permitted by the Assistant Warden to visit the girl boarder concerned during the visiting hours in the visiting room. No visitor in any case can visit any girl boarder without obtaining the permission of the Assistant Warden and without satisfying her about his identity. Each such visit shall have to be recorded in a separate register called. "Visitor's Register" wherein visitor's name, address and the relation with the girl border together with the time and date of his visit shall be recorded. This entry shall be countersigned by the Assistant Warden. This register shall be maintained by the Assistant Warden.
- Female students are not allowed to keep gold ornaments, jewelry or any expensive item in the room. In case of loss or theft, the hostel administration shall not be responsible.
- Room must be kept clean and tidy in-sanitary conditions by the student himself/herself if any discrepancy is found; it must be reported to the Warden by the boarder concerned. The Assistant Warden, Warden, Chief Warden & Chairman Hall Council are authorized to fine any student over non-cleanliness of room.

- No guests or Visitors are allowed to stay in the Hostel at night. A boarder found guilty of keeping a guest or visitor during the night in his room shall be liable to a fine which may extend to Rs. 500/- for each occasion. The respective Warden shall be competent to eject such a guest or visitor when he/she discovers it. However, only real sisters & mothers can be allowed under special consideration & permission by the Chief Warden after approval of the Chairman Hall Council.
- Information regarding Hostel Rules and Regulations shall be available in Hostel Handbook given to the boarders. It shall also be shown on information boards displayed at each hostels entrance also displayed on Hostel Notice Boards.
